PART A - PROGRAM REGULATIONS

1. Vision & Mission of the University and the School / Department

1.1 Vision of the University

To be a Value-driven Global University, excelling beyond peers and creating professionals of integrity and character, having concern and care for society.

1.2 Mission of the University

- Commit to be an innovative and inclusive institution by seeking excellence in teaching, research and knowledge-transfer.
- Pursue Research and Development and its dissemination to the community, at large.
- Create, sustain and apply learning in an interdisciplinary environment with consideration for ethical, ecological and economic aspects of nation building.
- Provide knowledge-based technological support and services to the industry in its growth and development.
- To impart globally-applicable skill-sets to students through flexible course offerings and support industry's requirement and inculcate a spirit of new-venture creation.

1.3. Vision Statement of Presidency School of Commerce and Economics

To become a value-based, business-based Commerce and Economics School dedicated to creating a positive impact on commerce, the economy and society.

1.4 Mission Statement of Presidency School of Commerce and Economics

- Equip students with the knowledge, skills, and abilities to succeed in the world of commerce.
- Empower students to make proactive decisions in the face of economic and business-related challenges.
- Sensitize students to embrace lifelong learning in a technology-enabled environment.
- Foster strategic alliances with industry and academia for research and its practical application.
- Instil entrepreneurial and leadership skills to address social, environmental and community needs.

2. Preamble to the Program Regulations and Curriculum

This is the subset of Academic Regulations, and it is to be followed as a requirement for the award of BBA (Aviation Management) degree.

The Curriculum is designed to take into the factors listed in the Choice Based Credit System (CBCS) with focus on Internship, Dissertation and Social Immersion project to enable the students to become eligible and fully equipped for employment in industries, choose higher studies or entrepreneurship.

In exercise of the powers conferred by and in discharge of duties assigned under the relevant provision(s) of the Act, Statutes and Academic Regulations of the University, the Academic Council hereby makes the following Regulations.

3. Short Title and Applicability

- a. These Regulations shall be called the Bachelor of Business Administration (Aviation Management) Degree Program Regulations and Curriculum 2024-2027.
- b. These Regulations are subject to, and pursuant to the Academic Regulations.
- c. These Regulations shall be applicable to the ongoing Bachelor of Business Administration (Aviation Management) Degree Programs of the 2024-2027 batch, and to all other Bachelor of Business Administration (Aviation Management) Degree Programs which may be introduced in future.
- d. These Regulations shall supersede all the earlier Bachelor of Business Administration (Aviation Management) Degree Program Regulations and Curriculum, along with all the amendments thereto.
- e. These Regulations shall come into force from the Academic Year 2024-2025.

4. Definitions

In these Regulations, unless the context otherwise requires:

- a. "Academic Calendar" means the schedule of academic and miscellaneous events as approved by the Vice Chancellor;
- b. "Academic Council" means the Academic Council of the University;
- c. "Academic Regulations" means the Academic Regulations, of the University;
- d. "Academic Term" means a Semester or Summer Term;
- e. "Act" means the Presidency University Act, 2013;
- f. "AICTE" means All India Council for Technical Education;
- g. "Basket" means a group of courses bundled together based on the nature/type of the course;
- h. "BOE" means the Board of Examinations of the University;
- i. "BOG" means the Board of Governors of the University;
- j. "BOM" means the Board of Management of the University;
- k. "BOS" means the Board of Studies of a particular Department/Program of Study of the University;
- 1. "CGPA" means Cumulative Grade Point Average as defined in the Academic Regulations;
- m. "Clause" means the duly numbered Clause, with Sub-Clauses included, if any, of these Regulations;
- n. "COE" means the Controller of Examinations of the University;
- o. "Course In Charge" means the teacher/faculty member responsible for developing and organising the delivery of the Course;
- p. "Course Instructor" means the teacher/faculty member responsible for teaching and evaluation of a Course;
- q. "Course" means a specific subject usually identified by its Course-code and Course-title, with specified credits and syllabus/course-description, a set of references, taught by some teacher(s)/course-instructor(s) to a specific class (group of students) during a specific Academic Term;
- r. "Curriculum Structure" means the Curriculum governing a specific Degree Program offered by the University, and, includes the set of Baskets of Courses along with minimum credit requirements to be earned under each basket for a degree/degree with specialization/minor/honours in addition to the relevant details of the Courses and Course catalogues (which describes the Course content and other important information about the Course). Any specific requirements for a particular program may be brought into the Curriculum structure of the specific program and relevant approvals should be taken from the BOS and Academic Council at that time.
- s. "DAC" means the Departmental Academic Committee of a concerned Department/Program

- of Study of the University;
- t. "Dean" means the Dean / Director of the concerned School;
- u. "Degree Program" includes all Degree Programs;
- v. "Department" means the Department offering the degree Program(s) / Course(s) / School offering the concerned Degree Programs / other Administrative Offices;
- w. "Discipline" means specialization or branch of BBA Degree Program;
- x. "HOD" means the Head of the concerned Department;
- y. "L-T-P-C" means Lecture-Tutorial-Practical-Credit refers to the teaching learning periods and the credit associated;
- z. "MOOC" means Massive Open Online Courses;
- aa. "MOU" means the Memorandum of Understanding;
- bb. "NPTEL" means National Program on Technology Enhanced Learning;
- cc. "Parent Department" means the department that offers the Degree Program that a student undergoes;
- dd. "Program Head" means the administrative head of a particular Degree Program/s;
- ee. "Program Regulations" means the Bachelor of Business Administration (Aviation Management) Degree Program Regulations and Curriculum, 2023-2026;
- ff. "Program" means the Bachelor of Business Administration (Aviation Management) Degree Program;
- gg. "PSOC&E" means the Presidency School of Commerce and Economics;
- hh. "Registrar" means the Registrar of the University;
- ii. "School" means a constituent institution of the University established for monitoring, supervising and guiding, teaching, training and research activities in broadly related fields of studies;
- *ij.* "Section" means the duly numbered Section, with Clauses included in that Section, of these Regulations;
- kk. "SGPA" means the Semester Grade Point Average as defined in the Academic Regulations;
- ll. "Statutes" means the Statutes of Presidency University;
- mm. "Sub-Clause" means the duly numbered Sub-Clause of these Program Regulations;
- nn. "Summer Term" means an additional Academic Term conducted during the summer break (typically in June-July) for a duration of about eight (08) calendar weeks, with a minimum of thirty (30) University teaching days;
- oo. "SWAYAM" means Study Webs of Active Learning for Young Aspiring Minds.
- pp. "UGC" means University Grants Commission;
- qq. "University" means Presidency University, Bengaluru; and

5. Program Description

The Bachelor of Business Administration (Aviation Management) Program Regulations and Curriculum 2023-2026 are subject to, and, pursuant to the Academic Regulations. These Program Regulations shall be applicable to the ongoing Bachelor of Business Administration (Aviation Management) Degree Program, abbreviated as (BBA(Aviation Management)) of 2023-2026 offered by the Presidency School of Commerce and Economics (PSOC&E).

- 5.1 These Program Regulations shall be applicable to other similar programs, which may be introduced in future.
- 5.2 These Regulations may evolve and get amended or modified or changed through appropriate approvals from the Academic Council, from time to time, and shall be binding on all concerned.
- 5.3 The effect of periodic amendments or changes in the Program Regulations, on the students admitted in earlier years, shall be dealt with appropriately and carefully, so as to ensure that those students are not subjected to any unfair situation whatsoever, although they are required to conform to these revised Program Regulations, without any undue favour or considerations

6. Minimum and Maximum Duration

- 6.1 Bachelor of Business Administration (Aviation Management) Degree Program is a Three-Year, Full-Time Semester based program. The minimum duration of the BBA(Aviation Management) Program is three (03) years and each year comprises of two academic Semesters (Odd and Even Semesters) and hence the duration of the BBA(Aviation Management) program is six (06) Semesters.
- 6.2 A student who for whatever reason is not able to complete the Program within the normal period or the minimum duration (number of years) prescribed for the Program, may be allowed a period of two years beyond the normal period to complete the mandatory minimum credits requirement as prescribed by the concerned Program Regulations and Curriculum. In general, the permissible maximum duration (number of years) for completion of Program is 'N' + 2 years, where 'N' stands for the normal or minimum duration (number of years) for completion of the concerned Program as prescribed by the concerned Program Regulations and Curriculum.

