PART A - PROGRAM REGULATIONS

1. Vision & Mission of the University and the School / Department

1.1 Vision of the University

To be a Value-driven Global University, excelling beyond peers and creating professionals of integrity and character, having concern and care for society.

1.2 Mission of the University

- Commit to be an innovative and inclusive institution by seeking excellence in teaching, research and knowledge-transfer.
- Pursue Research and Development and its dissemination to the community, at large.
- Create, sustain and apply learning in an interdisciplinary environment with consideration for ethical, ecological and economic aspects of nation building.
- Provide knowledge-based technological support and services to the industry in its growth and development.
- To impart globally applicable skill sets to students through flexible course offerings and support industry's requirement and inculcate a spirit of new-venture creation.

1.3. Vision Statement of Presidency School of Commerce and Economics

To become a value-based, business-based Commerce and Economics School dedicated to creating a positive impact on commerce, the economy and society.

1.4 Mission Statement of Presidency School of Commerce and Economics

- Equip students with the knowledge, skills, and abilities to succeed in the world of commerce.
- Empower students to make proactive decisions in the face of economic and business-related challenges.
- Sensitize students to embrace lifelong learning in a technology-enabled environment.
- Foster strategic alliances with industry and academia for research and its practical application.
- Instil entrepreneurial and leadership skills to address social, environmental and community needs.

2. Preamble to the Program Regulations and Curriculum

This is the subset of Academic Regulations, and it is to be followed as a requirement for the award of BBA (Aviation Management) degree.

The Curriculum is designed to take into the factors listed in the Choice Based Credit System (CBCS) with focus on Internship, Dissertation and Social Immersion project to enable the students to become eligible and fully equipped for employment in industries, choose higher studies or entrepreneurship.

In exercise of the powers conferred by and in discharge of duties assigned under the relevant provision(s) of the Act, Statutes and Academic Regulations of the University, the Academic Council hereby makes the following Regulations.

3. Short Title and Applicability

- a. These Regulations shall be called the Bachelor of Business Administration (Aviation Management) Degree Program Regulations and Curriculum 2024-2027.
- b. These Regulations are subject to, and pursuant to the Academic Regulations.
- c. These Regulations shall be applicable to the ongoing Bachelor of Business Administration (Aviation Management) Degree Programs of the 2024-2027 batch, and to all other Bachelor of Business Administration (Aviation Management) Degree Programs which may be introduced in future.
- d. These Regulations shall supersede all the earlier Bachelor of Business Administration (Aviation Management) Degree Program Regulations and Curriculum, along with all the amendments thereto.
- e. These Regulations shall come into force from the Academic Year 2024-2025.

4. Definitions

In these Regulations, unless the context otherwise requires:

- a. "Academic Calendar" means the schedule of academic and miscellaneous events as approved by the Vice Chancellor;
- b. "Academic Council" means the Academic Council of the University;
- c. "Academic Regulations" means the Academic Regulations, of the University;
- d. "Academic Term" means a Semester or Summer Term;
- e. "Act" means the Presidency University Act, 2013;
- f. "AICTE" means All India Council for Technical Education;
- g. "Basket" means a group of courses bundled together based on the nature/type of the course;
- *h.* "BOE" means the Board of Examinations of the University;
- *i.* "BOG" means the Board of Governors of the University;
- *j.* "BOM" means the Board of Management of the University;
- *k.* "BOS" means the Board of Studies of a particular Department/Program of Study of the University;
- *l. "CGPA" means Cumulative Grade Point Average as defined in the Academic Regulations;*
- m. "Clause" means the duly numbered Clause, with Sub-Clauses included, if any, of these Regulations;
- *n.* "COE" means the Controller of Examinations of the University;
- o. "Course In Charge" means the teacher/faculty member responsible for developing and organising the delivery of the Course;
- p. "Course Instructor" means the teacher/faculty member responsible for teaching and evaluation of a Course;
- *q.* "Course" means a specific subject usually identified by its Course-code and Course-title, with specified credits and syllabus/coursedescription, a set of references, taught by some teacher(s)/course-instructor(s) to a specific class (group of students) during a specific Academic Term;
- r. "Curriculum Structure" means the Curriculum governing a specific Degree Program offered by the University, and, includes the set of Baskets of Courses along with minimum credit requirements to be earned under each basket for a degree/degree with specialization/minor/honours in addition to the relevant details of the Courses and Course catalogues (which describes the Course

content and other important information about the Course). Any specific requirements for a particular program may be brought into the Curriculum structure of the specific program and relevant approvals should be taken from the BOS and Academic Council at that time.

- s. "DAC" means the Departmental Academic Committee of a concerned Department/Program of Study of the University;
- t. "Dean" means the Dean / Director of the concerned School;
- u. "Degree Program" includes all Degree Programs;
- v. "Department" means the Department offering the degree Program(s) / Course(s) / School offering the concerned Degree Programs / other Administrative Offices;
- w. "Discipline" means specialization or branch of BBA Degree Program;
- *x.* "HOD" means the Head of the concerned Department;
- y. "L-T-P-C" means Lecture-Tutorial-Practical-Credit refers to the teaching learning periods and the credit associated;
- z. "MOOC" means Massive Open Online Courses;
- aa. "MOU" means the Memorandum of Understanding;
- bb. "NPTEL" means National Program on Technology Enhanced Learning;
- cc. "Parent Department" means the department that offers the Degree Program that a student undergoes;
- dd. "Program Head" means the administrative head of a particular Degree Program/s;
- ee. "Program Regulations" means the Bachelor of Business Administration(Aviation Management) Degree Program Regulations and Curriculum, 2024-2027;
- ff. "Program" means the Bachelor of Business Administration (BBA (Aviation Management)) Degree Program;
- gg. "PSOC&E" means the Presidency School of Commerce and Economics;
- hh. "Registrar" means the Registrar of the University;
- *ii.* "School" means a constituent institution of the University established for monitoring, supervising and guiding, teaching, training and research activities in broadly related fields of studies;
- jj. "Section" means the duly numbered Section, with Clauses included in that Section, of these Regulations;
- kk. "SGPA" means the Semester Grade Point Average as defined in the Academic Regulations;

