For theory Courses, the student shall have to re-appear in the "Make-Up Examinations" as scheduled by the University in any subsequent semester or re-appear in the End Term Examinations of the same Course when it is scheduled at the end of the following Semester or Summer Term, if offered. The marks obtained in the Continuous Assessments (other than the End Term Examination) shall be carried forward and be included in computing the final grade, if the student secures the minimum requirements (as per Sub Clauses 8.9.1 / 8.9.2 of Academic Regulations) in the "Make-Up Examinations" of the concerned Course. Further, the student has an option to reregister for the Course and clear the same in the summer term/ subsequent semester if he/she wishes to do so, provided the Course is offered.

# 12 Additional clarifications - Rules and Guidelines for Transfer of Credits from MOOC, etc. - Note: These are covered in Academic Regulations

The University allows students to acquire credits from other Indian or foreign institutions and/or Massive Open Online Course (MOOC) platforms, subject to prior approval. These credits may be transferred and counted toward fulfilling the minimum credit requirements for the award of a degree. The process of transfer of credits is governed by the following rules and guidelines:

- 12.1 The transfer of credits shall be examined and recommended by the Equivalence Committee (Refer Annexure B of Academic Regulations) and approved by the Dean Academics.
- 12.2 Students may earn credits from other Indian or foreign Universities/Institutions with which the University has an MOU, and that MOU shall have specific provisions, rules and guidelines for transfer of credits. These transferred credits shall be counted towards the minimum credit requirements for the award of the degree.
- 12.3 Students may earn credits by registering for Online Courses offered by Study Web of Active Learning by Young and Aspiring Minds (SWAYAM) and National Program on Technology Enhanced Learning (NPTEL), or other such recognized Bodies/ Universities/Institutions as approved by the concerned BOS and Academic Council from time to time. The concerned School/Parent Department shall publish/include the approved list of Courses and the rules and guidelines governing such transfer of credits of the concerned Program from time to time. The Rules and Guidelines for the transfer of credits specifically from the Online Courses conducted by SWAYAM/ NPTEL/ other approved MOOCs are as stated in the following Sub-Clauses:
  - 12.3.1 A student may complete SWAYAM/NPTEL/other approved MOOCs as mentioned in Clause 12.3 of Academic Regulations and transfer equivalent credits to partially or fully complete the mandatory credit requirements of Discipline Elective Courses and/or the mandatory credit requirements of Open Elective Courses as prescribed in the concerned Curriculum Structure. However, it is the sole responsibility of the student to complete the mandatory credit requirements of the Discipline Elective Courses and the Open Elective Courses as prescribed by the Curriculum Structure of the concerned Program.
  - 12.3.2 SWAYAM/NPTEL/ other approved MOOCs as mentioned in **Clause 12.3 of Academic Regulations**, shall be approved by the concerned Board of Studies.
  - 12.3.3 Parent Departments may release a list of SWAYAM/NPTEL/other approved MOOCs for Pre-Registration as per schedule in the Academic Calendar or through University Notification to this effect.

- 12.3.4 Students may Pre-Register for the SWAYAM/NPTEL/other approved MOOCs in the respective Departments and register for the same Courses as per the schedule announced by respective Online Course Offering body/institute/ university.
- 12.3.5 A student shall request for transfer of credits only from such approved Courses as mentioned in Sub-Clause 12.3.2 above.
- 12.3.6 SWAYAM/NPTEL/other approved MOOCs Courses are considered for transfer of credits only if the concerned student has successfully completed the SWAYAM/NPTEL/other approved MOOCs and obtained a certificate of successful/satisfactory completion.
- 12.3.7 A student who has successfully completed the approved SWAYAM/NPTEL/ other approved MOOCs and wants to avail the provision of transfer of equivalent credits, must submit the original Certificate of Completion, or such similar authorized documents to the HOD concerned, with a written request for the transfer of the equivalent credits. On verification of the Certificates/Documents and approval by the Dean / Director / HOD concerned, the Course(s) and equivalent Credits shall be forwarded to the COE for processing of results of the concerned Academic Term.
- 12.3.8 The credit equivalence of the SWAYAM/NPTEL/other approved MOOCs are based on Course durations and/or as recommended by the Course offering body/institute/university. The Credit Equivalence mapped to SWAYAM/ NPTEL approved Courses based on Course durations for transfer of credits is summarised in Table shown below. The Grade will be calculated from the marks received by the Absolute Grading Table 8.11 of Academic Regulations.