- 6.3 The time taken by the student to improve Grades/CGPA, and in case of temporary withdrawal/re-joining (Refer to Clause Error! Reference source not found. of Academic Regulations), shall be counted in the permissible maximum duration for completion of a Program.
- 6.4 In exceptional circumstances, such as temporary withdrawal for medical exigencies, where there is a prolonged hospitalization and/or treatment, as certified through hospital/medical records, female students requiring extended maternity break (certified by registered medical practitioner), and, outstanding sportspersons representing the University/State/India requiring extended time to participate in National/International sports events, a further extension of one (01) year may be granted on the approval of the Academic Council.
- 6.5 The enrolment of the student who fails to complete the mandatory requirements for the award of the concerned Degree (refer Section 19.Error! Reference source not found. of Academic Regulations) in the prescribed maximum duration (Sub-Clauses 18.1 and 18.2 of Academic Regulations), shall stand terminated and no Degree shall be awarded.

7 Programme Educational Objectives (PEO)

After three years of successful completion of the program, the graduates shall be:

- PEO1. Demonstrate innovative skills, moral ethical values as successful business administrator.
- PEO2. Engage in lifelong learning through higher studies and professional development.
- PEO3. Serve the society as creative and effective entrepreneur.

8 Programme Outcomes (PO) and Programme Specific Outcomes (PSO)

8.1 Programme Outcomes (PO)

On successful completion of the Program, the students shall be able to:

- **PO1.** Integrate functional knowledge and apply managerial skills in improving business environment.
- **PO2.** Identify various management function problems in different management functions and solve through strategic planning, critical thinking and innovation.
- **PO3.** Effectively communicate with different stakeholders.
- **PO4.** Realize and follow professional and ethical principles.
- PO5. Demonstrate commitment to continuous learning.
- **PO6.** Function in multidisciplinary teams.
- **PO7.** Desire to go for higher education in business administration.

8.2 Program Specific Outcomes (PSOs):

On successful completion of the BBA (Aviation Management) program from Presidency University, the student shall possess the ability to:

- **PSO-1:** Apply the concept of aviation management principles
- **PSO-2:** Understand the management skills through internship training.
- **PSO-3:** Demonstrate critical thinking skills in understanding managerial issues and problems related to the global economy and international business in aviation and allied industries.

9 Admission Criteria

The University admissions shall be open to all persons irrespective of caste, class, creed, gender or nation. The admission criteria to the BBA (Aviation Management) Program is listed in the following Sub-Clauses:

- 9.1 An applicant who has successfully completed Pre-University course or Senior Secondary School course (+2) or equivalent such as (11+1), 'A' level in Senior School Leaving Certificate Course, with a minimum aggregate of 40% marks, from a recognized university of India or outside or from a Senior Secondary Board or equivalent, constituted or recognized by the Union or by the State Government of that Country, for the purpose of issue of qualifying certificate, on successful completion of the course, may apply for and be admitted into the Program.
- 9.2 Reservation for the SC / ST and other backward classes shall be made in accordance with the directives issued by the Government of Karnataka from time to time.
- 9.3 Admissions are offered to Foreign Nationals and Indians living abroad in accordance with the rules applicable for such admission, issued from time to time, by the Government of India.
- 9.4 Candidates must fulfil the medical standards required for admission as prescribed by the University.
- 9.5 If, at any time after admission, it is found that a candidate had not in fact fulfilled all the requirements stipulated in the offer of admission, in any form whatsoever, including possible misinformation and any other falsification, the Registrar shall report the matter to the Board of Management (BOM), recommending revoking the admission of the candidate.
- 9.6 The decision of the BOM regarding the admissions is final and binding.

10. Transfer of student(s) from another recognized University to the 2nd year (3rd Semester) of the BBA (Aviation Management) Program of the University

A student who has completed the 1st Year (i.e., passed in all the Courses / Subjects prescribed for the 1st Year) of the BBA (Aviation Management) Three-Year Degree Program from another recognized University, may be permitted to transfer to the 2nd Year (3rd Semester) of the BBA (Aviation Management) Program of the University as per the rules and guidelines prescribed in the following Sub-Clauses:

- 10.1 The student shall submit the Application for Transfer along with a non-refundable Application Fee (as prescribed by the University from time to time) to the University no later than July 10 of the concerned year for admission to the 2nd Year (3rd Semester) BBA (Aviation Management) Program commencing on August on the year concerned.
- 10.2 The student shall submit copies of the respective Marks Cards / Grade Sheets / Certificates along with the Application for Transfer.
- 10.3 The transfer may be provided on the condition that the Courses and Credits completed by the concerned student in the 1st Year of the BBA (Aviation Management) Three Degree Program from the concerned University, are declared equivalent and acceptable by the Equivalence Committee constituted by the Vice Chancellor for this purpose. Further, the Equivalence Committee may also prescribe the Courses and Credits the concerned students shall have to mandatorily complete, if admitted to the 2nd Year of the BBA (Aviation Management) Program of the University.
- 10.4 The Program allotted to the student concerned shall be the decision of the University and binding on the student.

11. Change of Program

A student admitted to a particular BBA (Aviation Management) program will normally continue studying in that Program till the completion of the program. However, the University reserves the right to provide the option for a change of Program, or not to provide the option for a change of Program at the end of 1st semester of the degree to eligible students in accordance with the rules framed by the University from time to time.

- 11.1 Normally, only those students, who have passed all the Courses prescribed for the 1st Semester of the degree Program and obtained a CGPA of not less than 6.00 at the end of the first Semester, shall be eligible for consideration of a change of program.
- 11.2 Change of Program, if provided, shall be made effective from the commencement of the 2nd Semester of the Degree Program. There shall be no provision for change of Program thereafter under any circumstances whatsoever.
- 11.3 The student(s) provided with the change of program shall fully adhere to and comply with the Program Regulations and Curriculum of the concerned Program, the Fee Policy pertaining to that Program, and, all other rules pertaining to the changed Program existing at the time.
- 11.4 Change of program once made shall be final and binding on the student. No student shall be permitted, under any circumstances, to refuse the change of program offered.
- 11.5 The eligible student may be allowed a change in Program, strictly in order of inter se merit, subject to the conditions given below:
 - 11.5.1 The actual number of students in the second semester in any particular program to which the transfer is to be made, should not exceed the sanctioned strength by more than 5%, and,
 - 11.5.2 The actual number of students in any program from which transfer is being sought does not fall below 75% of the total sanctioned intake.
 - 11.5.3 The process of change of program shall be completed on the first five (5) days of the Registration for the 2nd Semester.

- 12 Specific Regulations regarding Assessment and Evaluation (including the Assessment Details of NTCC Courses, Weightages of Continuous Assessment and End Term Examination for various Course Categories)
 - **12.1** The academic performance evaluation of a student in a Course shall be according to the University Letter Grading System based on the class performance distribution in the Course.
 - **12.2** Academic performance evaluation of every registered student in every Course registered by the student is carried out through various components of Assessments spread across the Semester. The nature of components of Continuous Assessments and the weightage given to each component of Continuous Assessments (refer Clause 12.5 of Academic Regulations) shall be clearly defined in the Course Plan for every Course, and approved by the DAC.
 - **12.3** Format of the End-Term examination shall be specified in the Course Plan.
 - **12.4** Grading is the process of rewarding the students for their overall performance in each Course. The University follows the system of Relative Grading with statistical approach to classify the students based on the relative performance of the students registered in the concerned Course except in the following cases:
 - Non-Teaching Credit Courses (NTCC)
 - Courses with a class strength less than 30

Absolute grading method may be adopted, where necessary with prior approval of concerned DAC.

Grading shall be done at the end of the Academic Term by considering the aggregate performance of the student in all components of Assessments prescribed for the Course. Letter Grades (refer Clause Error! Reference source not found. of Academic Regulations) shall be awarded to a student based on her/his overall performance relative to the class performance distribution in the concerned Course. These Letter Grades not only indicate a qualitative assessment of the student's performance but also carry a quantitative (numeric) equivalent called the Grade Point.