II. "Statutes" means the Statutes of Presidency University;

mm. "Sub-Clause" means the duly numbered Sub-Clause of these Program Regulations;

- nn. "Summer Term" means an additional Academic Term conducted during the summer break (typically in June-July) for a duration of about eight (08) calendar weeks, with a minimum of thirty (30) University teaching days;
- oo. "SWAYAM" means Study Webs of Active Learning for Young Aspiring Minds.
- pp. "UGC" means University Grants Commission;
- qq. "University" means Presidency University, Bengaluru; and
- rr. "Vice Chancellor" means the Vice Chancellor of the University.

5. Program Description

The Bachelor of Business Administration (Aviation Management) Program Regulations and Curriculum 2024-2027 are subject to, and, pursuant to the Academic Regulations. These Program Regulations shall be applicable to the ongoing Bachelor of Business Administration (Aviation Management) Degree Program, abbreviated as (BBA(Aviation Management)) of 2024-2027 offered by the Presidency School of Commerce and Economics (PSOC&E).

5.1 These Program Regulations shall be applicable to other similar programs, which may be introduced in future.

5.2 These Regulations may evolve and get amended or modified or changed through appropriate approvals from the Academic Council, from time to time, and shall be binding on all concerned.

5.3 The effect of periodic amendments or changes in the Program Regulations, on the students admitted in earlier years, shall be dealt with appropriately and carefully, so as to ensure that those students are not subjected to any unfair situation whatsoever, although they are required to conform to these revised Program Regulations, without any undue favour or considerations.

6. Minimum and Maximum Duration

- 6.1 Bachelor of Business Administration (Aviation Management) Degree Program is a Three-Year, Full-Time Semester based program. The minimum duration of the BBA(Aviation Management) Program is three (03) years and each year comprises of two academic Semesters (Odd and Even Semesters) and hence the duration of the BBA(Aviation Management) program is six (06) Semesters.
- 6.2 A student who for whatever reason is not able to complete the Program within the normal period or the minimum duration (number of years) prescribed for the Program, may be allowed a period of two years beyond the normal period to complete the mandatory minimum credits requirement as prescribed by the concerned Program Regulations and Curriculum. In general, the permissible maximum duration (number of years) for completion of Program is 'N' + 2 years, where 'N' stands for the normal or minimum duration (number of years) for completion of the concerned Program as prescribed by the concerned Program Regulations and Curriculum.
- 6.3 The time taken by the student to improve Grades/CGPA, and in case of temporary withdrawal/re-joining (Refer to Clause 16.1 of the Academic Regulation), shall be counted in the permissible maximum duration for completion of a Program.
- 6.4 In exceptional circumstances, such as temporary withdrawal for medical exigencies, where there is a prolonged hospitalization and/or treatment, as certified through hospital/medical records, female students requiring extended maternity break (certified by registered medical practitioner), and, outstanding sportspersons representing the University/State/India requiring extended time to participate in National/International sports events, a further extension of one (01) year may be granted on the approval of the Academic Council.
- 6.5 The enrolment of the student who fails to complete the mandatory requirements for the award of the concerned Degree, in the prescribed maximum duration (Clauses 18.1 and 18.2 of Academic Regulations), shall stand terminated and no Degree shall be awarded.

7 Programme Educational Objectives (PEO)

After three years of successful completion of the program, the graduates shall be able to:

PEO1. Demonstrate innovative skills, moral ethical values as successful business administrator.

PEO2. Engage in lifelong learning through higher studies and professional development.

PEO3. Serve the society as creative and effective entrepreneur.

8 Programme Outcomes (PO) and Programme Specific Outcomes (PSO)

8.1 Programme Outcomes (PO)

On successful completion of the Program, the students shall be able to:

PO1. Integrate functional knowledge and apply managerial skills in improving business environment.

PO2. Identify various management function problems in different management functions and solve through strategic planning, critical thinking and innovation.

PO3. Effectively communicate with different stakeholders.

PO4. Realize and follow professional and ethical principles.

PO5. Demonstrate commitment to continuous learning.

PO6. Function in multidisciplinary teams.

PO7. Desire to go for higher education in business administration.

8.2 Program Specific Outcomes (PSOs):

On successful completion of the BBA (Aviation Management) program from Presidency University, the student shall be able to:

- **PSO-1:** Apply the concept of aviation management principles
- **PSO-2:** Understand the management skills through internship training.
- **PSO-3:** Demonstrate critical thinking skills in understanding managerial issues and problems related to the global economy and international business in aviation and allied industries.

9 Admission Criteria

The University admissions shall be open to all persons irrespective of caste, class, creed, gender or nation. The admission criteria to the BBA (Aviation Management) Program is listed in the following Clauses:

- 9.1 An applicant who has successfully completed Pre-University course or Senior Secondary School course (+2) or equivalent such as (11+1), 'A' level in Senior School Leaving Certificate Course, with a minimum aggregate of 40% marks, from a recognized university of India or outside or from a Senior Secondary Board or equivalent, constituted or recognized by the Union or by the State Government of that Country, for the purpose of issue of qualifying certificate, on successful completion of the course, may apply for and be admitted into the Program.
- 9.2 Reservation for the SC / ST and other backward classes shall be made in accordance with the directives issued by the Government of Karnataka from time to time.
- 9.3 Admissions are offered to Foreign Nationals and Indians living abroad in accordance with the rules applicable for such admission, issued from time to time, by the Government of India.
- 9.4 Candidates must fulfil the medical standards required for admission as prescribed by the University.
- 9.5 If, at any time after admission, it is found that a candidate had not in fact fulfilled all the requirements stipulated in the offer of admission, in any form whatsoever, including possible misinformation and any other falsification, the Registrar shall report the matter to the Board of Management (BOM), recommending revoking the admission of the candidate.
- 9.6 The decision of the BOM regarding the admissions is final and binding.

