AWARENESS ABOUT 'ACADEMIC BANK OF CREDITS' (ABC)

About ABC

Academic Bank of Credits has been established on the lines of the National Academic Depository (NAD), NAD is the backbone of ABC, where students' academic data are held and academic awards are stored (i.e. storehouse of academic awards).

Features of ABC Platform

The following features will be available for the students in the ABC application:

- Registration for a unique ABC ID (which can be shared between Academic Institutions for any course)
- Viewing of total credit accumulated under one window
- Selection of multiple credits of convenience for transfer or redemption
- Viewing of the Transfer request status
- Reinitiating credit transfer at their conveyance.

Working o f ABC

- The portal for accessing the Academic Bank of Credit website is www.abc.gov.in
- All HEIs and students can open their individual ABC accounts where a unique ID (ABC, Institutional and Student level IDs) and access are provided.
- A unique ABC ID is allotted to students registering with their mobile number through Digilocker.

www.presidencyuniversity.in

- The ID can be shared with the Academic Institution in which the student is enrolled.
- Then he/she can log in from the registered mobile to access the ABC Dashboard where the credits are displayed.
- The student can select the desired courses of his/her choice, accumulate the credits earned and initiate the transfer of credits with other necessary requirements to the institute of their choice.
- The institute further checks the eligibility criteria of the student based on UGC guidelines and accepts/rejects the transfer giving proper reasons.
- The students can check the request status at any time and will get notified of credit transfer.

All credit trials are maintained and reflected in the student's account

Benefits of ABC

- ABC, applicable to all students registered under the ABC platform within their own college/university, allows storing their semester-wise earned credits in the ABC platform.
- The HEIs can upload the credit details on the ABC platform so that students can check the credits earned during each semester.
- Credit transfer can be done seamlessly in case the student wishes to move to another institution.
- Students can redeem the credits for the attainment of Certificates, Diplomas or Degrees.
- Provides easy horizontal mobility for students across the country from one institute to another.
- Students can keep a track of the credit requirement for each level needed to move from one level to another.
- ABC provides the freedom to choose the courses of their interest and can enrol in any HEIs of their interest.
- On the establishment of the National Digital University is, the students can register for individuals courses in a particular domain and accumulate the credits earned and opt for the degree.
- Multiple entries and exits allow students to complete the course at their own pace and convenience.
- Life-long learning in both full-time and part-time modes is offered.