12.5 Assessment Components and Weightage

Table 1: Assessment Components and Weightage for different category of Courses

Courses		
Nature of Course and Structure	Evaluation Component	Weightage
Lecture-based Course	Continuous	F00/
L component in the L-T-P Structure is	Assessments	50%
predominant (more than 1) (Examples: 3-0-0; 3-0-2; 2-1-0; 2-0-2, 2-0-4 etc.)	End Term Examination	50%
Lab-based Course P component in the L-T-P Structure is	Continuous Assessments	75%
predominant (Examples: 0-0-4; 1-0-4; 1-0-2; etc.)	End Term Examination (Lab Only)	25%
Practice- based Course L component in the L-T-P Structure is 0 (Example: 0-0-2 etc.)	Continuous Assessments	100%
	Guidelines for the	e assessment
Skill based Courses like Internship,	components for the	various types
Dissertation / Social Engagement and	of Courses, with r	recommended
such similar Non-Teaching Credit	weightages, shall be	e specified in
Courses, where the pedagogy does not	the concerned	Program
lend itself to a typical L-T-P structure	Regulations and C Course Plans, as app	-

The exact weightages of Evaluation Components shall be clearly specified in the concerned PRC and respective Course Plan.

Normally, for Practice/Skill based Courses, without a defined credit structure (L-T-P) [NTCC], but with assigned Credits (as defined in Clause Error! Reference source not found. of the Academic Regulations), the method of evaluation shall be based only on Continuous Assessments. The various components of Continuous Assessments, the distribution of weightage among such components, and the method of evaluation/assessment, shall be as decided and indicated in the Course Plan/PRC. The same shall be approved by the respective DAC.

12.6 Minimum Performance Criteria:

12.6.1 Theory only Course and Lab/Practice Embedded Theory Course

A student shall satisfy the following minimum performance criteria to be eligible to earn the credits towards the concerned Course:

- a. A student must obtain a minimum of 30% of the total marks/weightage assigned to the End Term Examinations in the concerned Course.
- b. The student must obtain a minimum of 40% of the AGGREGATE of the marks/weightage of the components of Continuous Assessments, Mid Term Examinations and End Term Examinations in the concerned Course.

12.6.2 Lab/Practice only Course and Project Based Courses

The student must obtain a minimum of 40% of the AGGREGATE of the marks/weightage of all assessment components in the concerned Course.

12.6.3 A student who fails to meet the minimum performance criteria listed above in a Course shall be declared as "Fail" and given "F" Grade in the concerned Course. For theory Courses, the student shall have to reappear in the "Make-Up Examinations" as scheduled by the University in any subsequent semester, or, re-appear in the End Term Examinations of the same Course when it is scheduled at the end of the

following Semester or Summer Term, if offered. The marks obtained in the Continuous Assessments (other than the End Term Examination) shall be carried forward and be included in computing the final grade, if the student secures the minimum requirements (as per Clause 12.6.1, 12.6.2 of Academic Regulations) in the "Make-Up Examinations" of the concerned Course. Further, the student has an option to re-register for the Course and clear the same in the summer term/ subsequent semester if he/she wishes to do so, provided the Course is offered.

13 Additional clarifications - Rules and Guidelines for Transfer of Credits from MOOC, etc. - Note: These are covered in Academic Regulations

The University allows students to acquire credits from other Indian or foreign institutions and/or Massive Open Online Course (MOOC) platforms, subject to prior approval. These credits may be transferred and counted toward fulfilling the minimum credit requirements for the award of a degree. The process of transfer of credits is governed by the following rules and guidelines:

- **13.1** The transfer of credits shall be examined and recommended by the Equivalence Committee (Refer Error! Reference source not found. of Academic Regulations) and approved by the Dean Academics.
- 13.2 Students may earn credits from other Indian or foreign Universities/Institutions with which the University has an MOU, and that MOU shall have specific provisions, rules and guidelines for transfer of credits. These transferred credits shall be counted towards the minimum credit requirements for the award of the degree.
- Web of Active Learning by Young and Aspiring Minds (SWAYAM) and National Program on Technology Enhanced Learning (NPTEL), or other such recognized Bodies/ Universities/Institutions as approved by the concerned BOS and Academic Council from time to time. The concerned School/Parent Department shall publish/include the approved list of Courses and the rules and guidelines governing such transfer of credits of the concerned Program from time to time.

The Rules and Guidelines for the transfer of credits specifically from the Online Courses conducted by SWAYAM/ NPTEL/ other approved MOOCs are as stated in the following Sub-Clauses:

- 13.3.1 A student may complete SWAYAM/NPTEL/other approved MOOCs as mentioned in Clause 13.3 of Academic Regulations and transfer equivalent credits to partially or fully complete the mandatory credit requirements of Discipline Elective Courses and/or the mandatory credit requirements of Open Elective Courses as prescribed in the concerned Curriculum Structure. However, it is the sole responsibility of the student to complete the mandatory credit requirements of the Discipline Elective Courses and the Open Elective Courses as prescribed by the Curriculum Structure of the concerned Program.
- 13.3.2 SWAYAM/NPTEL/ other approved MOOCs as mentioned in Clause 13.3 of Academic Regulations, shall be approved by the concerned Board of Studies.
- 13.3.3 Parent Departments may release a list of SWAYAM/NPTEL/other approved MOOCs for Pre-Registration as per schedule in the Academic Calendar or through University Notification to this effect.
- 13.3.4 Students may Pre-Register for the SWAYAM/NPTEL/other approved MOOCs in the respective Departments and register for the same Courses as per the schedule announced by respective Online Course Offering body/institute/ university.
- **13.3.5** A student shall request for transfer of credits only from such approved Courses as mentioned in Sub-Clause 13.3.2 above.
- 13.3.6 SWAYAM/NPTEL/other approved MOOCs Courses are considered for transfer of credits only if the concerned student has successfully completed the SWAYAM/NPTEL/other approved MOOCs and obtained a certificate of successful/satisfactory completion.
- 13.3.7 A student who has successfully completed the approved SWAYAM/NPTEL/ other approved MOOCs and wants to avail the provision of transfer of equivalent credits, must submit the original Certificate of Completion, or such similar authorized documents to the

Dean/ Director/ HOD concerned, with a written request for the transfer of the equivalent credits. On verification of the Certificates/Documents and approval by the Dean/Director/HOD concerned, the Course(s) and equivalent Credits shall be forwarded to the COE for processing of results of the concerned Academic Term.

13.3.8 The credit equivalence of the SWAYAM/NPTEL/other approved MOOCs are based on Course durations and/or as recommended by the Course offering body/institute/university. The Credit Equivalence mapped to SWAYAM/ NPTEL approved Courses based on Course durations for transfer of credits is summarised in Table shown below. The Grade will be calculated from the marks received by the Absolute Grading Table Error! Reference source not found. of Academic Regulations.

	Table 2: Durations and Credit Equivalence for Transfer of Credits from SWAYAM-NPTEL/ other approved MOOC Courses									
Sl. No.	Course Duration Credit Equivalence									
1	4 Weeks	1 Credit								
2	8 Weeks	2 Credits								
3	12 Weeks	3 Credits								

- 13.3.9 The maximum permissible number of credits that a student may request for credit transfer from MOOCs shall not exceed 20% of the mandatory minimum credit requirements specified by the concerned Program Regulations and Curriculum for the award of the concerned Degree.
- **13.3.10** The University shall not reimburse any fees/expense; a student may incur for the SWAYAM/NPTEL/other approved MOOCs.
- 13.4 The maximum number of credits that can be transferred by a student shall be limited to forty percent (40%) of the mandatory minimum credit requirements specified by the concerned Program Regulations and Curriculum for the award of the concerned Degree. However, the grades obtained in the Courses transferred

from other Institutions/MOOCs, as mentioned in this Section (13.Error! Reference source not found.), shall not be included in the calculation of the CGPA.

14 Structure / Component with Credit Requirements Course Baskets & Minimum Basket wise Credit Requirements

Table 3: BBA (Aviation Management) 2023-2026: Summary of Mandatory Courses and Minimum Credit Contribution from various Baskets S1. **Credit Contribution Baskets** No. 1 SCHOOL CORE 35 2 PROGRAM CORE 54 3 DISCIPLINE ELECTIVE 24 9 OPEN ELECTIVE 122 **Total Credits** (Minimum)

The BBA (Aviation Management) Program Structure (2023-2026) has a total of 122 credits. Table 3 summarizes the type of baskets, number of courses under each basket and the associated credits that are mandatorily required for the completion of the Degree.