10. Transfer of student(s) from another recognized University to the 2nd year

(3rd Semester) of the BBA (Aviation Management) Program of the University

A student who has completed the 1st Year (i.e., passed in all the Courses / Subjects prescribed for the 1st Year) of the BBA (Aviation Management) Three-Year Degree Program from another recognized University, may be permitted to transfer to the 2nd Year (3rd Semester) of the BBA (Aviation Management) Program of the University as per the rules and guidelines prescribed in the following Clauses:

- 10.1 The student shall submit the Application for Transfer along with a non-refundable Application Fee (as prescribed by the University from time to time) to the University no later than July 10 of the concerned year for admission to the 2nd Year (3rd Semester) BBA (Aviation Management) Program commencing on August on the year concerned.
- 10.2 The student shall submit copies of the respective Marks Cards / Grade Sheets / Certificates along with the Application for Transfer.
- 10.3 The transfer may be provided on the condition that the Courses and Credits completed by the concerned student in the 1st Year of the BBA (Aviation Management) Three Degree Program from the concerned University, are declared equivalent and acceptable by the Equivalence Committee constituted by the Vice Chancellor for this purpose. Further, the Equivalence Committee may also prescribe the Courses and Credits the concerned students shall have to mandatorily complete, if admitted to the 2nd Year of the BBA(Aviation Management) Program of the University.
- 10.4 The Program allotted to the student concerned shall be the decision of the University and binding on the student.

11. Change of Program

A student admitted to a particular BBA (Aviation Management) program will normally continue studying in that Program till the completion of the program. However, the University reserves the right to provide the option for a change of Program, or not to provide the option for a change of Program at the end of 1st semester of the degree to eligible students in accordance with the rules framed by the University from time to time.

- 11.1 Normally, only those students, who have passed all the Courses prescribed for the 1st Semester of the degree Program and obtained a CGPA of not less than 6.00 at the end of the first Semester, shall be eligible for consideration of a change of program.
- 11.2 Change of Program, if provided, shall be made effective from the commencement of the 2nd Semester of the Degree Program. There shall be no provision for change of Program thereafter under any circumstances whatsoever.
- 11.3 The student(s) provided with the change of program shall fully adhere to and comply with the Program Regulations and Curriculum of the concerned Program, the Fee Policy pertaining to that Program, and, all otherrules pertaining to the changed Program existing at the time.
- 11.4 Change of program once made shall be final and binding on the student. No student shall be permitted, under any circumstances, to refuse the change of program offered.
- 11.5 The eligible student may be allowed a change in Program, strictly in order of inter se merit, subject to the conditions given below:
 - 11.5.1 The actual number of students in the second semester in any particular program to which the transfer is to be made, should not exceed the sanctioned strength by more than 5%, and,
 - 11.5.2 The actual number of students in any program from which transfer is being sought does not fall below 75% of the total sanctioned intake.
 - 11.5.3 The process of change of program shall be completed on the first five (5) days of the Registration for the 2nd Semester.

- 12 Specific Regulations regarding Assessment and Evaluation (including the Assessment Details of NTCC Courses, Weightages of Continuous Assessment and End Term Examination for various Course Categories)
 - **12.1** The academic performance evaluation of a student in a Course shall be according to the University Letter Grading System based on the class performance distribution in the Course.
 - 12.2 Academic performance evaluation of every registered student in every Course registered by the student is carried out through various components of Assessments spread across the Semester. The nature of components of Continuous Assessments and the weightage given to each component of Continuous Assessments (refer Clause 8.8 of Academic Regulations) shall be clearly defined in the Course Plan for every Course, and approved by the DAC.
 - **12.3** Format of the End-Term examination shall be specified in the Course Plan.
 - **12.4** Grading is the process of rewarding the students for their overall performance in each Course. The University follows the system of Relative Grading with statistical approach to classify the students based on the relative performance of the students registered in the concerned Course except in the following cases:
 - Non-Teaching Credit Courses (NTCC)
 - Courses with a class strength less than 30

Absolute grading method may be adopted, where necessary with prior approval of concerned DAC.

Grading shall be done at the end of the Academic Term by considering the aggregate performance of the student in all components of Assessments prescribed for the Course. Letter Grades (Clause 8.10 of Academic Regulations) shall be awarded to a student based on her/his overall performance relative to the class performance distribution in the concerned Course. These Letter Grades not only indicate a qualitative assessment of the student's performance but also carry a quantitative (numeric) equivalent called the Grade Point.

12.5 Assessment Components and Weightage

Table 1: Assessment Components and Weightage for different category of Courses				
Nature of Course and Structure	Evaluation Component	Weightage		
Lecture-based Course	Continuous Assessments	50%		
L component in the L-T-P Structure is predominant (more than 1) (Examples: 3-0-0; 3-0-2; 2-1-0; 2-0-2, 2-0-4 etc.)	End Term Examination	50%		
Lab -based Course	Continuous Assessments	75%		
P component in the L-T-P Structure is predominant (Examples: 0-0-4; 1-0-4; 1-0-2; etc.)	End Term Examination (Lab Only)	25%		
Practice- based Course L component in the L-T-P Structure is 0 (Example: 0-0-2 etc.)	Continuous Assessments	100%		
Skill based Courses like Internship, Dissertation / Social Engagement and such similar Non-Teaching Credit Courses, where the pedagogy does not lend itself to a typical L-T-P structure	Guidelines for the assessment compo types of Courses, with recommended specified in the concerned Progra Curriculum / Course Plans, as applic	weightages, shall be m Regulations and		

The exact weightages of Evaluation Components shall be clearly specified in the concerned PRC and respective Course Plan.

