# PRESIDENCY UNIVERSITY

(Established under the Presidency University Act, 2013 of the Karnataka Act 41 of 2013)

Name of the School: School of Management

Name of the Department: Management

Area of Specialization: General Management

Name of the Faculty Member: Dr. Akhila R. Udupa

Title of the Value Added Course: Light Music for Beginners

Course Duration: [30 hours] [From 25 September 2020 to 16 December 2020]

Course Code: SOMV008

**Introduction to the Course:** Music, is an effective tool to increase productivity and create a positive work environment. Light music has the power to evoke certain emotions, which can be beneficial in motivating workers and creating a more productive atmosphere. Music can also help boost concentration and focus when it comes to complex tasks. At the end of the day, the managers should result in improved productivity, better communication between co-workers, and an overall better work environment. The incorporation of instrumental music into a manager's daily routine should lead to an increase in motivation, focus and collaboration.

**Prerequisites of the course:** Nil.

**Course Outcomes:** On successful completion of the course the students shall be able to:

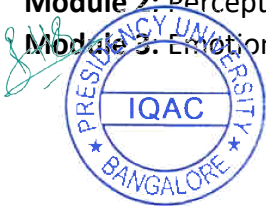

1. Understand the musical and physical characteristics of Light Music
2. Understand the potential benefits that come with incorporating Light music into their management style.
3. Create an environment using music for employees to stay on task.
4. Effective in directing all team members involved.

**Course Content:**

**Module 1:** Understanding the concept of beat, rhythm and tempo.

**Module 2:** Perception & Performers.

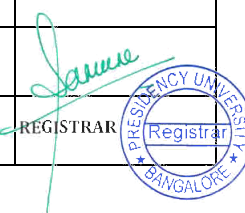

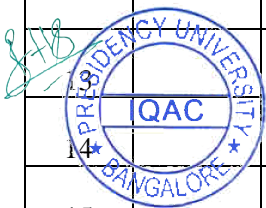

**Module 3:** Emotion & Motion.

# PRESIDENCY UNIVERSITY

(Established under the Presidency University Act, 2013 of the Karnataka Act 41 of 2013)

Name of the School: School of Management

Name of the Department: Management

Area of Specialization: Operations Management

Name of the Faculty Member: Dr. Anil B Gowda

Title of the Value Added Course: Multiple criterion decision making

Course Duration: [30 hours] [From 27 September 2020 to 15 December 2020]

Course Code: SOMV013

**Introduction to the Course:** Modern industry requires managers who can effectively make decisions using qualitative and quantitative approaches. In recent times, decision making in uncertain and risky environments has become a major attention to managers owing to its strong impact on profitability and efficiency. Business organizations are increasingly adopting group and integrated decision making process to gain competitive advantages. Appropriate decisions could eliminate rework and losses to the firm. The selection of appropriate choice or strategy from the available options is complex when the multiple criteria are involving in the process and it is even more complex when the multiple decision makers are involved. In this context, this course is designed for imparting knowledge on structured decision making approaches to visualize the decision-making in the systems perspective.

**Prerequisites of the course:**

**Course Outcomes:** On successful completion of the course the students shall be able to:

1. Understand the basic principles of structured decision making approaches
2. Understand the various types of decision making scenarios and application of appropriate decision making methods on situations.
3. Apply methods/steps adequate enough to make the right group decisions in the new age business firms

**Course Content:**

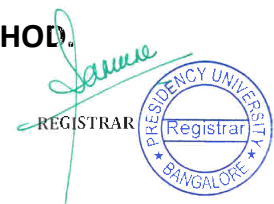

**Module1:** Introduction to MCDM Techniques

**Module 2:** Analytic Hierarchy Process (AHP).

**Module 3:** Simple Additive Weightage (SAW)

# PRESIDENCY UNIVERSITY

(Established under the Presidency University Act, 2013 of the Karnataka Act 41 of 2013)

Name of the School: School of Management

Name of the Department: Management

Area of Specialization: Financial Management

Name of the Faculty Member: Dr. Anirban Kundu

Title of the Value Added Course: International Commodity management

Course Duration: [30 hours] [From 10th March 2020 till 15th May 2020]

Course Code: SOMV025

**Introduction to the Course:** The course would ensure that a thorough grounding in all aspects of deep-dive trade finance issues, whilst building up through the programme into more advanced uses of trade finance products, discounting and pre-finance structures and contemporary financing scenarios. It will build in special sessions on both Financial Crime Avoidance in Trade Finance as well as an in-depth view of the Law and Practice of Inventory Finance to ensure that all delegates benefit from these huge, contemporary issues.

The emphasis will be towards TRANSACTIONAL financing including inventory and warehouse financing, Letter of Credit financing, receivable financing and all open-account products. The aim is to develop technical skill-set to advise, with credibility and confidence.