14. Minimum Total Credit Requirements of Award of Degree

A minimum of 122 credits is required to be eligible for the award of BBA (Aviation Management) degree.

15. Other Specific Requirements for Award of Degree, if any, as prescribed by the Statutory Bodies

- 16.1 The award of the Degree shall be recommended by the Board of Examinations and approved by the Academic Council and Board of Management of the University.
- 16.2 A student shall be declared to be eligible for the award of the concerned Degree if she/he:
 - a. Fulfilled the Minimum Credit Requirements and the Minimum Credits requirements under various baskets.
 - b. Secure a minimum CGPA of 4.50 in the concerned Program at the end of the Semester/Academic Term in which she/he completes all the requirements for the award of the Degree as specified in Sub-Clause a of Academic Regulations;
 - c. No dues to the University, Departments, Hostels, Library, and any other such Centres/ Departments of the University; and
 - d. No disciplinary action is pending against her/him.

17. Practical / Skill based Courses - Internships / Dissertation / Project Work

Practical / Skill based Courses like internship, dissertation, Social immersion project, and such similar courses, where the pedagogy does not lend itself to a typical L-T-P-C Structure as defined in Clause 5.1 of the Academic Regulations, are simply assigned the number of Credits based on the quantum of work / effort required to fulfil the learning objectives and outcomes prescribed for the concerned Courses. Such courses are referred to as Non-Teaching Credit Courses (NTCC). These Courses are designed to provide students with hands-on experience and skills essential for their professional development. These courses aim to equip students with abilities in problem identification, root cause analysis, problem-solving, innovation, and design thinking through industry exposure and project-based learning. The expected outcomes are first level proficiency in problem solving and design thinking skills to better equip BBA (Aviation Management) graduates for their professional careers. The method of evaluation and grading for the Practical / Skill based Courses shall be prescribed and approved by the concerned Departmental Academic Committee (refer Annexure A of the Academic Regulations). The same shall be prescribed in the Course Handout.

Internship

A student may undergo an internship for a period of 6 to 8 weeks in a company or organization during the Semester Break between 4th and 5th semester subject to the following conditions:

- **18.1.1** The Internship shall be in conducted in accordance with the Internship Policy prescribed by the school from time to time.
- 18.1.2 A student may opt for Internship in an Industry / Company/ Organization or academic / research institution of her / his choice, subject to the condition that the concerned student takes the responsibility to arrange the Internship on her / his own. Provided further, that the Industry / Company / Organization or academic / research institution offering such Internship confirms to the University that the Internship shall be conducted in accordance with the Program Regulations and Internship Policy of the School.
- **18.1.3** A student selected for an Internship in an industry / company or academic / research institution shall adhere to all the rules and guidelines prescribed in the Internship Policy of the School.
- **18.1.4** As per the Academic Regulations, 'S' grade is awarded for "satisfactory completion" of the Internship and 'NC' grade is awarded for "non-

completion" of the Internship. The student who receives the "NC" grade shall repeat the Internship, until the concerned student secures the "S" grade in the Internship. The "S" and "NC" grades is subject to fulfilling the requirements as stated in the course plan and do not carry grade points. Hence not included in the SGPA, CGPA computations.

18.2 Dissertation

Every student shall, carryout dissertation under the overall supervision of the supervisor(s) during the VI semester of the program.

- 18.2.1 The dissertation offers an opportunity to the student(s) to explore a topic in depth. The dissertation would entail an investigation, together with the written report and interpretation thereof. The dissertation could either be of an exploratory type or a prescriptive type with a focus on its applicability to management situations. It may be a case study, a study of a policy problem, a historical study, development of a new method, comparison of two or more methods, formulation and testing a hypothesis relevant to some areas of management. The dissertation can also be field/library-based study or both. Normally, only a faculty member of the school concerned shall be allowed to supervise a dissertation. If the topic of a dissertation warrants, at the most two faculty members of the same School may be allowed to supervise a dissertation/project work. Considering the interdisciplinary nature of the work involved a faculty from other School and/or from industry/corporate organization active in the area in which the work is being carried may be allowed, to be associated as a co-supervisor.
- The Faculty Coordinator(s) shall, in consultation with the Dean concerned, finalize the topic for dissertation along with the name(s) of the supervisor(s) at the beginning of Semester VI. For this purpose, the coordinator shall take into account the relevance of the topic on which the candidate proposes to work. However, the Coordinator may, ifhe considers it necessary or expedient, ask a student to carry out dissertation on a topic other than the topic proposed by the student and/or under a supervisor other than the one under whom the student proposed to carryout his/her dissertation.
- 18.2.3 Midcourse alteration/ modification in the scope of dissertation would need explicit approval from the Dean of the School. The coordinator shall prepare a list comprising the names of the students, topic allotted

- to each of them along with the name of the supervisor(s) and submit it to the Dean.
- 18.2.4 A certificate in the prescribed format to the effect that the dissertation carried out by the student independently or in collaboration with other student(s) issued by the Supervisor(s) concerned and endorsed by the Faculty Coordinator concerned, shall form the part of the submission for evaluation.
- 18.2.5 Every student who spends a specified period in an industry/organization/institute for reasons of work related to his/her dissertation, with prior permission from the Faculty Coordinator concerned will explicitly acknowledge working in the relevant industry/organization/institute.
- 18.2.6 The dissertation should typically be between 30 to 50 pages. Students are required to submit their dissertation in the VI Semester within the specified timeframe. If a student fails to submit the dissertation by the deadline, they will be assigned a placeholder grade 'I' in cases of exceptional circumstances, such as medical emergencies or the death of an immediate family member. In all other cases, a grade of 'F' will be awarded. The student will be required to repeat the dissertation in the appropriate semester of the following academic session, provided that other regulations allow for the continuation of their studies at the University.-
- 18.2.7 The student shall submit to Program Coordinator one printed soft bound copy of his/her dissertation.
- 18.2.8 An Assessment Committee constituted by the Dean / Director/ HOD of the School comprising internal and external membersshall conduct Viva-Voce on dissertation.
- 18.2.9 The Evaluation components for dissertation and the respective weightages are detailed in Table 5:

Table - 5								
Dissertation Evaluation Components and Weightage								
Evaluation	Weightage (of the total marks)							
Components								
Dissertation Report	50 %							
Supervisor	20%							
Evaluation and								
Feedback								
Viva-Voce	30 %							

18.3 Social Immersion Project

The objective of a Social Immersion Project is to sensitize and inculcate commitment to social and environmental issues and make a contribution through service and experiential learning. The outcome is to produce graduates who are sensitized and committed to serving the social and environmental needs of society. The Social Immersion Project is a 1-credit course involving 15 hours of engagement, which may be completed either in one continuous session or through periodic intervals with one or more organizations. The student is required to complete this during the 6th Semester of the Program. The nature and details of the Social Immersion Project shall be approved by the concerned Departmental Academic Committee (DAC). As per the Academic Regulations, the 'S' grade is awarded for "satisfactory completion" of the Course and 'NC' grade is awarded for "non-completion" of the Course. The student who receives the "NC" grade shall repeat the Social Immersion Project (it may be another type of Project as approved by the concerned DAC) until the concerned student secures the "S" grade in the Social Immersion Project. The "S" and "NC" grades is subject to fulfilling the requirements as stated in the course plan and do not carry grade points. Hence this is not included in the SGPA, CGPA computations.

18. List of MOOC (NPTEL) Courses

The MOOC Courses list will be announced by the school at the time of Pre-Registration for the respective Semester post approval from DAC and BOS.