Normally, for Practice/Skill based Courses, without a defined credit structure (L–T–P) [NTCC], but with assigned Credits (as defined in clause 5.2 of Academic Regulation), the method of evaluation shall be based only on Continuous Assessments. The various components of Continuous Assessments, the distribution of weightage among such components, and the method of evaluation/assessment, shall be as decided and indicated in the Course Plan/PRC. The same shall be approved by the respective DAC.

12.6 Minimum Performance Criteria:

12.6.1 Theory only Course and Lab/Practice Embedded Theory Course

A student shall satisfy the following minimum performance criteria to be eligible to earn the credits towards the concerned Course:

- a. A student must obtain a minimum of 30% of the total marks/weightage assigned to the End Term Examinations in the concerned Course.
- b. The student must obtain a minimum of 40% of the AGGREGATE of the marks/weightage of the components of Continuous Assessments, Mid Term Examinations and End Term Examinations in the concerned Course.

12.6.2 Lab/Practice only Course and Project Based Courses

The student must obtain a minimum of 40% of the AGGREGATE of the marks/weightage of all assessment components in the concerned Course.

12.6.3 A student who fails to meet the minimum performance criteria listed above in a Course shall be declared as "Fail" and given "F" Grade in the concerned Course. For theory Courses, the student shall have to re-appear in the "Make-Up Examinations" as scheduled by the University in any subsequent semester, or, re-appear in the End Term Examinations of the same Course when it is scheduled at the end of the following Semester or Summer Term, if offered. The marks obtained in the Continuous Assessments (other than the End Term

Examination) shall be carried forward and be included in computing the final grade, if the student secures the minimum requirements (as per Clause 8.9.1, 8.9.2 of Academic Regulations) in the "Make-Up Examinations" of the concerned Course. Further, the student has an option to re-register for the Course and clear the same in the summer term/ subsequent semester if he/she wishes to do so, provided the Course is offered.

13 Additional clarifications - Rules and Guidelines for Transfer of Credits from MOOC, etc.

The University allows students to acquire credits from other Indian or foreign institutions and/or Massive Open Online Course (MOOC) platforms, subject to prior approval. These credits may be transferred and counted toward fulfilling the minimum credit requirements for the award of a degree. The process of transfer of credits is governed by the following rules and guidelines:

- **13.1** The transfer of credits shall be examined and recommended by the Equivalence Committee (Refer Annexure 'b' of Academic Regulations) and approved by the Dean Academics.
- **13.2** Students may earn credits from other Indian or foreign Universities/Institutions with which the University has an MOU, and that MOU shall have specific provisions, rules and guidelines for transfer of credits. These transferred credits shall be counted towards the minimum credit requirements for the award of the degree.
- **13.3** Students may earn credits by registering for Online Courses offered by *Study Web of Active Learning by Young and Aspiring Minds* (SWAYAM) and *National Program on Technology Enhanced Learning* (NPTEL), or other such recognized Bodies/ Universities/Institutions as approved by the concerned BOS and Academic Council from time to time. The concerned School/Parent Department shall publish/include the approved list of Courses and the rules and guidelines governing such transfer of credits of the concerned Program from time to time. The Rules and Guidelines for the transfer of credits specifically from the Online Courses conducted by SWAYAM/ NPTEL/ other approved MOOCs are as stated in the following Sub-Clauses:
 - **13.3.1** A student may complete SWAYAM/NPTEL/other approved MOOCs as mentioned in Clause 13.3 of Academic Regulations and transfer equivalent credits to partially or fully complete the mandatory credit

requirements of Discipline Elective Courses and/or the mandatory credit requirements of Open Elective Courses as prescribed in the concerned Curriculum Structure. However, it is the sole responsibility of the student to complete the mandatory credit requirements of the Discipline Elective Courses and the Open Elective Courses as prescribed by the Curriculum Structure of the concerned Program.

- **13.3.2** SWAYAM/NPTEL/ other approved MOOCs as mentioned in Clause 13.3 of Academic Regulations, shall be approved by the concerned Board of Studies.
- **13.3.3** Parent Departments may release a list of SWAYAM/NPTEL/other approved MOOCs for Pre-Registration as per schedule in the Academic Calendar or through University Notification to this effect.
- **13.3.4** Students may Pre-Register for the SWAYAM/NPTEL/other approved MOOCs in the respective Departments and register for the same Courses as per the schedule announced by respective Online Course Offering body/institute/ university.
- **13.3.5** A student shall request for transfer of credits only from such approved Courses as mentioned in Sub-Clause 13.3.2 above.
- **13.3.6** SWAYAM/NPTEL/other approved MOOCs Courses are considered for transfer of credits only if the concerned student has successfully completed the SWAYAM/NPTEL/other approved MOOCs and obtained a certificate of successful/satisfactory completion.
- **13.3.7** A student who has successfully completed the approved SWAYAM/NPTEL/ other approved MOOCs and wants to avail the provision of transfer of equivalent credits, must submit the original Certificate of Completion, or such similar authorized documents to the Dean/ Director/ HOD concerned, with a written request for the transfer of the equivalent credits. On verification of the Certificates/Documents and approval by the Dean/Director/HOD concerned, the Course(s) and equivalent Credits shall be forwarded to the COE for processing of results of the concerned Academic Term.