### 17. Practical / Skill based Courses – Internships

Practical / Skill based Courses like internship, project work, capstone project, research project / dissertation, and such similar courses, where the pedagogy does not lend itself to a typical L-T-P-C Structure (as defined in Clause 5.1 of the Academic Regulations), are simply assigned the number of Credits based on the quantum of work / effort required to fulfil the learning objectives and outcomes prescribed for the concerned Courses. Such courses are referred to as Non-Teaching Credit Courses (NTCC). These Courses are designed to provide students with hands-on experience and skills essential for their professional development. These courses aim to equip students with abilities in problem identification, root cause analysis, problem-solving, innovation, and design thinking through industry exposure and project-based learning. The expected outcomes are first level proficiency in problem solving and design thinking skills to better equip BA (J&MC) graduates for their professional careers. The method of evaluation and grading for the Practical / Skill based Courses shall be prescribed and approved by the concerned Departmental Academic Committee (refer Annexure A of the Academic Regulations). The same shall be prescribed in the Course Handout.

### 17.1 Internship

A student may undergo an internship for a period of 4-6 weeks in an industry / company or academic / research institution during the 6<sup>th</sup> Semesters, subject to the following conditions:

- 17.1.1 The Internship shall be in conducted in accordance with the Internship Policy prescribed by the school from time to time.
- 17.1.2 A student may opt for Internship in an Industry / Company/ Organization or academic / research institution of her / his choice, subject to the condition that the concerned student takes the responsibility to arrange the Internship on her / his own. Provided further, that the Industry / Company / Organization or academic / research institution offering such Internship confirms to the University that the Internship shall be conducted in accordance with the Program Regulations and Internship Policy of the University.
- 17.1.3 A student selected for an Internship in an industry / company or academic / research institution shall adhere to all the rules and guidelines prescribed in the Internship Policy of the University.
- 17.1.4 As per the Academic Regulations, 'S' grade is awarded for "satisfactory completion" of the Internship and 'NC' grade is awarded for "non-completion" of the Internship. The student who receives the "NC" grade shall repeat the Internship, until the concerned student secures the "S" grade in the Internship. The "S" and "NC" grades is subject to fulfilling the requirements as stated in the course plan and do not carry grade points. Hence not included in the SGPA, CGPA computations.

#### **List of Activities**

#### 1. Reading and Analysis

- News Dissection: Students select a recent news article and break down its structure (headline, lead, body, conclusion), identify arguments, assumptions, and biases.
- Fact vs Opinion Hunt: Given an editorial or op-ed, students highlight factual statements and opinions separately.
- Bias Detection Challenge: Analyze two articles reporting on the same event from different news outlets and compare framing and bias.

#### 2. Writing Practice

- Lead Writing Exercise: Students are given basic news information and asked to craft 3 different styles of leads (straight news, feature, anecdotal).
- Opinion Piece Drafting: Students write a short op-ed (400–500 words) on a current affairs topic, applying argumentation structure (claim-evidence-warrant).
- Micro-Features: Write short feature articles (300 words) based on interviews with peers on campus events.

#### 3. Speaking Practice

- News Presentation: Students orally present a news story as a 2-minute news report, recorded or live.
- Debate Sessions: Students participate in structured debates using argument maps prepared beforehand.
- Podcast Mini-Series: In small groups, students script and record a 5-minute audio podcast on a selected news topic.

#### 4. Critical Thinking and Argumentation

- Argument Mapping: Students create visual maps of arguments found in major opinion articles, using the Toulmin model (claim, evidence, warrant, backing, rebuttal).
- Logical Fallacy Spotting: Identify and classify logical fallacies in samples of journalistic writing or political speeches.
- Source Reliability Rating: Given different news sources, students rate them based on transparency, accuracy, and bias.

#### 5. AI Integration

- AI Writing Assistant Demo: Hands-on session where students use Grammarly or ChatGPT to edit a news article draft and reflect on strengths/limitations.
- AI Fact-Checking Drill: Students use Google Fact Check Explorer or FullFact to verify claims from a viral news story.
- AI Ethics Case Study: Students read and discuss real-world examples where AI-generated content led to misinformation in journalism.