Anti-	Nil				
requisites					
Course	This conceptual course provides detailed and in-de-	epth information			
Descriptio	about procedures to be followed at airport landside a	and airside areas.			
n	The course emphasizes operational readiness, he handled within the terminal and at the documentation, and carrier process. Also, a deta security and screening of passengers, baggage, freight overall airport security operations are included. St insights into how flight crew scheduling is done process of operations to be carried out by a flight crew to post-flight. This would enable the students in unda typical job role of each employee in the operations flight crew would be. This would enable the students are treater understanding of the type of job roles they can	apron, detailed ailed process of at and cargo, and udents also gain and a detailed w from pre-flight derstanding how a division or as a ents in gaining a			
	greater understanding of the type of job roles they could apply for in				
	the future.	1 11 1 1 1 .			
Course Out Comes	<u> </u>				
	CO1: Identify the operational areas, processes, constraints in airside and landside (Knowledge) CO2: Discuss the process of cargo operations with documentation (Comprehension) CO3: Review the security and screening process in the entire airport at Different levels of operations (Comprehension) CO4: Recall the Airline flight operations (Knowledge)				
	CO5: State the different baggage handling procedure				
Course objective	The objective of the course is to familiarize the leconcepts of Airport Operations - Advance a: Development through Participative Learning technic	nd attain <mark>Skill</mark>			
Course					
Content:					
Module 1	Operation al Readiness	12 Sessions			
Introduction	, Aerodrome Certification, Operating constraints, O	perational areas,			
Airfield insp	Airfield inspections, Maintaining readiness.				
Module 2	Cargo Operation s	12 Sessions			

The cargo market, Expediting the movement, Flow through the terminal, Unit load devices (IATA 1992,2010), Handling within the terminal, Cargo Apron Operation, Examples of modern cargo terminal design and operation, Cargo operations by integrated carriers, AWB Features and validity, Documentation

Module 3	Security and		11 sessions
Wibduic 5	and		11 303310113
	Screening		

Introduction, ICAO framework of International Regulations, Annex 17 standards, Airport security program, Passenger screening, carryon baggage search and screening, Check-in baggage search and screening, Freight and cargo search and screening, Access control within and throughout airport buildings, Access Control of Entire Airport

Module 4 Airline flight operation s	10 sessions

Flight crew scheduling, Flight crew Sign-in, Operations/ Planning, Pre-flight, Pre-departure, Gate departure, Taxi-out, Takeoff, Terminal Area Departure, Climb, Cruise, Descent, Terminal area arrival, Final approach, Landing and Rollout, Taxi in, Parking, Post-flight, Sky Marshal Briefing

Module 5	Baggage Handling			10 Sessions
----------	---------------------	--	--	-------------

Introduction, History and trends in baggage handling, Bag drop, Flight build and aircraft loading, Arrivals Reclaim, Interterminal Transfers

Targeted Application & Tools that can be used: PPT, Videos and board & Chalk Method

Project work/Assignment: Mention the Type of Project/Assignment proposed for this course:

- 5. Refer to the research paper assigned from the PU library and analyse the critical factors responsible for the issues mentioned in the paper. (Kindly note: Student should visit PU library and access the online resources for the same and incorporate the assignment as well as attach the photo of log in and log out in person in the end of the assignment file.)
- 6. Experiential learning: Visit to Bangalore Airport/Jakkur Aerodrome

Meaning & Defi	inition of Market, Sales	& Selling - Dif	ference between N	Marketing &				
Functions of Ma E- business, Gre	of Marketing, Procest rketing. Contemporary I een marketing, Green M	Marketing Pract	ices Post Covid- E	Marketing-,				
marketing	Marketing							
Module 2	environment			11 Sessions				
Environment :51	ting Environment – I Ms-Vision, Mission, Obj nent – PESTEL , Value cl	ectives - Micro	Environment: BO					
Module 3	Marketing mix			11 Sessions				
	4 Ps of Marketing- H							
	els of products - PLC.							
Pricing. Place – Factors affecting Channel selection- Types of Channels. Promotion – Promotional mix, Personal Selling, Direct Marketing, Sales Promotion, PR, Advertising, AIDA, E Promotion strategy								
Module 4	Segmentation, targeting, positioning			11 Sessions				
Segmenting Co	g Vs Segmentation. N nsumer Markets; Segm ntation Market Targeting:	enting Busines	s Markets; Requi	rements for				

Market. *Differentiation & Positioning*: Positioning Maps, Choosing a Differentiation & Positioning Strategy.

Module 5	Consumer			11
	behavior	and		Sessions
	CRM			

Understanding Consumer Behaviour in Indian and Global context: Factors influencing buyer behaviour – Cultural, Social, Individual and Psychological Influences. Rational & Irrational behavior of Consumer – Stages of buying - Understand the concept of customer loyalty and lifetime value. Relationship Marketing and CRM- Role of CRM, Pareto Principle

Targeted Application: HR manual

Tools that can be used: MS office, MS excel

Project work/Assignment:

Present based on interaction with a corporate employee about industrial relation practices in the company

	Development through Experiential Learning.							
Course Content:								
	Basic					45		
Module 1	Function of					15 Cara:		
	Excel					Sessi	ons	
	1							

Topics: Excel Introduction - An overview of the screen, navigation and basic spreadsheet concepts , Various selection techniques , Shortcut Keys. Customizing Excel , Customizing the Ribbon , Using and Customizing AutoCorrect , Changing Excel's Default Option. Using Basic Functions , Using Functions - Sum, Average, Max,Min, Count, Counta , Absolute, Mixed and Relative Referencing. Formatting and Proofing , Currency Format , Format Painter , Formatting Dates , Custom and

Special Formats, Formatting Cells with Number formats, Font formats, Alignment, Borders, etc., Basic conditional formatting.

	Mathematical		15
Module 2	functions in		15
	Excel		Sessions

Mathematical Functions - SumIf, SumIfs CountIf, CountIfs AverageIf, AverageIfs, Nested IF, IFERROR Statement, AND, OR, NOT Protecting Excel , File Level Protection , Workbook, Worksheet Protection Text Functions , Upper, Lower, Proper , Left, Mid, Right , Trim, Len, Exact , Concatenate , Find, Substitute. Date and Time Functions , Today, Now ,Day, Month, Year , Date, Date if, DateAdd , EOMonth, Weekday

Advanced Paste Special Techniques , Paste Formulas, Paste Formats , Paste Validations , Transpose Tables

Modulo 2	Excel chart		25
Module 3	and functions		Sessions

Excel charts and functions - New Charts, Auto complete a data range and list, Quick Analysis Tool , Smart Lookup and manage Store. Sorting and Filtering, Filtering on Text, Numbers & Colors , Sorting Options. Printing Workbooks , Setting Up Print Area , Customizing Headers & Footers , Designing the structure of a template, Print Titles -Repeat Rows / Columns.

Topics: Project on mathematical functions using excel.

Targeted Application & Tools that can be used: PPT, Videos and board & Chalk Method

Project work/Assignment: Mention the Type of Project/Assignment proposed for this course:

11.

Course Code: BBA2040	Course Title: Introduction to Research	L- T- P- C	4	0	0	4
Version No.	1.0		1	<u> </u>		
Course Pre- requisites	 Knowledge of research Basic Concepts of Statistics and Mathematics					
Anti-requisites	Nil					
Course Description	COURSE DESCRIPTION: Introduction to research provides the importance of research in creating and extending the knowledge base of one's subject area to distinguish between the strengths and limitations of different research approaches regarding one's subject/research area.					
Course Out Comes	On successful completion of the course the students shall be able to:					
	CO1: Explain the research process. (UNDERSTAND)					
	CO2: Differentiate betwee (UNDERSTAND)	en	rese	earch	varia	ıbles
	CO3: Summarize Scaling Techniques (UNDERSTAND)					
	CO4: Differentiate between sampling and non-sampling errors (UNDERSTAND)					
	CO5: Determine the relationship between variables (APPLY)					
	CO6: Examine the steps involved in drafting a research report (APPLY)					

Course	This course is designed for SKILL DEVELOPMENT of the			
Objective	learner by using Experiential Learning Techniques of Class			
	Presentation and Case Study.			
Course Content:				
Module 1	Introduction to research		11 Sessions	

Research: Meaning, Objectives, Types, Approaches- Qualitative and Quantitative, Significance, Research Process, Criteria of good research; Challenges faced by Researchers.

Research problem, selecting the problem.

Module 2 Research design and scaling 10 Sessions

Research Design: Meaning, need, features. Dependent variables, independent variables, moderator variables, mediating variables, extraneous variables, categorical variables.