**Prerequisites of the course:** Basic understanding of Financial Management Concepts.

**Course Outcomes:** On successful completion of the course the students shall be able to:

1. Develop an understanding of the ways in which traditional products such as Documentary Collections, Letters of Credit, Guarantees and Standby L/C work in their risk environment
2. Apply the differences between the key concepts of product risk, operational risk, sovereign risk, bank risk as well as financial risk in reaching a solution from a Credit, FI and Origination perspective
3. Utilize in practice, all ICC regulations and contemporary trade finance structures and current issues and documentation issues to ensure a timely and market driven solution to delegates and clients on a global basis

4. Interact with credit committees and risk specialists to ensure more safe, prudent and successful applications

**Course Content:**

**Module1:** All documentation and trade finance regulatory issues

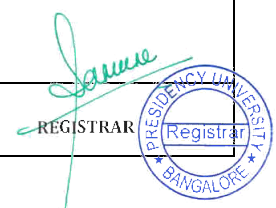

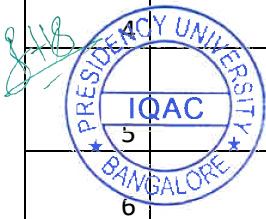

**Module 2:** Letters of credit variants, financing and risk

**Module 3:** Forfeiting, factoring, supply chain and discounting mechanisms

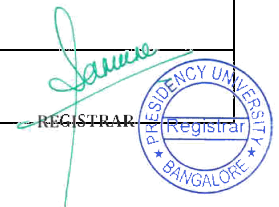

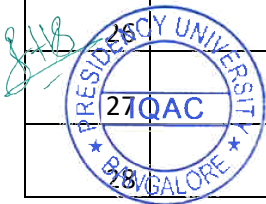

**Approval by the HOD.**

# PRESIDENCY UNIVERSITY

(Established under the Presidency University Act, 2013 of the Karnataka Act 41 of 2013)

Name of the School: School of Management

Name of the Department: Management

Area of Specialization: General Management

Name of the Faculty Member: Dr. Arabinda Bhandari

Title of the Value Added Course: Global Strategic Management

Course Duration: [30 hours] [From 26 September 2020 till 12 December 2021]

Course Code: SOMV004

**Introduction to the Course:** The world of business strategy is in transition. What used to work doesn't anymore -- not necessarily. This course prepares you to think strategically in an age when companies like Apple, Google, and Microsoft have become more valuable (in market cap terms) than companies like Exxon. Today, business value and competitive advantage arise more often from consumer perceptions of what is "cool" than from physical assets or economies of scale. In this course the students would be trained for the age of creativity and innovation – they will gear up for the challenges of strategy formulation and implementation in a 21st century business. This course would be facilitated with lectures, videos, podcasts, articles, cases studies and activities which would lead to an experiential learning for the students to face the challenges in the organization ahead.

**Prerequisites of the course:** Basic understanding of Strategic Management concepts.

**Course Outcomes:** On successful completion of the course the students shall be able to:

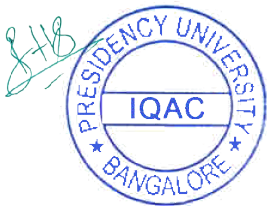

1. Explain why "doing" strategy is considered "the high point of managerial activity" (Mintzberg)
2. Recognize and avoid the old, tired ideas about strategy that are still out there, so you can adopt fresher, better ideas
3. Point out how doing strategy has changed because of advancing technology and globalization
4. Prepare for the Capstone Project for the Strategic Management and Innovation Specialization

**Course Content:**

**Module 1:** A 21<sup>st</sup> century approach to Business Strategy

**Module 2:** The Evolution of Strategy

**Module 3:** Changing world Changing Strategies

# PRESIDENCY UNIVERSITY

(Established under the Presidency University Act, 2013 of the Karnataka Act 41 of 2013)

Name of the School: School of Management

Name of the Department: Management

Area of Specialization: General Management

Name of the Faculty Member: Dr. Bipasha Maity

Title of the Value Added Course: Environment Management & Sustainable Development

Course Duration: [30 hours] [From 03 October 2020 to 19 December 2020]

Course Code: SOMV003

**Introduction to the Course:** Environmental Management and Sustainability focuses on environmental policies, strategies and management systems, with an emphasis on the recognition and development of sustainable environmental management in both urban and non-urban environments. This Course aims to prepare students for such roles in sustainability and environmental management. It instils a deep understanding of interconnected elements associated with the challenge of environmental management while meeting human needs and green economic recovery.

**Prerequisites of the course:**

**Course Outcomes:** On successful completion of the course the students shall be able to:

1. Evaluate and develop innovative responses to environmental issues and sustainable development challenges.
2. Understanding theories and practices used in the sustainable decision-making process.
3. Understands the framework and methodologies commonly used to assess and manage environmental aspects

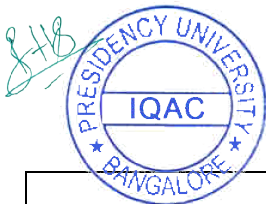

**Course Content:**

**Module 1:** Environmental management fundamentals and goals

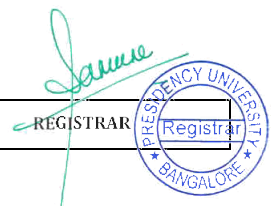

**Module 2:** Environmental Assessment and Management.

**Module 3:** Framework and methodologies to assess and manage environmental aspects

# PRESIDENCY UNIVERSITY

(Established under the Presidency University Act, 2013 of the Karnataka Act 41 of 2013)

**Name of the School:** School of Management

**Name of the Department:** Management

**Area of Specialization:** BUSINESS ANALYTICS

**Name of the Faculty Member:** Dr. V Gajapathy

**Title of the Value Added Course:** ADVANCED BUSINESS ANALYTICS USING  
POWER BI, DAX AND POWER QUERY

**Course Duration:** [30 hours] [From 03 October 2020 to 19 December 2020]

**Course Code:** SOMV002

**Introduction to the Course:** Discover effective interactive BI reports to leverage insights by blending and transforming raw data. As a data wrangler, you will be able to speed up for ETL development. To skill you prepare data to deploy pro-quality business intelligence solutions and interactive visuals. Make you an impressive data interpreter in your domain vertical and eventuate you entrenched for job opportunities. This code-free course brands your resume hypnotic.

