ALUMNI ASSOCIATION

The association's main objective is to create a strong network between the university and its alumni, encouraging them to take an active interest in the work and progress of AAPU by establishing regular engagement between alumni and students. The association also aims to enrich both current students and alumni through continuous interaction and knowledge sharing. AAPU is exploring innovative ways to strengthen connections and foster growth.

Vision:

- Fostering Alumni Connections Globally
- To honour, preserve and celebrate Presidency University, Bengaluru's traditions.

Mission Statement

- To promote and cultivate mutually beneficial, rewarding engagement between alumni and the University.
- To strengthen industry, research collaborations, and networking.
- To encourage and support innovative alumni entrepreneurship ideas through incubation and mentorship
- To instill and promote the sense of social commitment and environmental sustainability among the alumni community.
- To provide a platform for social interactions and special interest groups.
- To render assistance to students of the university through grants, scholarships and prizes and to provide assistance in academics, placement or any other area as appropriate.
- To provide financial and technical collaboration opportunities for alumni Researchers with faculty of Presidency University.

The Team:

Head ISR & Alumni – Vanitha R | Alumni Coordinator– Sumaanth M

The Alumni Association is managed by an Executive Committee which is an elected body from amongst the members of the Association. Table presents the Composition of the Executive Committee Member 2025-26.

Alumni Association of Presidency university Faculty Committee:

Sl.No	Faculty Name	Department
1	Sunitha B J	Computer Science and Engineering
2	Tanveer Ahmed	Computer Science and Engineering

3	Gnanakumar	Artificial Intelligence & Advanced Computing
4	Impa B H	Computer Science and Engineering
5	Riyah Sanjesh	Computer Science and Engineering
6	Seerat Ul Nisa	Computer Science and Engineering
7	Chintamreddy Meghana	Artificial Intelligence & Advanced Computing
8	Vineetha B	Computer Science and Engineering
9	Dr.Santhosh M B	Civil Engineering
10	Dr. Aravinda T	Mechanical Engineering
11	Dr	Petroleum Engineering
12	Bishakh Paul	Electrical and Electronics Engineering
13	Dr.Srilakshmi KH	Electronics & Communication Engineering
14	Dr.Akhila R Udupa	School Of Management
15	Dr. Annette Christinal	School of Commerce & Economics
16	Dr. Bhagya Nadig	School Of Design
17	Priyanka Mangaraj	School of Law
18	Dr. Padmavathi S	School of Media Studies

MAJOR EVENTS AND ACTIVITIES

DUBAI CHAPTER ALUMNI MEETUP – 2025

The Presidency University Alumni Association successfully organised the Dubai Chapter Alumni Meet in December 2025, bringing together alumni residing in the UAE for an evening of networking, reconnecting and celebrating their shared connection with their alma mater.

The gathering provided an opportunity for alumni from different batches and professional backgrounds to reconnect, share their career journeys and strengthen the global alumni network of Presidency University. The meetup fostered meaningful conversations, professional networking and the exchange of experiences across industries, reinforcing the University's growing international alumni community.

UK CHAPTER ALUMNI MEETUP – 2025

The Presidency University Alumni Association organised the UK Chapter Alumni Meetup, bringing together alumni based in the United Kingdom for a memorable gathering and an opportunity to reconnect with their alma mater.

The event provided a platform for alumni from different batches and professional backgrounds to share experiences, build professional connections and strengthen their bond with the University. The meetup highlighted the growing global presence of Presidency University graduates and encouraged continued engagement within the alumni network.

CHENNAI CHAPTER LAUNCH AND MEETUP – 2025

The Presidency University Alumni Association launched the Chennai Chapter, marking an important step towards strengthening the University's regional alumni network and creating a dedicated platform for alumni engagement.

The inaugural meetup brought together alumni from different batches and professional backgrounds, providing opportunities to reconnect, share experiences and strengthen professional relationships. The initiative reflected the growing alumni community across different cities and encouraged continued interaction and collaboration among graduates.

ALUMNI ENTREPRENEUR SESSION – “FROM CAMPUS TO COMPANY”

20 August 2025

The Alumni Association of Presidency University (AAPU) organised an Entrepreneur Session for students featuring alumnus Mr. Syed Yunus, Founder & CEO of Plentra Technologies Pvt. Ltd. The session focused on his entrepreneurial journey and the transition from campus to building a company.

The session included an interactive panel discussion and a Q&A moderated by Ms. Vanitha R., Manager – ISR & Alumni. Mr. Yunus also guided aspiring entrepreneurs to make use of Presidency LaunchPad for further support and mentoring. The interaction provided students with practical insights into entrepreneurship, innovation, leadership and scaling a venture.