Classification of measurement scales: nominal, ordinal, interval and ratio scales; Goodness of measurement scales: validity, reliability, practicality and accuracy; Sources of error in measurement. Scaling techniques.

Module 3 Data Collection and Sampling 10 Sessions

Sources of data- primary and secondary data, methods of primary data collection, sources of secondary data.

Sampling design, sample size, determining optimal sample size, sampling techniques, probability Vs. non-probability sampling methods, sampling and non-sampling errors.

Module 4	Questionnaire	Designing		10 Sessions
	and Data Analy	ysis		10 568810118

Questionnaire, Types of questionnaires, Questionnaire design procedure, type of questions: open-ended, closed ended; criteria for designing questions; questionnaire structure. Questionnaire Vs. Schedule. Pilot testing, administering.

Data Analysis: Univariate Analysis: Mean Comparisons, t-test and One-way ANOVA; Bi-variate analysis: Cross tabulations, Chi-square test, correlation and regression.

Module 5	Research	Reporting	and		10 Sessions
	Modern	Practices	in		
	Research				

Research Report Writing: Importance, Essentials, Structure/ layout, Types. References and Citation Methods: APA (American Psychological Association), CMS (Chicago Manual Style), MLA (Modern Language Association), Footnotes and

Bibliography. Modern Practices: Ethical Norms in Research, Plagiarism, Role of Computers in Research.

Lecture: All Modules

Discussion: All Modules

Self-learning: Philosophy of Social Science Research

Assignments: Case study: Implication of Qualitative Research Methods https://presiuniv.knimbus.com/user#/viewDetail?searchResultType=ECATALOGUE_BASED&unique_id=DOAB_1_06082022_20245

Teaching Pedago	egy:							

The course uses a variety of sessions and work methods so that students can acquire the knowledge outlined in the program. The sessions are divided into lecture and discussion methods. Classroom discussion on all the topics will be primarily through academic writing. Class presentations and class participation will make lectures more interactive. Course objectives and the evaluation process also motivates the methodology adopted. Students are expected to read the circulated material and cases before the topic is discussed in the classroom.

Teaching and Learning Methods: Lecture, Discussion, Focus Groups, Socratic, Inquiry Based, Cooperative, Demonstration, Hands on Training Sessions, Laboratory Practicals and Self Learning.

Evaluation Methods: Open Book Tests, Assignments, Peer Evaluation, Closed Book Examination.

Targeted Application and Tools:

Text Book:

1. Sheth, J. N. (2017). *Customer Relationship Management: Emerging Concepts, Tools and Applications* McGraw Hill Education.

Version No.	2.0						
Course Pre- requisites	Human Resource Management co	urse					
Anti-requisites	NIL						
Course Course Outcomes	This course utilizes an experiential learning approach for gaining enhanced knowledge about the HR process and how to align as per the organizational goals and strategies. The course utilizes an experiential learning approach to know about the foundation of strategic human resource management. It will help to understand strategic human resource management from global context as well as from change context. It includes topic related to strategic human resource development, talent management, employee engagement, new forms of strategic management. On completion of this course, the student will be able to: Describe the importance of strategic human resource management						
	for competitive advantage (Knowledge) Discuss the HR processes like talent management, human resource development from the perspective of strategic human resource management. [Comprehension] Explain how HR strategies are used to achieve organization goals [Comprehension] Discuss memorable strategies used in HR processes. [Comprehension]						
Course		The objective of the course is to familiarize the learners with the					
Objective:		concepts of Strategic Human Resource Management and attain Employability through Participative Learning techniques.					
Module 1	Introduction to strategic human resource management				10 Ses	sions	
Topics: Meaning of strategic human resource management. Different approaches of strategic human resource management. Development of strategic human resource management. Significance of strategic HR policies.							
Module 2	Human resource strategy				10 Ses	sions	

Topics: Meaning of human resource strategy. Human resource strategy: content issues, Human resource strategy: process issues. Implementing issues related to HR strategy. The power and politics in organization, Challenges of the HR professional.

	SHRM and	10
Module 3	competitive	Sessions
	advantage	Sessions

Strategy, strategic management and competitive advantage. The classical versus alternative perspectives on strategy, Linking HRM to organisational strategy, Approaches to strategic alignment

Strategic options and HR decisions - Downsizing and restructuring - Domestic and International labour market - Mergers and Acquisitions - Outsourcing and off shoring

M = 11 = 4	Global		10
Module 4	SHRM		Sessions

Strategic Responses of Organisations to Changing Environment – Portfolio process and structure related strategic responses, Strategic HR, Globalisation. The drivers of globalisation. Globalisation and SHRM. Changing character of the workforce. Changing nature of the work. Workplace flexibility. Change in management practices.

Targeted Application & Tools that can be used:

Research Paper, Case Study, Data Analysis,

Project work/Assignment:

Project/ Assignment:

Assignment: 1] Refer to the research paper assigned from the PU library and analyse the critical factors responsible for the issues mentioned in the paper. (Kindly note: Student should visit PU library and access the online resources for the same and incorporate the assignment as well as attach the photo of log in and log out in person in the end of the assignment file.)

Assignment: 2] Review HBR Article bringing out and analysing the core principles around which the article revolves. Respond to the questions cited at the end of case study.

Experiential Learning Activity: Demonstrate learning by holding a live event focused on giving experiences to people.

Course Description	perspective kr human capital orientated and competencies representation managers to a capital issues.	This course provides an insight towards having an analytical perspective knowledge, skills, and competencies to address human capital. It introduces the central concepts of people orientated analytics and via hands-on exercises, builds skills and competencies around the management, analysis and representation of data. The subject explores how analytics helps managers to address both tactical and strategic level human					
Course	The objective	of the course is to fa	miliarize t	he le	arner	s with	n the
objective	1 1	HR Analytics		ain	Emp	<mark>loya</mark> b	ility
Course Out		<mark>cipative Learning tec</mark>					
Comes	CO1: Discuss the foundations of analytics and its relatedness with HR process (Knowledge) CO2: Demonstrate HR analytics and visualization using MS excel (Comprehension) CO3: Demonstrate predictive and prescriptive analytics (Application) CO4: Interpret the data to draw inferences for decision making in Human resources (Application)						
Course Content:							
Module 1	Introduction to business analytics					10 Sess	sions
Topics: Business analytics, Meaning and scope, understanding business analytics, History and growth of business analytics, advantages and challenges, Application of analytics in different domains of management, levels of Business analytics.HR analytics – evolution, scope, application and challenges, Ethics in HR analytics, future of HR analytics. HR metrics – types, application and exercises – HR planning, Training and development, Staffing, Payroll, Performance Appraisal							
Module 2	Descriptive analytics in HR					10 Sess	sions

Topics: Key excel functions – VLOOKUP, INDEX, SUMIF, AVERAGEIF, COUNTIF, etc. Creation of HR dashboards, story boarding. Pivot table, charts and tables, slicers.

,			
Module 3	Predictive and prescriptive analytics in HR		10 Sessions

HR data visualization – Data mapping, Scatter chart, bar charts, data merging and blending, use of Big data in data visualization

	Advanced		10
Module 4	HR		
	analytics		Sessions

Correlation analysis, regression analysis, Multiple regression analysis Paired Ttest, Factor analysis, HR modelling, decision tree, learning curve, sensitivity analysis, Cluster analysis (VOS viewer)

Targeted Application & Tools that can be used: Data analysis using MS Excel, SPSS

Project work/Assignment:

Assignment I : interact with people from industry to understand the benefits and challenges of using HR analytics . write a report based on research reviews of HR analytics – Refer E resources.

Experiential learning : Solve problems of HR metrics using MS Excel, PSPP, SPSS, Power Bi

Teaching Pedagogy:

The course uses a variety of sessions and work methods so that students can acquire the knowledge outlined in the program. The sessions are divided into lecture and discussion methods. Classroom discussion on all the topics will be primarily through academic writing. Class presentations and class participation will make lectures more interactive. Course objectives and the evaluation process also motivates the methodology adopted. Students are expected to read the circulated material and cases before the topic is discussed in the classroom.

Teaching and Learning Methods: Lecture, Discussion, Focus Groups, Socratic, Inquiry Based, Cooperative, Demonstration, Hands on Training Sessions, Laboratory Practicals and Self Learning.