**Prerequisites of the course:** (a) This course expects no professional Excel skills to participate. (b) Laptop or Desktop computer (is a must) loaded with licensed Excel software at least 2010 version & (c) Basic Statistics

**Course Outcomes:** On successful completion of the course the students shall be able to:

01. Build scalable data models, preparing and transforming data. (Applying)
02. Assess business value through insightful data visualizations. (Evaluating)
03. Interpret data using Query-DAX-BI. (Evaluating)

## Course Content:

1. Data transformation technology, Data preparation, Combining data,
2. Advanced unpivoting, Table functions, Evaluation and Filter Contexts, iterators, Time intelligence.
3. Visuals in Power BI, Report Development, DAX, and Develop Power BI reports.

# PRESIDENCY UNIVERSITY

(Established under the Presidency University Act, 2013 of the Karnataka Act 41 of 2013)

Name of the School: School of Management

Name of the Department: Management

Area of Specialization: Finance

Name of the Faculty Member: Dr. Krishna Kumar

Title of the Value Added Course: Introduction to Capital Markets

Course Duration: [30 hours] [From 25 September 2020 to 10 December 2020]

Course Code: SOMV001

**Introduction to the Course:** A very important area of the financial services industry is the capital markets. The capital markets are fundamental to the economy of the country. It promotes economic growth by providing corporations and governments access to capital which enables these organizations to invest in businesses, create jobs, and build infrastructure. The introduction to Capital Markets course offers a comprehensive overview of the industry, and students will learn about the sell-side, buy-side, and the most popular and sought-after career paths in each of those respective groups. They will gain practical and deliberate knowledge, as this course takes through typical day-in-the-life scenarios, allowing them to gain an understanding of the core competencies and personality traits that would drive success.

**Prerequisites of the course: -**

**Course Outcomes:** On successful completion of the course the students shall be able to:

1. Describe the sell-side and buy-side of finance, the activities conducted on each side.
2. Understanding of the products, players and jargon of the capital and derivative markets.
3. Understand the dynamics of different market structures

**Course Content:**

**Module 1:** Defining Capital Markets

**Module 2:** Sell-Side: Origination, Sales & Trading, Primary & Secondary Markets

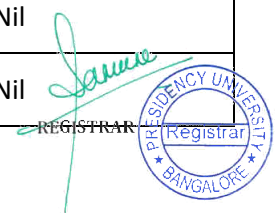

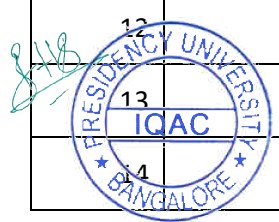

**Module 3:** Buy-Side: Traditional and Non-Traditional (i.e., Hedge Funds)

# PRESIDENCY UNIVERSITY

(Established under the Presidency University Act, 2013 of the Karnataka Act 41 of 2013)

Name of the School: School of Management

Name of the Department: Management

Area of Specialization: Organizational Behaviour

Name of the Faculty Member: Dr. Nitu Singhi

Title of the Value Added Course: Effective Interpersonal Skills

Course Duration: [30 hours] [From 10th January 2020 till 30th December 2020]

Course Code: SOMV026

**Introduction to the Course:** The course would increase the skill sets of an individual to influence others with effectiveness. Using good interpersonal skills is often the difference between effectively communicating, and building barriers to the communication process. Understanding the individual and creating an environment conducive to effective communication is an efficient means to developing valuable relationships.

Good interpersonal skills create significant advantages when communicating to build successful relationships. Consciously gathering information as you enter the process will make you more effective. Think of it as gathering intelligence to become more efficient.

This course would be facilitated with lectures, videos, podcasts, articles, cases studies and activities which would lead to an experiential learning for the students to face the challenges in the organization ahead.

**Prerequisites of the course:** Basic understanding of Management Concepts and willingness to enhance interpersonal skills.

**Course Outcomes:** On successful completion of the course the students shall be able to:

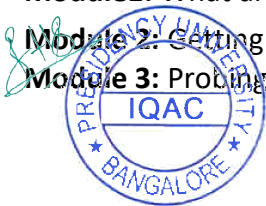

1. Be able to influence people in the modern workplace.
2. Understand the links between an individual's natural emotions and influence.
3. Create a situation-specific influence strategy.
4. Effective in communication techniques to influence others.

**Course Content:**

**Module 1:** What are Communication Skills?

**Module 2:** Getting Better with Communication

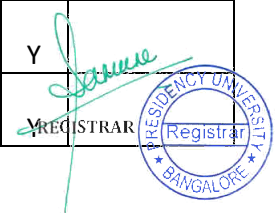

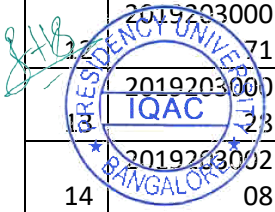

**Module 3:** Probing Techniques

# PRESIDENCY UNIVERSITY

(Established under the Presidency University Act, 2013 of the Karnataka Act 41 of 2013)

Name of the School: School of Management

Name of the Department: Management

Area of Specialization: General Management

Name of the Faculty Member: Dr. N. Srikanth Reddy

Title of the Value Added Course: Industry 4.0 and Analytics

Course Duration: [30 hours] [From 25 September 2020 to 28 December 2020]

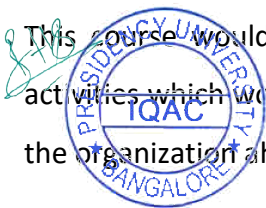

Course Code: SOMV020

**Introduction to the Course:** The course would equip students with the necessary knowledge and skillset. Through our range of Industry 4.0 training programs, participants learn how they can support their organisations at different stages of their digital transformation journey, from understanding the basic concepts, and implementing Industry 4.0 principles, to assessing manufacturing facilities on their level of transformation.