#### **Optional Enrichment Activities**

• Guest Lecture/Webinar: Invite a working journalist to speak about using AI tools and maintaining ethics in today's newsrooms.

• Portfolio Creation: Throughout the course, students maintain a mini-portfolio combining their best reading analyses, writings, recordings, and AI-assisted projects.

**Topic:** Environmental Rights as Human Rights: Clean air, water, and sustainable ecosystems.; Climate Change and Displacement: The impact on vulnerable communities.; Global Environmental Agreements: The Paris Agreement, SDGs, and ecological justice. Role of NGOs and Activists in Environmental Justice: Strategies and success stories.

# **Experiential Learning**

## **Case Study Presentation:**

- 1. "Global Human Rights Advocacy in Action": **Activity:** Assign students to research and present a case study on a global human rights success story (e.g., Malala Yousafzai's advocacy for education or the fight against apartheid in South Africa). **Objective:** Enhance understanding of advocacy strategies and inspire creative solutions to human rights challenges.
- 2. The Universal Declaration of Human Rights (1948): Its global impact and challenges in implementation.
- 3. The Rohingya Refugee Crisis: Analysing the role of international agencies and human right laws
- 4. India's Reservation Policy: Assessing its impact on marginalized communities.
- 5. UN Convention on the Rights of the Child (CRC): Practical successes and limitations.
- 6. The Bhopal Gas Tragedy (1984): Environmental disaster and human rights accountability.
- 7. Indigenous Land Rights in the Amazon: Advocacy for protecting indigenous populations.
- 8. The Flint Water Crisis (USA): Right to clean water and state accountability.

# **Project work/Assignment:**

- 1. **Community Interviews**: Perspectives on Human Rights: **Activity**: Students conduct interviews with individuals from diverse backgrounds (e.g., activists, community leaders, or marginalized groups) to gather perspectives on human rights challenges and solutions. **Objective**: Encourage students to engage with real-world experiences and develop a deeper understanding of how human rights issues impact individuals and communities.
- 2. Campaign Design Challenge: "Advocating for Change": Activity: Students design a social awareness campaign (e.g., posters, videos, or social media) on a human rights theme like climate justice, disability rights, or gender equality. The objective is to foster creativity, teamwork, and strategic thinking while raising awareness about critical issues.
- 3. Field Visit to NGOs or Community Organizations: Activity: Organize a visit to a local NGO or organization working on human rights issues, such as women's shelters, refugee support centers, or environmental advocacy groups. Objective: Provide students with firsthand experience of ground-level human rights work and encourage empathy and engagement.

  - o Reading the short story "The Adventure of the Cheap Flat" by Agatha Christie

#### **Activity**

- Collaborative Writing: Adapting the short story into a script:
  - o Creating an outline of the story for the script.
  - o Group Brainstorming
  - o Dialogue writing
  - Script: first draft
  - o Script: Final Draft
- Writing an original script for a short film divided into all 3 Acts

# Targeted Application & Tools that can be used:

- 1. Writing Skills
- 2. Creative Writing
- 3. Critical thinking

Tools: Online Storyboarding applications like Studio Binder app, YouTube Videos, Web Diagram using Canva, Online Plot Diagram templates and research papers/articles

# **Project work/Assignment:**

Assignment 1: Activity: Write a sample script on an image - painting "Nighthawks" by Edward Hopper.

Assignment 2: Write a dialogue between two characters that incorporates a stock character trope (e.g., the wise mentor, the comedic sidekick, or the rebellious youth). Focus on making the dialogue engaging and unique, ensuring the stock character feels multidimensional rather than clichéd.

Assignment 3: Create a script from an excerpt of the short story The Tell Tale Heart by Edgar Allan Poe. Include visual elements.

Create a Storyboard on paper.

Create a Storyboard in StoryBinder App/ Canva

Assignment 4: Writing an original script for a short film divided into all 3 Acts

# **Fargeted Application and Tools used**

# . Data Collection and Scrapping:

Google Forms: For surveys and questionnaires.

Web Scraping Tools: Such as Beautiful Soup and Scrapy for gathering data from web pages.