SHAPING A SUCCESSFUL LEGAL CAREER: PRACTICAL GUIDANCE ON BUILDING STRATEGIES, CREDIBILITY, AND LONG-TERM GROWTH

23 September 2025

The Presidency School of Law organised an industry expert session for law students titled "Shaping A Successful Legal Career: Practical Guidance On Building Strategies, Credibility, And Long-Term Growth." The session featured alumna Ms. Aastha Vyas, Associate at Cyril Amarchand Mangaldas, Mumbai.

Ms. Vyas shared insights from her professional journey and highlighted the importance of internships, strategic career planning, ethical credibility and networking. She also encouraged students to actively participate in moots, publications and legal forums while developing initiative, leadership and adaptability for a changing legal landscape.

INDUSTRY EXPECTATIONS IN THE CLOUD AGE: MODERN TECH WITH AZURE DEVOPS AND BEYOND

29 October 2025

The Presidency School of Computer Science & Engineering organised an alumni tech talk titled "Industry Expectations in the Cloud Age: Modern Tech with Azure DevOps and Beyond." The session was led by alumnus Mr. Sidharth Menon, Senior Software Developer at Infosys, who shared insights into contemporary cloud-driven software development and industry expectations.

The session explored the growing significance of cloud platforms and DevOps tools such as Azure DevOps and Git, while highlighting the importance of collaboration, communication and adaptability in professional environments. The interaction concluded with career guidance on internships, certifications and project-based learning to improve employability.

ALUMNI TECH TALK – PETROTALK: CO_2 SEQUESTRATION AS A PATHWAY TO SUSTAINABLE ENERGY

30 January 2026

The Department of Petroleum Engineering organised an alumni interaction session titled "PETROTALK: CO_2 Sequestration as a Pathway to Sustainable Energy." The session was delivered by Mr. Mohammed Maase Saddapalli, an alumnus of the 2022 batch, who is currently working as a Research Assistant and pursuing his Master's at the University of Houston. The session provided students with insights into professional and research perspectives in the energy sector.

The talk focused on CO_2 sequestration, carbon capture and storage, reservoir selection, storage mechanisms and monitoring techniques, along with its relevance to sustainable energy and net-zero goals. A total of 54 students from all four years participated, gaining insights into research opportunities, higher education and career prospects in sustainable energy and petroleum engineering.

ALUMNI TECH TALK – FULL STACK FOR SCALABLE APPLICATION DEVELOPMENT WITH AI

13 February 2026

The School of Computer Science and Engineering conducted an Alumni Tech Talk on Full Stack for Scalable Application Development with AI, providing students with exposure to contemporary full-stack development practices and the growing role of Artificial Intelligence in scalable application development. The session was delivered by alumnus Mr. Rohit M, Full Stack Software Developer, who shared practical industry insights and professional experiences.

The session covered modern technology stacks, scalable application architecture and AI integration, while also highlighting the importance of practical learning, internships and strong project portfolios. The interaction encouraged students to explore emerging technologies and develop industry-relevant skills for careers in the technology sector.

FROM CAMPUS TO CORPORATE: ONE POWERFUL CONVERSATION

12 February 2026

The School of Management organised an Alumni Interaction Session titled “From Campus to Corporate: One Powerful Conversation” to provide students with practical insights into corporate life, career planning and professional development. The session featured alumni panelists Mr. Annaiah, Mr. Hemanth, Mr. Shreyas S. Kashyap and Mr. Vishwas, representing diverse professional roles and industries.

The panelists shared their professional journeys, discussed industry opportunities and challenges, and guided students on skill development, networking and career planning. The session provided students with diverse perspectives on corporate expectations and career pathways, with 550 students participating in the interaction.

DATA-DRIVEN FUTURES: ALUMNI INTERACTION ON FINANCE, ANALYTICS, AND EMERGING INVESTMENT TRENDS

30 March 2026

The School of Management at Presidency University hosted an engaging alumni interaction session featuring Mr. Manoj Gowda, Data Analyst at S&P Global, Bengaluru, providing students with exposure to emerging developments in finance, analytics and data-driven decision-making.

Drawing from his professional experience, Mr. Gowda highlighted the growing role of analytical thinking and technological proficiency in shaping the future of financial services. The interaction offered students valuable industry exposure while reinforcing Presidency University's commitment to connecting academic learning with evolving professional realities.

FROM ACADEMIA TO INNOVATION: CELEBRATING ALUMNI ENTREPRENEURSHIP IN GEOSPATIAL EXCELLENCE

1 April 2026

The Presidency University Alumni Association celebrates the entrepreneurial achievement of alumnus Mr. Karthik, Assistant Professor, Civil Engineering, on the successful incubation of his startup, *Lyn Geospatial Services and Design*.

A distinguished graduate of Presidency University, Mr. Karthik's journey reflects academic excellence and a strong commitment to innovation. Specialising in geospatial technologies, UAV applications and infrastructure analytics, his work demonstrates how academic foundations can translate into research-driven engineering solutions and impactful entrepreneurship. His accomplishment serves as an inspiring example of innovation and transformative leadership among Presidency University alumni.