Industry 4.0 or I4.0 is changing the way we make products. I4.0 digitizes manufacturing using data analytics and Industrial Internet-of-Things (IIoT). It is adopting intelligent and autonomous systems that leverage data from machine learning.

As Industry 4.0 gains momentum globally, many organizations are looking to adopt technologies such as data analytics and IIoT to improve their manufacturing competitiveness. While the Industry 4.0 concept offers significant potential, the requirements for a successful transition go far beyond technology change.

This course would be facilitated with lectures, videos, podcasts, articles, cases studies and activities which would lead to an experiential learning for the students to face the challenges in the organization ahead.

**Prerequisites of the course:** Basic understanding of Internet of Things and those who want to learn industry4.0

**Course Outcomes:** On successful completion of the course the students shall be able to:

1. Broad Knowledge of RPA and CPS
2. Familiarities with IIoT and IoT
3. Cyber Security System by Smart factory
4. Learn and Practice Artificial Intelligence using Big data Analysis
5. Becoming a part of Industrial Development Globally

**Course Content:**

**Module1:** Smart Factory

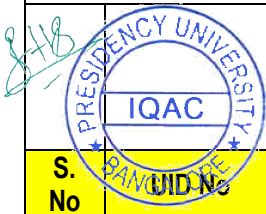

**Module 2:** Challenges & Impact of industry 4.0

**Module 3:** Pillars Of industry 4.0

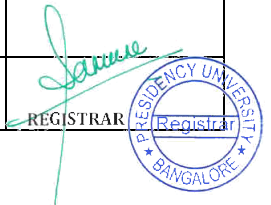

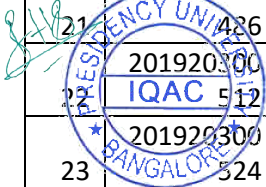

**Approval by the HOD.**

# PRESIDENCY UNIVERSITY

(Established under the Presidency University Act, 2013 of the Karnataka Act 41 of 2013)

Name of the School: School of Management

Name of the Department: Management

Area of Specialization: Financial Management

Name of the Faculty Member: Dr. N Srikanth Reddy

Title of the Value Added Course: ERP & Tally ERP

Course Duration: [30 hours] [From 25 September 2020 till 28 September 2020]

Course Code: SOMV021

**Introduction to the Course:** The course would cover all the topics and options available at Tally. The course is designed to work independently with an account. Tally ERP is very good and simple software that can be used to make business decisions that are complete and easy to learn and use.

Here are the important things Tally can do: Accounting with every type of transaction such as payment, receipt, sale, purchase ; Manage your banking business with bank reconciliation; inventory management; tax administration; Analysis of work performance, Cost centers and cost categories for IIA and internal control; Pay and pay with employee data

**Prerequisites of the course:** Anyone with or without prior knowledge in the field of accounting or an entrepreneur who wants to take care of his accounts.

**Course Outcomes:** On successful completion of the course the students shall be able to:

1. Start a new company
2. Learn to make books
3. How to create multiple type vouchers in Tally
4. Inventory and inventory management in Tally
5. Cost centers and categories management
6. Maintain budget
7. TCS on Tally
8. TDS in calculation
9. GST on the balance sheet
10. Bank statement Reconciliation

**Course Content:**

**Module1:** Basics of Accounting

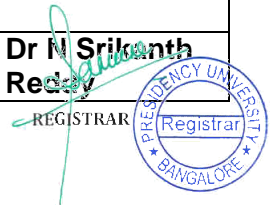

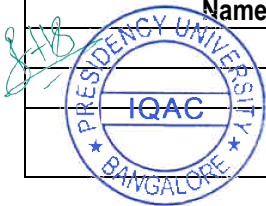

**Module 2:** Fundamentals of Tally ERP

**Module 3:** Accounting masters in Tally ERP

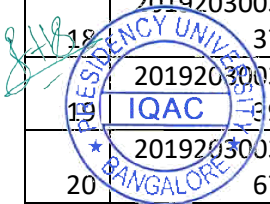

**Approval by the HOD.**

# PRESIDENCY UNIVERSITY

(Established under the Presidency University Act, 2013 of the Karnataka Act 41 of 2013)

Name of the School: School of Management

Name of the Department: Management

Area of Specialization: Business Statistics

Name of the Faculty Member: Dr. P. Srinivasan

Title of the Value Added Course: Introduction to SPSS for Beginners

Course Duration: [30 hours] [From 04 October 2020 to 30 December 2020]

Course Code: SOMV011

**Introduction to the Course:** SPSS (Statistical Package for the Social Sciences) is a versatile and responsive program designed to undertake a range of statistical procedures. This tutorial covers the various screens of SPSS, and discusses the ways of interacting with SPSS: through the drop-down menus, or through syntax. The aim of this course is to introduce students to the SPSS software, including navigating the program interface and using syntax to manage and analyse data. The module will also cover how to access and undertake commonly used descriptive data analysis procedures in SPSS.