#### . Data Cleaning and Preprocessing:

Microsoft Excel: Essential for basic data cleaning and organization.

Open Refine: A powerful tool for cleaning messy data.

# . Data Analysis:

SPSS: For statistical analysis, particularly useful for quantitative data.

Wivo: For qualitative data analysis, aiding in identifying patterns and themes.

#### . Data Visualization:

Tableau: Offers interactive visualization capabilities.

Power BI: Enables data connectivity, preparation, and interactive dashboard creation.

Adobe Illustrator: For creating customized and visually appealing graphics.

# . Writing and Reporting:

Scrivener: A word-processing program and outliner designed for authors.

Google Docs: Facilitates collaborative writing and editing.

# **5. Project Collaboration and Management:**

Slack: For team communication and collaboration.

Frello: Useful for project management and task organization.

#### . Ethics and Verification:

Furnitin: To ensure academic integrity and plagiarism checking.

Factcheck Tools: Such as Snopes for verifying the information.

# . Emerging Technologies:

Python and R: Introduction to programming languages for more advanced data handling, analysis, and

isualization.

upiter Notebooks: For interactive code execution in a web-based environment.

#### **Assignment:**

# Assignment: Investigative Data Journalism Project

Objective: To provide students with a hands-on experience in the complete process of data journalism, from the inception of an idea to the presentation of a well-researched story. The assignment encourages critical hinking, problem-solving, creativity, and collaborative teamwork, all significant to the specialization of

Environmental Communication and the teaching focus of the Ph.D. Researcher.

# nstructions:

Part 1: Identifying a Research Topic

Choose a Relevant Topic: Select an environ

nental or social issue that has relevance to the community and can be explored through data.

ustify the Selection: Write a brief proposal outlining the importance, relevance, and feasibility of the

hosen topic.

Part 2: Data Collection

dentify Sources: Locate and document relevant primary and secondary data sources.

Collect Data: Utilize tools such as Google Forms for surveys or web scraping tools for online data

ollection.

Part 3: Data Cleaning and Analysis

Clean the Data: Use open Refine or Excel to clean and organize the collected data.

Analyze the Data: Apply statistical methods (SPSS) or content analysis (NVivo) to interpret the data.

Part 4: Story Development and Visualization

Create a Narrative: Develop a compelling story that communicates the findings.

Visualize the Information: Use Tableau or Power BI to create interactive and engaging visualizations.

Part 5: Writing and Reporting

Oraft the Report: Using Scrivener or Google Docs, write a comprehensive report, integrating narrative,

risuals, and data insights.

nclude Citations: Ensure proper citations and references in the report as per the chosen citation style (e.g.,

APA, MLA).

Part 6: Presentation and Peer Review

Present the Project: Prepare a PowerPoint or Prezi presentation for class.

Participate in Peer Review: Engage in a constructive critique of fellow students' projects.

#### Deliverables:

# Research proposal.

- 1. Cleaned data files.
- 2. Analytical results (charts, graphs, etc.).
- 3. Written report (3000-4000 words) with proper citations and references.
- 4. PowerPoint or Prezi presentation.

#### Assessment Criteria:

- 1. Relevance and originality of the topic.
- 2. Thoroughness in data collection and analysis.
- 3. Effectiveness in storytelling and visualization.
- 4. Clarity, coherence, and professionalism in writing.
- 5. Engaging presentation and active participation in peer review.

# Participatory Learning Activities:

## **Vorkshops and Hands-on Labs:**

Purpose: To provide students with practical experience in using various tools for data collection, analysis, and visualization.

Activity: Organizing regular workshops where students can experiment with tools such as SPSS, Tableau, and Python, guided by experts or instructors.

#### . Group Research Projects:

Purpose: To foster teamwork and collaboration while working on complex data-driven journalism projects.

Activity: Students are grouped into teams to work on a semester-long project, focusing on different spects of media research and data journalism.

#### . Peer Review Sessions:

Purpose: To develop critical thinking and constructive feedback skills.

Activity: Students present their work to peers for feedback and criticism. These sessions will be guided by established peer-review protocols, enhancing the learning experience.

#### . Guest Lectures and Industry Interaction:

Purpose: To provide exposure to industry practices and networking opportunities.

