Social Entrepreneurship Lab: Driving Innovation and Impact

About the Event	Social Entrepreneurship Lab: Driving Innovation and Impact SDG 4: Quality Education, SDG 8: Decent Work & Economic Growth, SDG 9: Industry, Innovation & Infrastructure, SDG 17: Partnerships for the Goals The PU ISR Cell launched the Social Entrepreneurship Lab on 21st November 2025, marking a key step in fostering entrepreneurial thinking, innovation and social impact among students. The initiative was organised jointly by the ISR Cell and Litvill, under the guidance of Mr. Imran and Ms. Dolores. The launch provided students with a platform to explore social entrepreneurship, engage with industry experts, and understand how innovation can create meaningful societal solutions. Participants gained insights into leadership, teamwork, goal-setting and entrepreneurial decision-making, while connecting with mentors from academia, business and the entrepreneurial community for ongoing guidance and support. Presidency University is proud to establish this platform, reinforcing its commitment to empowering students as innovators, changemakers and future leaders capable of contributing to society with purpose and confidence.
13.11.2025	21.11.2025
Organised By	ISR Cell
Coordinators	Ms. Vanitha R., ISR & Alumni Head Ms. Neha Panwar, ISR Manager