**Prerequisites of the course:**

**Course Outcomes:** On successful completion of the course the students shall be able to:

1. Introduce to the uses and functions of the statistical software SPSS
2. To learn basic data analysis with SPSS.
3. Understand how to enter data, define variables, and perform variable manipulation and transformation

**Course Content:**

**Module 1:** How to Enter Data into SPSS and Define Variables

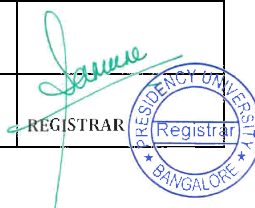

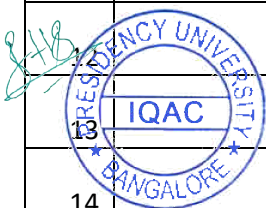

**Module 2:** Descriptive Statistics SPSS

**Module 3:** Excel to SPSS: How to Import Data

(Established under the Presidency University Act, 2013 of the Karnataka Act 41 of 2013)

Name of the School: School of Management

Name of the Department: Management

Area of Specialization: Marketing Management

Name of the Faculty Member: Dr. Chithambar Gupta

Title of the Value Added Course: Video Making for Online Engagement

Course Duration: [30 hours] [From 3 October 2020 to 12 December 2020]

Course Code: SOMVO05

**Introduction to the Course:** As businesses and organizations diversify the way they sell their products and communicate their messages, video content has become king. This course gives the skills required for video production that includes everything from script writing to budgeting, and is an essential skill for creating both creative and commercial video content for online media.

**Prerequisites of the course:** A good camera

**Course Outcomes:** On successful completion of the course the students shall be able to:

1. Plan their video to save hours and achieve fast results.
2. Learn to manage the equipment needed and how to use it to achieve the best results.
3. Create social media videos that turn viewers into followers

**Course Content:**

**Module 1:** Getting Started with Video.

**Module 2:** social campaigns

**Module 3:** Convert your video for different platforms

# PRESIDENCY UNIVERSITY

(Established under the Presidency University Act, 2013 of the Karnataka Act 41 of 2013)

**Name of the School: School of Management**

**Name of the Department: MBA**

**Area of Specialization: General**

**Name of the Faculty Member/Members: Dr. Jayakrishna Udupa H**

**Title of the Value Added Course: Quantitative Aptitude and Reasoning**

**Course Duration: [30 hours] [From 05 October 2020 to 15 December 2020]**

**Course Code: SOM V006**

**Introduction to the Course:**

Quantitative aptitude is an important component in assessing a student's overall aptitude. The ability to understand quantitative reasoning helps the student in developing his analytical skills which is vital for success in life. The course helps the student to understand and solve various numerical problems that are frequently asked in competitive examinations.

**Course Prerequisites: Basic Mathematics**

**Course Outcomes: On successful completion of the course the students shall be able to:**

- 01.** Solve problems related to number system
- 02.** Choose relevant mathematical techniques for solving equations and finding missing number in a progression
- 03.** Apply appropriate techniques to solve commercial arithmetic problems

**Course Content:**

**Unit 1: Number system**

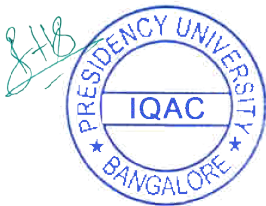

Natural numbers – even and odd numbers – prime numbers, LCM and HCF - applications

**Unit 2: Theory of equations**

Equations – meaning – types, solving linear and quadratic equations, problems on commercial application. Progression – arithmetic progression and geometric progression

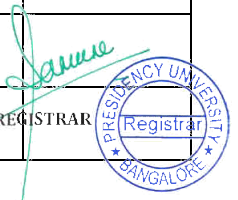

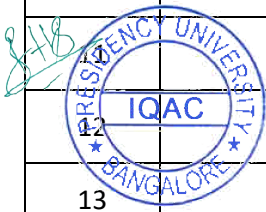

**Unit 3: Commercial Arithmetic**

Simple interest and compound interest, Ratio and proportion, Time and distance, profit and loss, Partnership problems

# PRESIDENCY UNIVERSITY

(Established under the Presidency University Act, 2013 of the Karnataka Act 41 of 2013)

Name of the School: School of Management

Name of the Department: Management

Area of Specialization: Operations Management

Name of the Faculty Member: Dr. Kunal Saxena

**Title of the Value Added Course: Introduction to Data Studio**

**Course Duration: [30 hours] [From 10th November 2020 till 15th December 2021]**

**Course Code: SOMV022**

**Introduction to the Course:** The course would introduce beginners to the fundamental concepts of data analytics through real-world case studies and examples. You'll learn about project lifecycles, the difference between data analytics, data science, and machine learning; building an analytics framework, and using analytics tools to draw business insights.

**Prerequisites of the course:** The course has been designed for students with any specialization regardless of prior knowledge of analytics, statistics, or coding. Familiarity with mathematics is helpful for this course.

**Course Outcomes:** On successful completion of the course the students shall be able to:

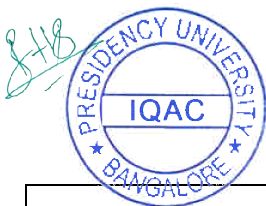

1. Understand the basics of data analytics.
2. Ability to derive business values.
3. Calculate ROI from Analytics.

**Course Content:**

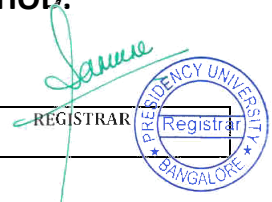

**Module 1:** Data Analytics Overview

**Module 2:** Data Visualization for Decision making

**Module 3:** Data Analytics in different Sectors

# PRESIDENCY UNIVERSITY

(Established under the Presidency University Act, 2013 of the Karnataka Act 41 of 2013)

Name of the School: School of Management

Name of the Department: Management

Area of Specialization: Financial Management

Name of the Faculty Member: Dr. Magesh Kumar R

Title of the Value Added Course: R And Its Application In Finance

Course Duration: [30 hours] [From 10th March 2020 till 12th May 2020]

Course Code: SOMV023

**Introduction to the Course:** The course teaches you how to calculate the return of a portfolio of securities as well as quantify the market risk of that portfolio, an important skill for financial market analysts in banks, hedge funds, insurance companies, and other financial services and investment firms. Using the R programming language with Microsoft Open R and RStudio, you will use the two main tools for calculating the market risk of stock portfolios: Value-at-Risk (VaR) and Expected Shortfall (ES).