13.3.8 The credit equivalence of the SWAYAM/NPTEL/other approved MOOCs are based on Course durations and/or as recommended by the Course offering body/institute/university. The Credit Equivalence mapped to SWAYAM/ NPTEL approved Courses based on Course durations for transfer of credits is summarised in Table shown below. The Grade will be calculated from the marks received by the Absolute Grading (Table 8.11 in Academic Regulations).

Table 2: Durations and Credit Equivalence for Transfer of Credits from SWAYAM-NPTEL/ other approved MOOC Courses					
Sl. No. Course Duration Credit Equivalence					
1	4 Weeks	1 Credit			
2	8 Weeks	2 Credits			
3	12 Weeks	3 Credits			

- **13.3.9** The maximum permissible number of credits that a student may request for credit transfer from MOOCs shall not exceed 20% of the mandatory minimum credit requirements specified by the concerned Program Regulations and Curriculum for the award of the concerned Degree.
- **13.3.10** The University shall not reimburse any fees/expense; a student may incur for the SWAYAM/NPTEL/other approved MOOCs.
- **13.4** The maximum number of credits that can be transferred by a student shall be limited to forty percent (40%) of the mandatory minimum credit requirements specified by the concerned Program Regulations and Curriculum for the award of the concerned Degree. However, the grades obtained in the Courses transferred from other Institutions/MOOCs, shall not be included in the calculation of the CGPA.

14. Structure / Component with Credit Requirements Course Baskets & Minimum Basket wise Credit Requirements

The BBA (Aviation Management) Program Structure (2024-2027) has a total of 125 credits. Table 3 summarizes the type of baskets, number of courses under each basket and the associated credits that are mandatorily required for the completion of the Degree.

	Table 3: BBA (Aviation Management) 2024-2027: Summary of Mandatory Courses andMinimum Credit Contribution from various Baskets				
S1. No.	Baskets	Credit Contribution			
1	Core Courses	63			
2	Ability Enhancement Courses (AEC)	8			
3	Skill Enhancement Courses (SEC)	7			
	a) Internship	2			
	b) Dissertation	6			
4	Value Added Courses (VAC)	6			
5	Discipline Elective Courses	24			
6	Multidisciplinary Open Electives	9			
	Total Credits	125 (Minimum)			

15. Minimum Total Credit Requirements of Award of Degree

A minimum of 125 credits is required to be eligible for the award of BBA(Aviation Management) degree.

16. Other Specific Requirements for Award of Degree, if any, as prescribed by the Statutory Bodies

- 16.1 The award of the Degree shall be recommended by the Board of Examinations and approved by the Academic Council and Board of Management of the University.
- 16.2 A student shall be declared to be eligible for the award of the concerned Degree if she/he:
 - a. Fulfilled the Minimum Credit Requirements and the Minimum Credits requirements under various baskets.
 - b. Secure a minimum CGPA of 4.50 in the concerned Program at the end of the Semester/Academic Term in which she/he completes all the requirements for the award of the Degree as specified in Sub-Clause a of Academic Regulations;
 - c. No dues to the University, Departments, Hostels, Library, and any other such Centres/ Departments of the University; and
 - d. No disciplinary action is pending against her/him.

*Open Electives courses offered by other schools in a semester and as approved by the BOS will be added to the above list and will be made available for the students for Pre-Registration.

18. Practical / Skill based Courses - Internships / Dissertation / Project Work

Practical / Skill based Courses like internship, dissertation, Social immersion project , and such similar courses, where the pedagogy does not lend itself to a typical L-T-P-C Structure as defined in Clause 5.1 of the Academic Regulations, are simply assigned the number of Credits based on the quantum of work / effort required to fulfil the learning objectives and outcomes prescribed for the concerned Courses. Such courses are referred to as Non-Teaching Credit Courses (NTCC). These Courses are designed to provide students with hands-on experience and skills essential for their professional development. These courses aim to equip students with abilities in problem identification, root cause analysis, problem-solving, innovation, and design thinking through industry exposure and project-based learning. The expected outcomes are first level proficiency in problem solving and design thinking skills to better equip BBA (Aviation Management) graduates for their professional careers. The method of evaluation and grading for the Practical / Skill based Courses shall be prescribed and approved by the concerned Departmental Academic Committee (refer Annexure A of the Academic Regulations). The same shall be prescribed in the Course plan.

18.1 *Internship*

A student may undergo an internship for a period of 6 to 8 weeks in a company or organization during the Semester Break between 4th and 5th semester subject to the following conditions:

- **18.1.1** The Internship shall be in conducted in accordance with the Internship Policy prescribed by the School from time to time.
- **18.1.2** A student may opt for Internship in an Industry / Company/ Organization or academic / research institution of her / his choice, subject to the condition that the concerned student takes the responsibility to arrange the Internship on her / his own. Provided further, that the Industry / Company / Organization or academic / research institution offering such Internship confirms to the University that the Internship shall be conducted in accordance with the Program Regulations and Internship Policy of the School.
- **18.1.3** A student selected for an Internship in an industry / company or academic / research institution shall adhere to all the rules and guidelines prescribed in the Internship Policy of the School.
- **18.1.4** As per the Academic Regulations, 'S' grade is awarded for "satisfactory completion" of the Internship and 'NC' grade is awarded for "non-completion" of the Internship. The student who receives the "NC" grade shall repeat the Internship, until the concerned student secures the "S" grade in the Internship. The "S" and "NC" grades is subject to fulfilling the requirements as stated in the course plan and do not carry grade points. Hence not included in the SGPA, CGPA computations.

18.2 Dissertation

Every student shall, carryout dissertation under the overall supervision of the supervisor(s) during the VI semester of the program.

