

SEED GRANTS

(April 1st 2019-March 31st 2020)

SI No	Title of the Project and Name of the Faculty provided with financial grant	Status
1	Centre for Research - Materials, Investigators: Dr. Jagadeesha Angadi, Dr. Anu Sukhdev, Dr. Mohan Kumar Naidu, Dr. Deepthi & Dr. Mahaboob Pasha, Basic Sciences, SOE.	Completed
2	Centre of Research - Robotics & Automation, Investigator: Dr. Jyothi Prakash Naidu, Department of Mechanical Engineering, SOE. (Wall Climbing Robot Project in Progress)	Completed
3	Setting up of Biofuel House Investigator: Dr. Udaya Ravi & Dr. C. Prabhakar Reddy, Department of Mechanical Engineering, SOE.	Completed
4	Centre for Research - Power Electronics, Investigator: Dr. Sreenivasappa, Associate Professor, Department of Electronics & Communication, SOE.	Completed
5	Development of High Temperature Corrosion Resistant Coatings for Boiler applications for D-Gun technique, PI: Mr. Vijay Kumar, Assistant Professor, Department of Mechanical Engineering, SOE.	Completed
6	Development & Characterization of Novel Chalcogenide Glasses for non volatile Phase change memory applications PI: Dr. Sreevidya Varma, Department of Physics, SOE.	Completed
7	To study Surfactant based nano-composites/hybrid ion exchange materials useful in water Pollution Control. PI: Dr. Amita Somya, Assistant Professor, Department of Chemistry, SOE.	Completed
8	A study on Environmental Transformations & Livelihood Strategies of Horticultural Communities in Peri-Urban Bangalore. PI: Dr. Rosewine Joy, Assistant Professor, SOM.	Completed
9	Solid Waste Management in Presidency University Phase I, PI: Dr. Shwetmala Kashyap, Department of Civil Engineering, SOE.	Completed