**Prerequisites of the course:** Beginner-level understanding of R programming.

**Course Outcomes:** On successful completion of the course the students shall be able to gain skills in:

1. R programming
2. Risk Analysis
3. Risk Management

**Course Content:**

**Module1:** Introduction to R, Data Retrieval, and Return Calculation

**Module 2:** Risk Management under Normal Distributions

**Module 3:** Risk Management under Volatility Clustering

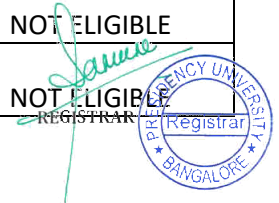

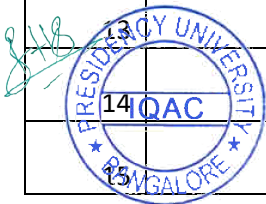

Approval by the HOD.

**Presidency University, Bengaluru**

# PRESIDENCY UNIVERSITY

(Established under the Presidency University Act, 2013 of the Karnataka Act 41 of 2013)

Name of the School: School of Management

Name of the Department: Management

Area of Specialization: Human Resource Management

Name of the Faculty Member: Dr. Mithun Guha

Title of the Value Added Course: Communication Etiquettes in Professional Workplace

Course Duration: [30 hours] [From 10th January 2020 till 13th December 2020]

Course Code: SOMV027

**Introduction to the Course:** This course will cover workplace etiquette and when you have completed it you should be able to improve your workplace relationships by displaying the behaviours appropriate for your environment.

How we portray ourselves to colleagues, management, and our customers is important whether it is in person, by telephone or by email.

People form impressions within seconds of meeting others. A first impression is a lasting impression. During this course you will learn how to build your confidence in the workplace environment and develop professional relationships.

Basic etiquette is defined by the behaviour required by the conventions of a community or group.

Office or workplace etiquette is defined as a code that governs the expectations of social behaviour in a workplace, or the customary code of polite behaviour in society or among members of a particular profession or group.

Voice tone, facial expressions, actions, and posture are powerful communication tools. They are powerful in both our professional and personal lives. Our focus in this course will be on communication in the workplace or office environment.

How we portray ourselves to colleagues, management, and our customers is important whether it is in person, by telephone or by email.

**Prerequisites of the course:** The students having

- The desire to build a professional reputation.
- The desire to build confidence.
- The desire to communicate effectively.
- The desire to be successful.
- The desire to present themselves professionally in the work environment.

**Course Outcomes:** On successful completion of the course the students shall be able to:

- Create a lasting positive first impression
- Polish communication skills to get their dream job
- Using the Internet to develop relationships
- Learning to effectively communicate using the telephone
- Dressing professionally for every occasion
- Dining in a business environment
- Networking with polish to build relationships online and in person

**Course Content:**

**Module1:** Body Language

**Module2:** Dress Code and Hygiene

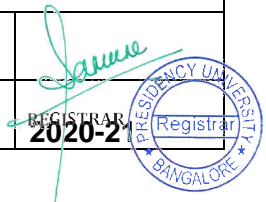

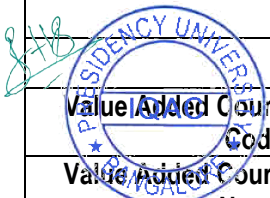

**Module3:** Respectfulness and Communication

**Module4:** Email Etiquette

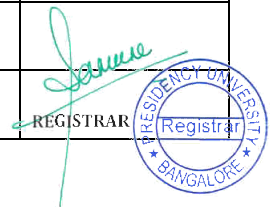

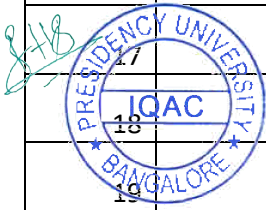

**Approval by the HOD.**

Area of Specialization: Finance

Name of the Faculty Member: Dr. Samiran Jana

Title of the Value Added Course: **Application of Advanced Excel in Finance**

Course Duration: [30 hours] [From 03 October 2020 – 19 December 2020]

Course Code: SOMV030

**Introduction to the Course:** The finance industry has many different avenues and professions – though what unites these functions is using Excel in day-to-day work. This means that Excel is critical for anyone working in the industry. In particular, investment professionals rely heavily on Excel to build financial models. Corporate financial analysts use the program to build budgets, forecasts, and analysis. This is an introductory course in the use of Excel and is designed to give students a working knowledge of Excel with the aim of getting to use it for advanced topics in Business Statistics later. In this course, students can develop basic operations such as reading data into excel using various data formats, organizing and manipulating data, to some of the more advanced functionality of Excel, what it can do, and the data analysis steps to follow.