UNLOCKING CAREER POTENTIAL: ALUMNI MASTERCLASS ON NAVIGATING THE CORPORATE JOURNEY

2 April 2026

The Presidency University Alumni Association, in collaboration with the School of Commerce, organised "Unlocking Your Career Potential: From Campus to Corporate" at Presidency University to strengthen the connection between academic learning and professional excellence.

The session featured Mr. Vivek Trivedi, HR Analyst at Walmart, who shared valuable insights on career planning, workplace readiness and the evolving expectations of the corporate world. Students of the School of Commerce actively participated in the session, gaining practical perspectives on professional growth and industry preparedness. The masterclass reflected the University's commitment to meaningful alumni engagement and creating learning opportunities that help students confidently navigate their professional journeys.

ALUMNI SEMINAR – AI FOR ENGINEERS: CRISIS OR CATALYST

16 April 2026

The School of Computer Science and Engineering (Specialisation) organised an Alumni Seminar Series 1 titled "AI for Engineers: Crisis or Catalyst- Engineering in the Age of Intelligent Systems"**,** featuring alumnus Mr. Anil Kumar S., Associate Software Engineer at Ernst & Young (EY), Bengaluru**.** The seminar provided students with insights into the evolution of Artificial Intelligence, its applications in modern engineering and the changing landscape of technology-driven careers.

The session covered AI fundamentals, the AI landscape, Large Language Models (LLMs), Agentic AI, emerging AI technologies and the future scope of Artificial Intelligence. An interactive question-and-answer session enabled students to seek guidance on AI career opportunities, technical skills, projects, internships, industry expectations and ethical considerations. The seminar helped students gain practical perspectives from an alumnus and encouraged them to develop relevant skills, adaptability and continuous learning for emerging engineering and technology domains.

ALUMNI ACHIEVEMENT SPOTLIGHTS

BHAVESH DANGI – SONY INDIA SOFTWARE CENTER

Bhavesh Dangi, a graduate of the Presidency School of Computer Science and Engineering (PSOCSE), secured an AI/ML role at Sony India Software Center, marking an important achievement in his professional journey.

His accomplishment highlights the opportunities available in Artificial Intelligence and Machine Learning and reflects the importance of technical preparation and industry readiness. His success serves as an inspiration to students aspiring to build careers in advanced technology domains.

G. LAKSHMI SINDHURA – INFOSYS

G. Lakshmi Sindhura, a BBA (Analytics) graduate from the Batch of 2025, secured the position of Process Executive at Infosys, Bengaluru**.**

Her achievement reflects her dedication, analytical capabilities and professional preparation. Her career journey highlights the transition of graduates from the Presidency School of Commerce into leading corporate organisations and serves as an encouragement to students pursuing careers in technology, analytics and related fields.

RAKSHITH B.S. – IBM BENGALURU

Mr. Rakshith B.S**.**, an MBA graduate from the School of Management, Batch 2022–2023, is currently working as a Finance Analyst – Accounts at IBM Bengaluru.

His professional journey demonstrates dedication, professionalism and continued growth in the field of finance. His achievement reflects the value of academic preparation and industry exposure and serves as an inspiration for current students aspiring to build successful careers in the corporate sector.

MBA ALUMNUS DARSHAN C. P. PUBLISHES KANNADA BOOK *GANDHARVA*

June 2026

Presidency University proudly celebrated the literary accomplishment of its MBA alumnus, Mr. Darshan C. P. (Batch of 2025)**,** on the publication of his Kannada book, *Gandharva*. His achievement reflects the University's commitment to nurturing creativity, innovation and lifelong learning while encouraging students to excel beyond the boundaries of academics.

Through *Gandharva*, Darshan showcased his passion for Kannada literature and storytelling, making a meaningful contribution to the state's literary heritage. His accomplishment reflects dedication, perseverance and artistic expression, and serves as an inspiration to students and fellow alumni to pursue their passions with determination and create a lasting impact in their chosen fields.

SAMUDGAM 4.0 – ALUMNI MEET

Samudgam 4.0 was a memorable alumni gathering that brought together former students to reconnect with their alma mater and celebrate shared memories. The event began with a warm welcome as alumni arrived on campus, enjoying refreshments while engaging in nostalgic conversations and revisiting familiar spaces.

The formal program opened with a vibrant welcome dance performance by current students, followed by the Alumnus Awards, which recognized distinguished alumni for their achievements across various fields. These recognitions highlighted the accomplishments of graduates and served as an inspiration for the student community.

The evening continued with an engaging entertainment segment featuring energetic student performances and enthusiastic participation from alumni, creating a lively and joyful atmosphere. The highlight of the celebration was a live band performance and concert, which added excitement and brought everyone together in a shared celebration.

The event concluded with a lavish dinner, where alumni continued their conversations, strengthened connections, and reflected on their journeys. Samudgam 4.0 successfully fostered a sense of pride, belonging, and enduring connection among the Presidency University alumni community.