Activity: Inviting industry experts and media professionals for guest lectures or panel discussions, providing students with real-world insights.

#### 5. Data Journalism with Real World Problems:

Purpose: To promote innovation, quick thinking, and problem-solving.

Activity: Organizing hackathons where students work in teams to solve a data journalism problem within limited timeframe.

#### 6. Online Discussion Forums:

Purpose: To encourage continuous learning, reflection, and participation outside the classroom.

Activity: Creating online forums where students can discuss readings, share ideas, ask questions, and engage in meaningful dialogue with classmates and instructors.

# '. Field Trips and Real-world Observations:

Purpose: To provide firsthand experience of media research and data journalism in practice.

Activity: Organizing visits to media houses, research institutions, or observing a live data-driven newsroom operation.

# 3. Interactive Seminars and Debates:

Purpose: To develop speaking, argumentation, and analytical skills.

Activity: Hosting seminars and debates on controversial topics in media research and data journalism, llowing students to explore different viewpoints.

# . Ethical Dilemma Discussions:

Purpose: To install ethical considerations in research and journalism practices.

Activity: Conducting classroom discussions on ethical case studies, encouraging students to contemplate and articulate their ethical reasoning.

# 0. Community Engagement Projects:

Purpose: To apply data journalism skills for community benefits and social change.

Activity: Collaborating with local community organizations for research and reporting projects, focusing on environmental or social issues.

requisites	Over all understanding of the course.						
Anti-requisites	-Nil-						
<b>Course Description</b>	This course aims at imparting practical approach to the theoretical knowledge which they have gained in previous semesters.						
Course Outcomes	On successful completion of the course the students shall be able to:  CO1: Understand the concept and purpose of Internships.  CO2: Analyze various practical research approach to the theoretical knowledge.  CO3: Identify, implement and evolve different research perspectives and understanding of the assigned topic.  CO4: Enable students to have a pilot study and to carry out a comparative study on different modules of media and communication Internship Instructions						

### **Internship Instructions**

The Internship procedure spans a duration of 9 weeks and follows specific guidelines to ensure a structured and professional approach.

The process is outlined as follows:

**Choosing a Subject/Topic:** The subject for the Internship should be focused, avoiding overly broad topics. It must be industry-oriented to allow for the availability of sufficient material and relevance to professional practice.

**Finalization and Approval of the Topic:** Once a topic is selected, students are required to fill out a synopsis in the University's prescribed format. This synopsis must then be approved by the assigned faculty guide, after which work on the Internship project can commence.

**Online Registration:** After topic approval, students must complete an online registration form, which will then be approved by the institution.

**Allocation of Faculty Guides**: Faculty guides are assigned to each student. It is important to ensure that the synopsis submitted to the faculty guide aligns with the form submitted online, as any discrepancies will result in the form not being approved.

**Submission of Weekly Progress Reports (WPR):** Students are required to submit a Weekly Progress Report to their respective faculty guide. This report is mandatory and serves as a key component of the internal evaluation process. The WPR must follow the prescribed format of the University.

**Daily Diary Maintenance:** Students must maintain a daily diary documenting the work done during the course of the Internship. Regular communication with the faculty guide and professional supervisor is encouraged for guidance or clarification.

**Drafting and Approving First and Second Drafts:** The Internship project should be structured as follows:

- 1. A statement of purpose, limitations, and parameters.
- 2. The main body, which includes references, ideas, and points of agreement or disagreement.
- 3. A summary or conclusion, providing insights, further questions, and a concise recap. Drafts should be coherent, avoiding fragmented or overly long sentences, and only relevant information should be included.

Editing and Finalizing the Paper: Final editing should ensure that all quotations serve specific purposes, such as providing evidence or avoiding misrepresentation. The language should be polished, and proper formatting for citations, footnotes, and tables must be adhered to.

**Submission of the Final Report:** The final report must be prepared in accordance with the guidelines, incorporating any feedback from the faculty guide on earlier drafts. Along with the report, students must submit their WPR and internship diary.

Eligibility for Submission and Final Assessment: Students must meet the following conditions to be eligible for submission:

- 1. Online registration for the Internship
- 2. Approval of the topic, synopsis, and project plan.
- 3. Submission of at least 90% of the WPRs.
- **4.** At least 80% of the WPRs must be deemed satisfactory.