**Prerequisites of the course:** Basic Operations of Microsoft Excel.

**Course Outcomes:** On successful completion of the course the students shall be able to:

1. Use industry best practices when building financial models in Excel
2. Be able to use Excel spreadsheets and various basic data functions of Excel.
3. Understand the various Excel functions to organize and query data.
4. Effective in how to set filters in data to selectively access data.
5. To explore various advanced graphing and charting techniques available in Excel

**Course Content:**

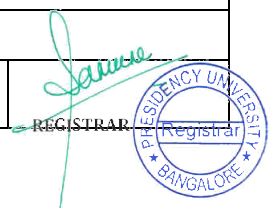

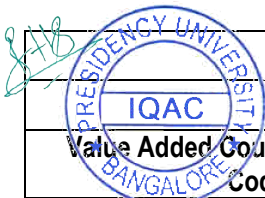

**Module 1:** Introduction to Spreadsheets.

**Module 2:** Basic Financial Analysis Setup.

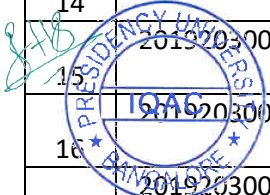

**Module 3:** Functions & Formulas.

Approval by the HOD.

# PRESIDENCY UNIVERSITY

(Established under the Presidency University Act, 2013 of the Karnataka Act 41 of 2013)

**Name of the School:** School of Management

**Name of the Department:** MBA

**Area of Specialization:** Research Methods, Business Analytics, GM, HR/OB & Marketing

**Name of the Faculty Member:** Dr. Senthil Kumar

**Title of the Value Added Course:** Yoga for Physical, Mental and Spiritual Discipline

**Course Duration:** [ 30 hours] [25 September 2020 to 30 December 2020]

**Course Code:** SOMV012

## Introduction to the Course:

The word 'Yoga' is derived from the Sanskrit root 'Yuj', meaning 'to join' or 'to yoke' or 'to unite'. As per Yogic scriptures the practice of Yoga leads to the union of individual consciousness with that of the Universal Consciousness, indicating a perfect harmony between the mind and body, Man & Nature.

Yoga is an old discipline from [India](#). It is both [spiritual](#) and [physical](#). Yoga uses [breathing](#) techniques, [exercise](#) and [meditation](#). It helps to improve health and happiness. Yoga is the [Sanskrit](#) word for union. [Patanjali](#) was a pioneer of classical yoga. He defined yoga as "the cessation of the modification of the mind" (stopping changing the mind).

A person doing yoga will move from one posture (called [asana](#)) to another. For example, the "[sun-salutation](#)" contains 12 [poses](#) of asanas, one after the other, and is said to help balance body and [soul](#). There is a specific mantra for each asana. The "sun-salutation" is popularly known as "Suryanamaskar".

## Course Outcomes: On successful completion of the course the students shall be able to :

- Understand the knowledge about the theory and practice of Yoga
- Understand the knowledge of Kriyas, Asanas, Mudras, Bandas, Pranayama and meditative postures.
- Learn the various postures of suryanamaskara for physical, mental and Spiritual discipline

### Course Content:

Unit-I: Introduction: Yoga its Meaning and Definition.-Aim and Objectives of Yoga-Origin, history and development of yoga.-Relevance and scope of Yoga in modern age - Misconceptions about yoga and their solutions- Difference between yogic and non-yogic system of exercises.

# PRESIDENCY UNIVERSITY

(Established under the Presidency University Act, 2013 of the Karnataka Act 41 of 2013)

Name of the School: School of Management      Name of the Department: School of Management

Area of Specialization: General Management      Name of the Faculty Member: Dr. Rosewine Joy

Title: Crisis Management Course

Duration: [30 hours] [From 11 May 2020 to 30 Dec 2020]

Course Code: [SOMV017]

**Introduction to the Course:** Crisis Management is the process by which an organization deals with major unpredictable events that threatens to harm the organization, its stakeholders, or the general public. In a crisis, taking action is urgent, but the tactics and methods that work in confronting everyday emergencies may be inadequate – or even counterproductive. Crisis conditions can lead to confusion about the correct course of action, decision-making delays, failures of communication, conflicts or unintentional interference among response organizations, flaws in execution of response action, and undesirable citizen reactions. Response leaders confronting crises therefore must operate in a different mode than that appropriate for routine emergencies; they must make decisions with participation of a wider range of stakeholders, developing new solutions by combining elements of several kinds of routine response or by innovating in their strategies and tactics. In this crisis management course you will be required to apply your crisis management knowledge and skill in the development of a Crisis Management Plan and crisis communication for a real time scenario.

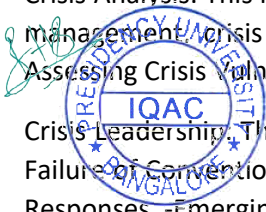

**Course Outcomes: On successful completion of the course the students shall be able to:**

- 01** Learn analytical and practical foundations to anticipate potential crises and develop methods of avoiding or minimizing damage.
- 02** Understand the impact of crises on the community, on the organization, and on its stakeholders.
- 03** Demonstrate methods of diagnosing and resolving crisis situations

**Course Content:** The course helps to give an understanding on 3 core areas in Crisis Management. Crisis Analysis, Crisis Leadership and Crisis Communication.

**Crisis Analysis:** This module cover topics such as Introduction to crisis management, framework for crisis management, crisis management landscape, sources of organizational crisis, Strategic Planning and Assessing Crisis Vulnerability, Forming the Crisis Management Team and Plan.

