Admissions Open 2025 - 2026

Introduction

Presidency School of Computer Science and Engineering offers cutting-edge B.Tech. programmes in cybersecurity, big data, IoT, DevOps, data science, blockchain, and more. With practical learning, global exposure, and strong industry ties, the school prepares students for the ever-evolving tech world. The school also offers M.Tech. programmes in Artificial Intelligence and Data Science.

The school has exceptionally good faculty who come with both industry and academic experience in their relevant disciplines. With a campus which has state-of-the-art technology, backed by labs and software tools as required for the programme, the school spares no effort to ensure the best is offered to students in these domains of studies.

Career Options

A CSE graduate has diverse career opportunities across various domains. They can pursue roles in software development (**Software Engineer, Full-Stack Developer, Mobile App Developer**), data science and AI (**Data Scientist, ML Engineer, NLP Engineer**), or cybersecurity (**Ethical Hacker, Security Analyst**). Opportunities also exist in cloud computing and DevOps (**Cloud Engineer, DevOps Engineer, SRE**), networking and system administration (**Network Engineer, Systems Administrator**), and emerging tech (**AR/VR Developer, Game Developer, Robotics Engineer**). With numerous specialisations, graduates can align their careers with industry demands and personal interests.

Eligibility

B.Tech.

Candidates applying to B.Tech. programmes must have passed the 10+2 examination with Physics/Mathematics as compulsory subjects, along with optional subjects like Chemistry/Computer Science/Electronics/Information Technology/Biology/Informatics Practices/Biotechnology/Technical Vocational Subject/Agriculture/Engineering Graphics/Business Studies. They must have obtained at least 45% marks (40% for candidates belonging to reserved categories) in the above subjects combined.

B.Tech. (Lateral)

Candidates seeking admission to the B.Tech. Lateral Entry programme must meet one of the following eligibility criteria:

Diploma Holders: Must have successfully completed a minimum three-year Diploma or two-year (Lateral Entry) Diploma in a relevant branch of Engineering and Technology, with a minimum of 45% marks (40% for candidates from reserved categories).

B.Sc. Graduates: Must have obtained a B.Sc. degree from a recognised university (as per UGC guidelines) with a minimum of 45% marks (40% for reserved category candidates) and must have studied Mathematics at the 10+2 level.

B.Voc./D.Voc. Graduates: Candidates who have completed a B.Voc. or three-year D.Voc. programme in the same, or an allied sector are also eligible. Universities may offer bridge courses in subjects such as Mathematics, Physics, and Engineering Drawing to ensure students from diverse academic backgrounds attain the required learning outcomes.

M.Tech.

Candidates applying to M.Tech. programme must possess a Bachelor's Degree or equivalent. The student should obtain at least 50% marks (45% marks in case of candidates belonging to reserved categories) in the qualifying examination, in a relevant branch of Engineering and Technology as mentioned in the AICTE APH 2024-25.

Why Presidency University?

- **Industry-Aligned Curriculum** – Focuses on practical learning, emerging technologies, and design thinking to meet industry demands.
- **State-of-the-Art Infrastructure** – Specialised computer labs, modern research centres, and tech-driven learning spaces.
- **Skill & Leadership Development** – The B.Tech curriculum is skill-based, with integrated soft skills training and social outreach programmes for career readiness.
- **Global Opportunities** – Offers student exchange programmes and seamless progression to Master's programmes under the same fee structure.

Programmes Offered

B.Tech.

- Computer Science & Engineering
- CSE (Artificial Intelligence & Machine Learning)
- CSE (Data Science)
- CSE (Cyber Security)
- CSE (Block Chain)
- CSE (Internet of Things)
- CST (Big Data)
- CST (DevOps)
- Information Science & Engineering
- Information Science & Technology
- Artificial Intelligence & Data Science
- Robotics & Artificial Intelligence

M.Tech.

- Data Science
- Artificial Intelligence

Make Memories for Life at Presidency University

- Presidency School of Computer Science & Engineering
- Presidency School of Information Science
- Presidency School of Engineering
- Presidency School of Management
- Presidency School of Commerce
- Presidency School of Law
- Presidency School of Design
- Presidency School of Media Studies
- Presidency School of Liberal Arts & Sciences
- Presidency School of Allied Health Sciences