- 18.2.1 The dissertation offers an opportunity to the student(s) to explore a topic in depth. The dissertation would entail an investigation, together with the written report and interpretation thereof. The dissertation could either be of an exploratory type or a prescriptive type with a focus on its applicability to management situations. It may be a case study, a study of a policy problem, a historical study, development of a new method, comparison of two or more methods, formulation and testing a hypothesis relevant to some areas of management. The dissertation can also be field/library-based study or both. Normally, only a faculty member of the school concerned shall be allowed to supervise a dissertation. If the topic of a dissertation warrants, at the most two faculty members of the same School may be allowed to supervise a dissertation/project work. Considering the interdisciplinary nature of the work involved a faculty from other School and/or from industry/corporate organization active in the area in which the work is being carried may be allowed, to be associated as a co-supervisor.
- **18.2.2** The Faculty Coordinator(s) shall, in consultation with the Dean concerned, finalize the topic for dissertation along with the name(s) of the supervisor(s) at the beginning of Semester VI. For this purpose, the Coordinator shall take into account the relevance of the topic on which the candidate proposes to work. However, the Coordinator may, ifhe considers it necessary or expedient, ask a student to carry out dissertation on a topic other than the topic proposed by the student and/or under a supervisor other than the one under whom the student proposed to carryout his/her dissertation.
- **18.2.3** Midcourse alteration/ modification in the scope of dissertation would need explicit approval from the Dean of the School. The Coordinator shall prepare a list comprising the names of the students, topic allotted to each of them along with the name of the supervisor(s) and submit it to the Dean.
- **18.2.4** A certificate in the prescribed format to the effect that the dissertation carried out by the student independently or in collaboration with other student(s) issued by the Supervisor(s) concerned and endorsed by the Faculty

Coordinator concerned, shall form the part of the submission for evaluation.

- **18.2.5** Every student who spends a specified period of time in an industry/organization/institute for reasons of work related to his/her dissertation, with prior permission from the Faculty Coordinator concerned will explicitly acknowledge working in the relevant industry/organization/institute.
- 18.2.6 The dissertation should typically be between 30 to 50 pages. Students are required to submit their dissertation in the VI Semester within the specified timeframe. If a student fails to submit the dissertation by the deadline, they will be assigned a placeholder grade 'I' in cases of exceptional circumstances, such as medical emergencies or the death of an immediate family member. In all other cases, a grade of 'F' will be awarded. The student will be required to repeat the dissertation in the appropriate semester of the following academic session, provided that other regulations allow for the continuation of their studies at the University..
- 18.2.7 The student shall submit to Program Coordinator one printed soft bound copy of his/her dissertation.
- 18.2.8 An Assessment Committee constituted by the Dean / Director/ HOD of the School comprising internal and external membersshall conduct Viva-Voce on dissertation.
- **18.2.9** The Evaluation components for dissertation and the respective weightages are detailed in Table 5:

Table - 5					
Dissertation Evaluation Components and Weightage					
Evaluation Components	Weightage (of the total marks)				
Dissertation Report	50 %				
Supervisor Evaluation and	20%				
Feedback					
Viva-Voce	30 %				

18.3 Social Immersion Project

The objective of a Social Immersion Project is to sensitize and inculcate commitment to social and environmental issues and make a contribution through service and experiential learning. The outcome is to produce graduates who are sensitized and committed to serving the social and environmental needs of society. The Social Immersion Project is a 1-credit course involving 15 hours of engagement, which may be completed either in one continuous session or through periodic intervals with one or more organizations. The student is required to complete this during the 6th Semester of the Program. The nature and details of the Social Immersion Project shall be approved by the concerned Departmental Academic Committee (DAC). As per the Academic Regulations, the 'S' grade is awarded for "satisfactory completion" of the Course and 'NC' grade is awarded for "non-completion" of the Course. The student who receives the "NC" grade shall repeat the Social Immersion Project (it may be another type of Project as approved by the concerned DAC) until the concerned student secures the "S" grade in the Social Immersion Project. The "S" and "NC" grades is subject to fulfilling the requirements as stated in the course plan and do not carry grade points. Hence this is not included in the SGPA, CGPA computations.

19. List of MOOC (NPTEL) Courses

The MOOC Courses list will be announced by the school at the time of Pre-Registration for the respective Semester post approval from DAC and BOS.

Course Code: BAV3017	Course Title: Airport Operations - Advanced	L- T-P- C	3	1	0	4
Version No.	1.0	1			1	
Course Pre-	Basic Communication					
requisites	Knowledge of Airport operations basic					
Anti-requisites	Nil					
Course Description	This conceptual course provides detailed and in-depth information about procedures to be followed at airport landside and airside areas. The course emphasizes operational readiness, how the cargo is handled within the terminal and at the apron, detailed documentation, and carrier process. Also, a detailed process of security and screening of passengers, baggage, freight and cargo, and overall airport security operations are included. Students also gain insights into how flight crew scheduling is done and a detailed process of operations to be carried out by a flight crew from pre-flight to post-flight. This would enable the students in understanding how a typical job role of each employee in the operations division or as a flight crew would be. This would enable the students in gaining a greater understanding of the type of job roles they could apply for in the future.					
Course Out Comes	On successful completion of the course the stu CO1: Identify the operational areas, processes landside (Knowledge) CO2: Discuss the process of cargo operations (Comprehension) CO3: Review the security and screening proce Different levels of operations (Comprehensio CO4: Recall the Airline flight operations (Kno CO5: State the different baggage handling processing)	, constraints i with documen ess in the entin n) wledge)	n airside ntation re airpor	e and t at		

Course objective	,	course is to familiarize the learners with <mark>elopment</mark> through <mark>Participative Learnin</mark>	n the concepts of Airport Operations - Advanc g techniques.