**Crisis Leadership:** This module covers topics such as -Introduction: People, Technologies, and Crisis -The Failure of Conventional Training, The Failure of Conventional Organizations, The Failure of Conventional Responses, -Emerging Trends in Crisis Management

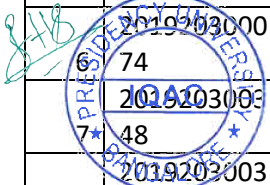

Crisis Communication: This module covers Crisis Communication, Crisis Management Communication Plans, Crisis Communication Mistakes, Crisis Communication Essential Knowledge and Seven Dimensions of Crisis Communication Management

# PRESIDENCY UNIVERSITY

(Established under the Presidency University Act, 2013 of the Karnataka Act 41 of 2013)

Name of the School: School of Management

Name of the Department: Management

Area of Specialization: General Management

Name of the Faculty Member: Dr. S.Bharath

Title of the Value Added Course: Insights to ISO Certifications

Course Duration: [30 hours] [From 10th January 2020 till 13th December 2020]

Course Code: SOMV029

**Introduction to the Course:** The course would review the important facets of ISO certifications, the most widely accepted quality management standard. The standard can be applied to any organization that, regardless of its type or size, who needs to demonstrate its ability to consistently provide products and services that enhance customer satisfaction and provide assurance of conformity to customer and applicable statutory and regulatory requirements. This course would be facilitated with lectures, videos, podcasts, articles, cases studies and activities which would lead to an experiential learning for the students to face the challenges in the organization ahead.

**Prerequisites of the course:** The course is for anyone who would like to Improve their curriculum vitae and career opportunities with qualifications in ISO certifications.

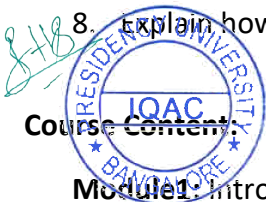

**Course Outcomes:** On successful completion of the course the students shall be able to:

5. Identify the clauses within ISO certifications
6. Summarize the high level requirements and intent of this international standard
7. Explain the process approach and its relationship to managing an organization
8. Explain how the requirements can be interpreted and implemented

**Course Content:**

**Module1:** Introduction

**Module2:** Process Approach

**Module3:** Risk-based Thinking

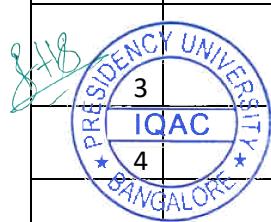

**Module4:** General Requirements of ISO certifications

- Context of the organization
- Leadership
- Planning
- Support
- Operation
- Performance evaluation
- Improvement

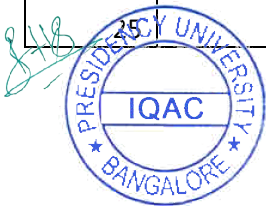

**Approval by the HOD.**

# PRESIDENCY UNIVERSITY

(Established under the Presidency University Act, 2013 of the Karnataka Act 41 of 2013)

Name of the School: School of Management

Name of the Department: Management

Area of Specialization: Financial Management

Name of the Faculty Member: Prof. Vaishanavi

Title of the Value Added Course: The Significance of Financial Modelling in Strategic Planning

Course Duration: [30 hours] [From 29 September 2020 till 13th December 2020]

Course Code: SOMV028

**Introduction to the Course:** The course would help students to work with large volumes of numerical data. However, the key to successfully handle such data is the ability to organize and structure it meaningfully to render them useful to senior management for decision making. This entails creation of robust and dynamic financial models facilitating accurate and efficient analysis of historical data and appropriate projection of financial performance.

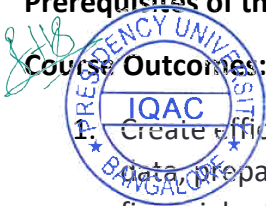

A robust and well-structured financial model is critical to achieving correct valuation analysis, which, in turn, fuels well-informed and appropriate strategic organizational decisions. The importance of sound financial modelling skills, deep understanding of valuation methods and the assessment of outputs of valuations for finance professionals is paramount.

This course would be facilitated with lectures, videos, podcasts, articles, cases studies and activities which would lead to an experiential learning for the students to face the challenges in the organization ahead.

**Prerequisites of the course:** Basic understanding of Financial Management Concepts.

**Course Outcomes:** On successful completion of the course the students shall be able to:

1. Create efficient, robust and flexible financial models to report and analyze historical data, prepare future projections and present integrated financial statements, key financial ratios, outputs in a logical, summarized and effective manner.

2. Understand and apply these skills with the help of examples specially devised to demonstrate alternate ways to compute various financial parameters.
3. Understand basics of business valuation, various valuation methods and interpretation of the results of valuation.
4. Develop well-structured, robust and dynamic financial models to perform independent business valuation.

**Course Content:**

**Module1:** Combining accounting, finance, and business metrics to create a forecast of a company's future results.

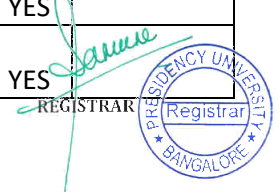

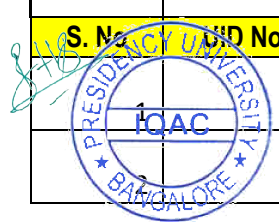

**Module 2:** Project a company's future financial performance.

**Module 3:** Valuing companies, determining whether a company should raise capital or grow the business organically or through acquisitions.

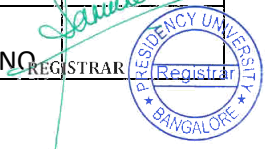

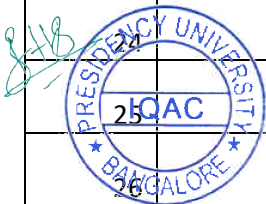

**Approval by the HOD.**