### The Internship report must follow the prescribed layout and include the following sections:

- Title Page: The title page must contain the University logo, project title, student's name, roll number, course, year, and supervisor's name. The university and department should be mentioned at the bottom.
- Preface: The abstract should succinctly summarize the project's scope and results without being overly descriptive.
- Acknowledgement: Any advisory or financial assistance received during the Internship should be acknowledged.
- Certificate from the Project Guide: A certificate from the faculty guide must be included.
- Table of Contents: The table of contents should correspond exactly to the titles and subtitles in the report.
- Introduction: The introduction should briefly explain the problem central to the Internship, with a clear project objective and, if necessary, a hypothesis.
- Literature Review: A detailed list of reviewed literature should be included.
- Research Design: This section should explain the design and methodology used during the Internship, including any modifications.
- Results and Discussion: This section should present and discuss the results of the
- Internship, drawing comparisons with previous work. All figures and tables should be placed near the associated text, properly numbered, and given titles or captions.
- Summary of Findings, Conclusion, and Recommendations: The conclusion should summarize the work, and any recommendations should be supported by the findings.
- Future Prospects: This section should highlight potential future research or professional areas based on the Internship project

- Appendices: Any supplementary material, such as additional data or documents, should be placed in the appendix.
- References/Bibliography: All cited works must be listed alphabetically by the author's surname and should follow proper formatting.

#### Social Media and Advocacy:

Social Media Management Tools: Platforms like Hootsuite or Buffer can assist with scheduling and managing content across various social media channels to promote awareness and understanding.

Mapping Tools: Storytelling platforms like ArcGIS StoryMaps https://storymaps.arcgis.com/allow creators to integrate maps and multimedia elements into their narratives, highlighting traditional

territories or environmental issues.

Project work/Assignment:		

#### Module 1: Foundations

Analysis Assignment: Analyze the portrayal of Indigenous people in a chosen mainstream media piece (past or present). Identify stereotypes and discuss the impact of such portrayals.

Workshop Participation: Actively participate in the respectful and culturally aware language workshop, demonstrating understanding of key terms and practices.

Guest Speaker Interview: Prepare a set of questions and conduct a short interview with a guest Indigenous leader or media professional, focusing on their experiences and perspectives.

#### Module 2: Traditional Storytelling

Storytelling Project: Develop an original story using traditional storytelling techniques (e.g., animal characters, metaphors, symbolism). Consider incorporating elements from your own cultural background if applicable.

Workshop Participation: Actively participate in the storytelling workshop led by an Indigenous elder, demonstrating attentiveness and respect for traditional practices.

Cultural Analysis: Analyze a chosen traditional story for its cultural and social messages. Identify key themes and discuss their significance within the specific Indigenous culture.

#### Module 3: Contemporary Indigenous Media

Digital Media Project: Create a short digital media piece (video, podcast episode) exploring a chosen Indigenous issue. Ensure the project adheres to ethical protocols and respectfully represents the chosen community.

Media Analysis Assignment: Analyze the representation of Indigenous peoples in a contemporary media format (film, documentary, social media campaign). Identify strengths and weaknesses in portrayal, and suggest improvements for promoting accurate and respectful representation.

Social Media Strategy: Develop a social media strategy to promote awareness and understanding of a specific Indigenous community. Choose a relevant platform and target audience, outlining key messages and engagement tactics.

#### **Module 4: Ethical Reporting**

Reporting Plan Development: Develop a reporting plan for an Indigenous story idea, adhering to ethical protocols established in class discussions and readings.

Mock Interview: Participate in a role-playing activity, conducting a mock interview with an Indigenous person. Demonstrate effective communication skills and respect for informed consent.

Critique Assignment: Critically analyze a news article or media piece for its portrayal of Indigenous peoples. Identify any ethical breaches or stereotypical narratives, and suggest alternative approaches for future reporting.

#### Final Project:

Develop a multimedia piece (video, documentary, podcast episode) exploring a chosen Indigenous topic. This project allows students to synthesize the knowledge and skills gained throughout the

course. Emphasis will be placed on ethical storytelling practices, cultural sensitivity, and creating a compelling narrative that effectively communicates the chosen topic.

Textbooks:
