4 Retirement benefits

Retirement benefits i.e., gratuity and leave encashment are accounted on cash basis

5 Use of Estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) requires managements to make judgements, estimates and assumptions that affect the application of a Accounting Policies and reported amounts of assets, liabilities, income and expenditure and disclosure of contingent liabilities on the date of the Balance Sheet. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognized prospectively in current and future periods.

6 Borrowing Cost Capitalisation

Borrowing costs are interests and other costs incurred by the sponsoring body on behalf of the University in connection with the borrowing of funds. The funds are used for the purpose of developing infrastructure and purchase of fixed assets for the University and for operating expenses.