Evaluation Methods: Open Book Tests, Assignments, Peer Evaluation, Closed Book Examination.

Targeted Application and Tools: IBM SPSS, Tableau.

Text Book:

Course Content:								
Module 1	Fundamentals of Management				10 Ses	sions		
	Control							

Topics: Nature of Management Control Systems – Basic concepts – Boundaries of Management Control – Impact of the Internet on Management Control – Management control environment- Goal congruence – Informal factors that influence goal congruence – Formal control systems- types of organizations – Functions of the controller – Performance measurement – Difficulties in implementing performance measurement systems – interactive control.

Module 2	Strategic Planning and		10
	Management		Sessions
	Control		

Topics: Responsibility centers - Revenue centers - Expenses centers-Administrative and support centers - Research and Development centers - Marketing centers- Profit centers- General considerations- - Business units as profit centers - Other profit centers- Measuring profitability - Transfer pricing - Objectives of transfer prices - Transfer pricing methods Pricing corporate services - Administration of transfer prices

Module 3	Management		10
	control process:		Sessions

Topics: Strategic planning – Nature of strategic planning – Analyzing proposed new programs Analyzing ongoing programs – strategic planning process – Understanding strategies – Concept of strategies – Corporate level strategies – Business unit strategies. Budget preparation – Nature of a budget- Other budgets – Budget preparation process – Behavioral aspects- Quantitative techniques-Calculating variances – Variations in practice- Limitations on variance analysis

Module 4	Variations in		10
	Management		Sessions
	control		Sessions

Topics: Controls for differentiated strategies – Top management style- Service organizations – Service organizations in general, professional service organizations, Financial service organizations, Health care organizations, Non-profit organizations, Multinational organizations – Cultural differences

Targeted Application: PPT, Videos

Project work/Assignment: Mention the Type of Project/Assignment proposed for this course:

Assignment 1: Experiential Learning: Case study analysis difficulties in implementing performance measurement systems

Assignment 2: Group discussion on Cultural differences in Multinational organizations

Delivery procedure (pedagogy):

Lecture: All Modules

Self-learning: Module 1: Impact of the Internet on Management

Control

Participative learning: Module 4: Group discussion on Variations in

Management control

Version No.	1.0					

Course Pre- requisites	Knowledge of Management						
Anti-requisites	Nil	Nil					
Course Description	The course is conceptual in nature and will help the students to gain detailed insights about foreign direct investment, recent policies and opportunity for investments in international business.						
Course Out Comes	On successful completion of the course the studerable to:	On successful completion of the course the students shall be able to:					
	CO1: Describe the concepts of Foreign Direct Inve	estment					
	CO2: Explain the regulatory framework of FDI						
	CO3: Summarize the impact of FDI policies on Home and Host country						
	CO4: Apply the FDI strategies for business devel	opment					
Course objective	The objective of the course is to familiarize the learners with the concepts of Foreign Direct Investment and attain Employability through Participative Learning techniques.						
Course Content:							
Module 1	Introduction to Foreign Direct Investment	11 Sessions					

Topics: Overview of Foreign Direct Investment- Definition and Types of FDI (Greenfield Investment, Brownfield Investment, Mergers & Acquisitions), Historical Context and Evolution of FDI, Importance of FDI in the Global Economy. Theories and Models of FDI, The Eclectic Paradigm (OLI Model), Internalization Theory, Product Life Cycle Theory, Market Imperfections Theory. Drivers and Determinants of FDI- Economic Factors (Market Size, Economic Stability, Growth Potential), Political and Legal Environment, Infrastructure and Technological Factor, Labor Market Conditions. Global Patterns and Trends in FDI- Regional Distribution of FDI, Sectoral Distribution of FDI, Emerging Markets and FDI, Recent Trends and Future Prospects

M- 1-1-0	The Regulatory		10
Module 2	and		Sessions
	Institutional		

Framework of FDI		

Topics: National Policies and Regulations- FDI Policies and Incentives, Entry and Operational Requirements, Restrictions and Performance Requirements, International Investment Agreements, Bilateral Investment Treaties (BITs), Multilateral Investment Agreements, Role of the World Trade Organization (WTO) in FDI. Role of International Organizations in FDI- United Nations Conference on Trade and Development (UNCTAD), International Monetary Fund (IMF), World Bank and International Finance Corporation (IFC). Investment Promotion Agencies and Their Functions- Role and Importance of Investment Promotion Agencies (IPAs), Strategies for Attracting FDI, Success Stories and Best Practices

	Impact of FDI		
Module 3	on Host and		
	Home		10
Wiodaic 5	Countries		Sessions

Topics: Economic Impact of FDI- Impact on Economic Growth and Development, Job Creation and Employment Effects, Technology Transfer and Innovation. Social and Environmental Impact of FDI- Social Benefits and Challenges, Environmental Considerations and Sustainability, Corporate Social Responsibility (CSR) in FDI. Political and Cultural Impact of FDI- Influence on Political Stability and Governance, Cultural Exchange and Adaptation, Managing Cross-Cultural Challenges. FDI and Development- FDI in Developing and Transition Economies, Role of FDI in Poverty Reduction, FDI and Sustainable Development Goals (SDGs)

Module 4	Strategies and Management		10 Sessions
	of FDI		363310113

Topics: Strategic Considerations for Multinational Enterprises (MNEs)- Entry Strategies (Wholly Owned Subsidiaries, Joint Ventures, Strategic Alliances), Location Strategy and Site Selection, Risk Management in FDI. Managing Foreign Subsidiaries- Organizational Structure and Control Human Resource Management in MNEs, Cross-Cultural Management and Communication. Performance Measurement and Evaluation of FDI- Financial Performance Metrics, Operational and Strategic Performance, Impact Assessment and Reporting. Future Trends and

Challenges in FDI- Digital Transformation and FDI, Geopolitical Risks and FDI, Sustainable and Responsible Investment Trends

Targeted Application & Tools that can be used: PPT, Videos and board & Chalk Method

Course Objective	The objective of the course concepts of Emerging techniques.	e is to far nologies	in log	istics a	nd Suppl	y Chain

Course Content:			
Module 1	Introduc tion to Logistics 4.0		10 sessions

Topics: The concept of Logistics 4.0- Nature, Characteristics, Comparison with Industry 3.0. The future of logistics industry- Logistics 4.0 and technological applications - Introduction to Internet of things, CPS-Internet of Services(IoS) - Smart Factories-Big Data-Marketplace analysis for e-commerce, Managing Digital Business Infrastructure, E-environment and Factors Driving E-Business. Different Models of IOT. Logistics 4.0 and Emerging Trends

Module 2 E Procure ment and E Logistics 10 ses	ssions
---	--------

Topics: IPA/RPA-process automation in purchasing and supply management-nature, characteristics, applications and technological challenges, E- Logistics Technologies Advance Ship Notice (ASN), Tracking systems, Satellite global positioning systems (GPS) and geographic information systems (GIS), Bar-coding and scanning, Digital Signature Technology, Wireless Technology – Radio Frequency Identification and Detection (RFID), -Digital Technology in Delivery-Drones, Unmanned Aerial Vehicles, Smart Forklifts, Pallet Movers, Crane - Assistance system for use across the distribution system-infobroker-integration portal-sensor based production information platform..

		1	
	Unlocki		
Module 3	ng digital innovati on		10 sessions

Topics: Intelligent Container - Emergence of new Containers in Cold Chain - Conc of new Containers - Impacts

of new containers on cold chain – growth potential for controlled atmosphere contai Digital Supply Chain –

Principles for driving technology in the supply chain – Case Study on Cool Chain Lo – The banana Chain.

Module 4	Creating Resilient Supply Chains			10 sessions
----------	---	--	--	-------------

Topics: Concept of Resilient Supply Chain, Principles of Designing a Resilient Supply Chain, Physical Features of a Resilient Supply Chain, Relationships within

a Resilient Supply Chain, Risk Compensation and Business Continuity. Latest updates in Resilient Supply Chain.

apaates min	comence supply	TIGHT.	
	Innovati		
	ve		
Module 5	Supply		
	Chain		10 sessions
	Technol		
	ogy		
	Tools		

Data science – Quality Control – Real-Time Deployment – Warehouse Efficiency – Predictive Strategies – Inventory, Supply, Demand Management, Tightening KPI – Reverse Management. Autonomous Mobile Robots – Truck Collaboration – Distributed Inventory – Driverless Vehicle and Drone Delivery – 3D Printing – Machine Learning Predictive tools – Fish bowl inventory – Real-time data simulator.