Course Code: BBA3005	Course Title: Management Control system Type of Course: Core, Theory Only Course	L-T- P- C	3	0	3	
Version No.	1.0			11		
Course Pre-requisites	Basic CommunicationGeneral Knowledge of accounting.					
	• Knowledge about the Business World.					
Anti-requisites	NIL					
Course Description	Every organization is meant to achieve pre-set goals and objectives. Well-thought-out strategies are being implemented for this purpose. Execution of these strategies assumes as much importance as formulation itself. Management control systems are designed to implement these strategies successfully. The process of implementation of the strategies and the dilemma faced by managers are the main focus of this course. It envisages strategic planning, budgeting, resource allocation, performance measurement, evaluation, and reward/ responsibility center allocation. Thus, the main objective of this course is to equip the students with the skills for effective implementation of strategies and resolving attendant problems.					
Course Out Comes	At the end of the course, the student shall be able to:CO1: Describe the concepts of Management Control (Knowledge)CO2: Discuss the practices of Strategic Planning and Management Control (Comprehension)CO3: Explain the Management Control process (Comprehension)CO4: Illustrate the variations in Management control (Application)					
Course objective				ng		

Course Content:				
Module 1	Fundamentals of			10 Sessions
	Management Control			
1	Management Control Systems – Bas	1	0 1	
-	ontrol – Management control enviro	_		
	ystems- types of organizations - I		Performance measurement	- Difficulties in
implementing perfo	ormance measurement systems – int	teractive control.		
Module 2	Strategic Planning and			10 Sessions
	Management Control			
	sibility centers - Revenue centers	-		
Development cente	rs - Marketing centers- Profit cente	rs- General considerations H	Business units as profit cente	ers – Other profi
centers- Measuring	; profitability – Transfer pricing – G	Dbjectives of transfer prices -	Transfer pricing methods I	Pricing corporate
services - Administ	tration of transfer prices			
Module 3	Management control			10 Sessions
	process:			10 Sessions
Topics: Strategic	planning - Nature of strategic plan	ning – Analyzing proposed ne	ew programs Analyzing ong	oing programs -
strategic planning p	process – Understanding strategies –	Concept of strategies - Corpo	rate level strategies – Busine	ss unit strategies.
Budget preparation	n – Nature of a budget- Other bu	dgets – Budget preparation	process - Behavioral aspe	cts- Quantitative
0 1 1	iting variances – Variations in pract			
Module 4	Variations in Management			10 Sessions
	control			10 963510115

Topics: Controls for differentiated strategies – Top management style- Service organizations – Service organizations in general, professional service organizations, Financial service organizations, Health care organizations, Non-profit organizations, Multinational organizations – Cultural differences

Targeted Application: PPT, Videos

Project work/Assignment: Mention the Type of Project /Assignment proposed for this course: Assignment 1: Experiential Learning: Case study analysis difficulties in implementing performance measurement systems

Assignment 2: Group discussion on Cultural differences in Multinational organizations

Delivery procedure (pedagogy):

Lecture: All Modules

Self-learning: Module 1: Impact of the Internet on Management Control **Participative learning:** Module 4: Group discussion on Variations in Management control

Course Code: BBE3005	Course Title: Emerging Technologies in Logistics and Supply Chain Management	L- T-P-C	3	0	0	3
Version No.	1.0					
Course Pre- requisites	 Introduction to E-Commerce and Su Modelling and Design - BSC 104. Basic Knowledge in Logistics and Sou Familiarity with graphs and charts 		U	ment - MG	Г 131 and al	lso Supply Chain
Anti-requisites	Nil					
Course Description	This course intends to provide the compre- supply chain management. After the comp Logistics 4.0 and internet of things. They als procedures followed by various companie disruptive technologies like block chain an interesting and useful to the students	letion of this o get knowle s. This cour	s course edge abc rse also	the studen out various o throws ligl	t gets thoro e-procurement onto som	ugh insights into ent and e-logistics ne of the present
Course Out Comes	On successful completion of the course the s	tudents shall	l be able	to:		
	CO 1: Outline the brief introduction on logis	stics 4.0 and a	also the i	importance	of internet o	f things.
	CO 2: Discuss in detail about the process	of E-Procure	ement ar	nd E-Logist	ics by adop	ting of advanced
	process in the logistics process.					
	CO 3: Explain the adaptation of new contair	er technolog	y and di	igital supply	v chain.	
	CO 4: Illustrate the concept of creating resili	ent supply ch	nains, its	risks and a	so to study	the latest updates
	from resilient supply chains.					

	CO 5: Interpret th	ne process of integra	ting block chain technology with supply cl	hain operations.
Course Objective	,		niliarize the learners with the concepts of	
	0	upply Chain Mar	nagement and attain <mark>Employabilit</mark> y	<mark>y </mark> through <mark>Participative</mark>
	Learning technic	<mark>ues.</mark>

Course Code: BBE3012	Course Title: Purchase and Inventory Management	L-T-P-C	3	0	0	3
Version No.	1.0					
Course Pre-requisites	Knowledge of Management					
	Basic knowledge of purchase and inventory	y as a part of N	lanage	ement		
Anti-requisites	Nil					
Course Description	This course intends to provide the basic under	rstanding to s	tuden	ts about	the purc	hasing and
	inventory operations in supply chain managem	nent concepts	and p	processes	that help	ps to bring
	awareness and make them employable.					
Course Out Comes	On successful completion of the course the students shall be able to:					
	CO 1: Highlights the overview of purchasing management in SCM.					
	CO 2: Explain the modern contemporary purchasing practices.					
	CO 3: Highlight the introduction to inventory management and how demand analysis is					
	performed in SCM.					
	CO 4: Explain how the inventory planning and forecasting are performed in SCM.					
	CO 5: Analyze the recent trends in purchasing and	d inventory ma	nager	nent.		
Course objective	The objective of the course is to familiarize the leas					d Inventory
	Management and attain Employability through	Participative I	learni	ng techn	<mark>iques.</mark>	