Course Out Comes	On successful completion of the course the students shall be able to: CO 1: Highlights the overview of purchasing management in					
	SCM.					
	CO 2: Explain the modern contemporary purchasing practices.					
	CO 3: Highlight the introduction to inventory management and					
	how demand analysis is					
	performed in SCM.					
	CO 4: Explain how the inventor	y plannir	ng a	nd fo	recasti	ng are
	performed in SCM.					
	CO 5: Analyze the recent trends management.	s in purc	has	ing aı	nd inv	entory

Course	The objective of	f the course is to fa	amiliarize the learne	ers with the
objective	concepts of Purchase and Inventory Management and attain			
	Employability	through <mark>Participa</mark>	ative Learning techi	<mark>niques.</mark>
Course Content:				
Module 1	Overview of purchase and inventory Management			10 sessions
or Buy or outsou	asing Organizat rcing - Pricing s -Negotiations	impact - Purcha - Contracts / P	Professional standa sing Cycle - Vendo urchase Orders - nt	or Analysis
Module 2	Purchasing Strategies			10 sessions
Purchasing Activ	ities - The proc	eurement cycle -	Computer-aided p	urchasing -
Blanket purchase	e orders - Ven	dor performance	e measurement -	Purchasing
performance mea	surement - Publi	c Buying - Purcha	sing & Forecasting	Techniques
-			Function - Moder	-
Practices - Decision	8	8		
Module 3	Inventory Management			10 sessions
Introduction to	Inventory - Typ	pes of Inventory	Objectives - 0	Concept of
Inventory - Need	d for holding st	tock - Planning a	and controlling sto	ck levels -
Effects of excess	s inventory on	business - Prod	uct Classification	- Demand
analysis - ABC a	nalysis - Produ	ct Coding - Prod	uct Handling Grou	ips
Module 4	Module title			10 sessions
of Inventory - Inv (MRP) - Works in	ventory Manager n Process Invent Spare Parts Inver	ment Systems - M ories - Finished g	entory Control - Rep aterials Requirement goods Inventories - ase and Inventory C	nt Planning Inventories
Module 5	Recent trends in purchase and inventory management			10 sessions

Warehouse Information, Decision Making Using Warehouse Information, ICT Applications in a Warehouse - Technology Aids in Retail Warehouse Management: Introduction, Objectives, Bar Code Scanners, Wireless LAN, Mobile Computers, Radio Frequency Identification (RFID) - Cloud based Technologies for Purchasing and Inventory Planning.

Targeted Application & Tools that can be used: PPT, Videos and board & Chalk Method

Project work/Assignment: Mention the Type of Project/Assignment proposed for this course:

- 33. Case study analysis on purchase and inventory management practices of the company
- 34. Class presentation on best practices in purchase and inventory management

Course Code: BBE3009	Course Title: Quality Management L-T - 3 0 3				
Version No.	1.0				
Course Pre-	Knowledge of Management				
requisites	Understand the importance of quality as a part of				
	Management domain				
Anti-requisites	Nil				
Course Description	This course emphasizes the importance of Quality management in all areas or segments of business and organizations. Students develop and specialize on various approaches to Quality and problem-solving methodology using Quality tools and also learn current practices in the field of Quality management systems.				
Course Out Comes	On successful completion of the course, the student shall be able to: CO 1. Describe the concept of quality and best practices (Knowledge) CO 2. Explain the factors leading to cost of quality (Comprehension) CO 3. Discuss various quality management tools (Comprehension) CO 4. Relate the advancement in technology with Quality Management (Application)				
Course objective	The objective of the course is to familiarize the learners with the concepts of Quality Management and attain Employability through Participative Learning techniques.				
Course Content:					
Module 1	Introduction 10 sessions				

Topics: Importance & relevance of Quality in management – History – Dimensions of quality – Evolution of Total quality principles. Quality practices: KAIZEN, KANBAN, JIT.

Module 2	Quality	
	practices	10
	1	
	and cost of	sessions
	quality	

Topics: Quality standards – ISO, Indian standards, Quality Audit, KAIZEN, KANBAN, JIT, –Cost of quality – Discretionary cost: Prevention – Appraisal – Consequential cost: Internal failure – External failure. Quality differentiation strategies, Quality strategic planning. COPQ- Cost of poor quality

	Quality		10
Module 3	control		sessions
	systems		565510115

Topics: Management tools for quality, tools for quality planning. Process Design & control., Fishbone diagram, Pareto chart, Lean quality manufacturing and Six sigma (DPMO).

Module 4	Quality		
	teams and		10
	recent trends		
	in quality		sessions
	management		

Topics: Importance of teams in TQM – Types of teams – Principles of empowerment – role of quality leader. Ethical values in quality. Implementing TQM – culture change required. Establishment of effective quality communication system. Introduction to e-QMS - Meaning & Steps in implementation of e-QMS. Remote Audits, Shared supplier audits. Quality management software – Types, Features, Benefits & Challenges.

Targeted Application: Application of quality practices Tools that can be used: MS office, MS excel, PowerPoint

Project work/Assignment: Presentation on Fish bone analysis

Present based on interaction with a corporate employee about quality management practices in the company

Course Code: BBE3010	Course Title: Warehouse Management	L-T - P-C	3	0	0	3
Version No.	1.0		ı			
Course Pre- requisites	Knowledge of Supply chain Manage	ment				
Anti-requisites	Nil					
Course Description	This is a theory course that aims at providing insights to the students about practices of warehouse management, role of warehouse in managing a business and impact of technological advancement on practices of warehouse management. Post completion of the course students will be able to gain conceptual insights of warehouse management.					
Course Out Comes	On successful completion of the course the students shall be able to: CO 1: Describe the relatedness between warehouse and Supply chain management. (Remember) CO2: Explain the role of warehousing in Retail. (Understand) CO3: Summarize the practices of warehousing operations (Understand) CO 4: Illustrate the impact of technological advancement on warehouse management (Apply)					

Course objective	The objective of the course i	is to familiarize the learners with the co	oncepts	
	of warehouse management	and attain <mark>Employability</mark> through Partic	<mark>ipative</mark>	
	Learning techniques.			
Course Content:				
	Supply Chain			
Module 1	and	10 ses	sions	
	Warehousing			
Topics: Introduction, Objectives, Supply Chain Impact on Stores and Warehousing, Retail				
Logistics Retail tran	enortation Issues in retail logis	istics		

Logistics, Retail transportation, Issues in retail logistics.

	Role of		
Module 2	Warehousing		10 sessions
	in Retail		

Topics: Introduction, Objectives, Retailing and Warehousing, Challenges in retail warehousing, Warehousing in fashion retail, Setting up a warehouse, Retail product tracking in warehouse using RFID, Types of warehouses, Benefits of warehousing, Role of government in warehousing, Characteristics of an ideal warehouse, Storing products in a warehouse, Warehousing — the way forward, Warehousing and Supply Chain.

Module 3	Strategic	
	Aspects of	
	Warehousing,	10 sessions
	Warehouse	10 sessions
	and its	
	Operations	

Topics: Introduction, Objectives, Different Types of Customers in Warehousing, Importance of Warehouse in a Value Chain, Warehouse Location, Modern Warehouse Operations, Worldclass Warehousing. Introduction, Objectives, Warehouse Structure, Warehouse Operations, Receiving inventory, Picking inventory, Locating inventory, Organising inventory, Despatching inventory, Equipment Used for a Warehouse.

N/- 11- /	Warehouse		10
Module 4	information		10 sessions

Introduction, Objectives, Importance of Warehouse Information, Decision Making Using Warehouse Information, ICT Applications in a Warehouse Technology Aids in Retail warehouse Management Introduction, Objectives, Bar Code Scanners, Wireless LAN, Mobile Computers, Radio Frequency Identification (RFID)

Targeted Application: Application of quality practices Tools that can be used: MS office, MS excel, PowerPoint