Course Content:				
Module 1	Overview of purchase and inventory Management			10 sessions
0	Drganizations - Ethical and dor Analysis - Global tend		Make or Buy or outsourcing acts / Purchase Orders - Purc	0 1
Module 2	Purchasing Strategies			10 sessions
Strategies - Evaluation of	Purchasing Function - Mod		chasing & Forecasting Techn ecisions Support Tools.	
Module 3	Inventory Management			10 sessions
and controlling stock lev	y - Types of Inventory (ventory on business - Pro	ventory - Need for holding duct Classification - Deman	
Module 4	Module title			10 sessions
Costs associated with inve	ntories - Forecasting - Inven	tory Control - Replenishmer	nt of Inventory - Inventory Ma	nagement System
- Materials Requirement P	lanning (MRP) - Works in P	Process Inventories - Finishe	d goods Inventories - Inventor	ries with Supplier
- Spare Parts Inventories -	Warehouse and Inventory (Operations - Accounting for	Inventories	

Module 5	Recent trends in purchase and inventory management		10 sessions	
Warehouse Inform	ation, Decision Making Using Wareho	se Information, ICT	Applications in a Warehouse - Technolog	
Aids in Retail Wa	ehouse Management: Introduction, Ob	ectives, Bar Code Sca	anners, Wireless LAN, Mobile Computer	
Radio Frequency I	dentification (RFID) – Cloud based Tec	nnologies for Purchas	sing and Inventory Planning.

Date of Approval by the Academic Council	24 th Academic Council meeting held on 3 rd August 2024

Course Code: BBE3002	Course Title: Supply Chain Modelling and Design	L-T-P-C	3	0	0	3
Version No.	1.0		1			1
Course Pre- requisites	MGT 131 – Introduction to E-Commerce and Supply Chain Management Basic Understanding on Organizations' Production Function Fundamental Computer Knowledge					
Anti-requisites	Nil					
Course Description	This course intends to provide the basic understanding of supply chain modelling concepts. It provides comprehensive insights into the reasons and benefits for implementing supply chain software in an organization for an effective supplier selection and other supply chain processes. On completion of the course, the student can be able to devise a supply chain model for the various supply chain process in an organization.					
Course Out Comes	At the end of the course, the student shall be able to: CO 1: Explain the process of Supply chain modeling. (Understand) CO 2: Discuss the application of supply chain software for automating the supply chain processes in an organization. (Understand) CO 3: Sketch the various models involved in inventory management and risk pooling that automate the supply chain. (Apply) CO 4: Apply the process of Supply Chain production planning for an organization. (Apply)					
Course Objective:	The objective of the course is to familiarize the learners with the concepts of Supply Chain Modelling and Design and attain Employability through Participative Learning techniques.					
Course Content:	•					
Module 1	INTRODUCTION TO SUPPLY CHAIN MODELLING		10	sess	sions	

Modelling Supply Chain Dynamics; Supply Chain Modelling - Importance -- Main Activities in SCM-SCOR Model; Forecasting Techniques-Moving Average-Exponential Smoothing-Other Forecasting Techniques-Measuring the Error in the Estimations; Decision Support System (DSS) - Modelling a Customer's Decision to Buy - Modelling a Customer perception of a Product – Modelling Competition: Value provided and Perceived – Modelling Market share, Revenue, Gross and Net Operating System - Respond to Market Driven demand -Product recovery and recycling - Life Cycle Analysis AUTOMATING THE SUPPLY CHAIN Module 2 10 sessions Investing in Supply Chain Software - Selecting best supply chain management software for business- Cloud computing in Supply Chain - E2open (Front-end Information) - SAP SCM (Front-end Information) - Logility (Front-end Information) -Oracle SCM (Front-end Information) - Global Supply Chain - Agile Supply Chain - Benefits of Agile systems to enterprise - SCOR Model - Real Life Case Analysis on Supply Chain Models and Systems. (Beer Game, Simulation Games). INVENTORY MANAGEMENT AND 10 sessions Module 3 **RISK POOLING** Deterministic Inventory models: EOQ and Power-of-two policies - Stochastic Inventory models: base-stock policies and Q, R policies, forecasting- MAD, MSE and MAPE(Errors), Machine Learning, Neural Networks and Forecasting, -lead times, defining and measuring service levels in inventory systems - Multi-location inventory models: Risk- Advanced Risk-Force Majeur or Blow of Fate-Risk Pooling-Quantification Measure for Supply Chain Risk-Downside Risk -Inventory sharing and transshipment, heuristics for multi-echelon inventory control - Bull-Whip Effect. PRODUCTION SUPPLY CHAIN Module 4 10 sessions PLANNING IN VUCA WORLD Volatility, Uncertainty, Complexity and Ambiguity(VUCA) World and Black Swan Events- Addressing VUCA)-Black Swan Events-Global Supply Chain- Disruptions-Geopolitical instability-Cyber Attacks-Transportation Failure ;Mitigating Through Insourcing and Back-shoring-Supplier Management: Assessing Supply Chain Risk in VUCA World- Partnering with External Trading Partners - Distribution Resource Planning (DRP) Systems - Demand Management: Challenges of Collaboration with customers and management levers to improve coordination Project work/Assignment: Mention the Type of Project/Assignment proposed for this course Participative Learning-Presentation based on an Article Review on Force Majeur/Blow of Fate-and Presentation by Students Experiential Learning-Role Play of Black Swan Event- Solution to be devised impromptu based on concepts of Module 4 &5
