## YOUR INSPIRATIONAL TEACHER

"Teaching is the profession that teaches all other professions". A good teacher is the one that motivates the students to always keep trying and do their best. However, an ethical and virtuous teacher is one who changes a student's life forever and shapes their character into becoming a successful and respectful human being.

In Our Indian culture, we hold a sacred feeling for guru and guru Parampara. Here in Sanskrit Shloka since from childhood we had dedicate everyday for Our Teachers who guides the path of knowledge and stands behind us till we reach our goal.

Shloka: "Guru Brahma Guru Vishnu  
Guru Devo Maheshwara  
Guru Sakshat Parah Brahma  
Tasmai Shri Gurave Namaha."

"I salute the guru, who is Brahma (The creator) the Vishnu (The preserver) and the Shiva (The Destroyer) I bow before the guru, who is the personified of the Trinity."

They are wise, expertise, scholar who has made it possible to realize the state which pervades the entire cosmos, everything animate and inanimate. They are very passionate people who love their job and everything they do. Their personality really shined through which they would quit us in the morning and especially throughout the whole day. They impacted us and shaped us into becoming responsible and respectful individuals.

So I am heavily thankful for all my guru and guru Parampara who taught us both syllabus of books and alphabets of life.

The teacher's contribution to a child life is enormous. Because a child has to spend most of their time in school. A good teacher gives life to a child. A good teacher understands what qualities are necessary for child to succeed in life and will stand like a pole star in our lives guiding the path of knowledge which leads to success.

"Your Inspirational Teacher"

It's been Nineteen years of my post life, teachers have played a major role to shape myself a responsible and respectful citizen of this Country. Basically I come from a Differed background since childhood I was passionate to join Differed force walking father in Uniform added father to my goal I decided to join Sainik School because the motive of the Sainik School is to train the Cadets to join Armed forces and serve the Country.

In the year 2015 with lot of hardwork and determination I stand the Entrance Exam and joined Sainik School Bodage. It was a turning point of life. The days passed on in Class 8 I came across a teacher who was very different from others and that teacher came to the class as assistant teacher for that period and he was from Department of Mathematics Mr. Suresh Krishna. He didn't teach any math equation instead he gave a small talk on Purpose of your life. I still remember those magical words which inspired me a lot. I was bit scared to interact to him because of lack of confidence and my English Communication.

In Class 10<sup>th</sup> Mr. Suresh Krishna was a house Master of my house as he was a residential school house master was a pivotal figure to me and my interaction with him increased and pushed me to take part in all the Activities which boosted my confidence. In the 30<sup>th</sup> Results were out and secured 76% which was very poor but still he came to me and told a piece of paper can't decide your Destination and started to guide me in all field in a year I started see

EXAM GOLD

Changes in my academics, co-curricular activities and very my personality.

Mr. Suresh Krishna was inspiration to work and passionate in his work, highly punctual and used to follow the rules and regulations of the Institution and his motivation words were magical which used to boost the preparation of every student his words were very positive and protected. One anecdote was he with my class 11, math exam my friend scored just 7 out of hundred but still he congratulated him with wide smile on his face and said you can do wonders just focus on studies. In next exam the same student scored 73. Teachers are one who identify the strength of student and guide them to achieve their success.

Following my passion started my preparation for National Defence Exam conducted by UPSC. Unfortunately I could not clear. I was bit low because all my hardwork went in vain decided to quit but he stood with me and motivated me again I gave my exam in next attempt but again I failed. He just said you can do it and that help didn't made me to give up and started my preparation for my next entry to Defence Career like CDS, AFCAT etc with full passion and determination hope for the best. Thanks for guiding me in every chapter of my life and bringing out the best out of myself and a great teacher and inspiration to most can make the student to do the wonders in their career and life.

The flower beds or floral arrangements made during the Onam festivities in Kerala are Athapookalam or Onapookalam. Pookalam is a very ancient tradition before the primary door, and everyone who belongs to Kerala follows this tradition. The floral carpet, called 'Onapookkalam', is made of collected flowers of different colors, pinched into small parts. Pookalam diameter usually varies between four and five meters. The amount of enthusiasm from the participants and the talented works of the students was remarkable.

"If you want to reach the infinite, then explore every aspect of the finite." Space is first and foremost a fantastic "playground"— an endless source of knowledge and learning that's helping answer some of the key existential questions about Earth's origins and our place in the Universe.

Sanvadam – A healthy debate was conducted on the topic "space exploration worth the money or should it be used for betterment of earth?" Participants were divided into two groups where one would speak for the topic and the other will speak against the topic, each member are allotted 2 minutes to speak about the topic. Around 49 students participated in the sanvadam event. Many students said that understanding the environment on other planets where humans may one day live, and studying our own biological systems and how materials behave when not influenced by gravity, are crucially important endeavors for our future.

E-certificates were issued to all the participants of the healthy debate. The student's response was greatly appreciated at the event.

### **Winners of the event:**

Vijai Nellai (for the topic)

**The Opportunity**

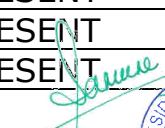

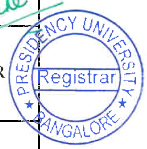

Goes in the vein, gives the shivers and pain  
 Always had one but didn't recognize none  
 Had a clarity in the mind, but the situations weren't kind  
 Knows that lot of practices to be made before it gets fade  
 Needs to clear the impurity, through overcoming the anxiety  
 It selects the one who is rightful and makes the life fruitful  
 Asks for consistency where it comes with persistency  
 A lot of questions were asked makes the agenda completely tasked.  
 Known the self-better but gets rejected with a blooper  
 Wanted a huge preparation in the seek for consideration  
 Being ready to ask for that but always goes like a bet.

Asking for designing their favorite movies may help to boost their emotional intelligence when they try to showcase knowledge and elements of that particular movie into the poster with their own thought processes. Everyone has a different point of view depending on what they prefer, they also make us think about certain issues that we do not often think about.

Manipulating character design requires students to consider various factors, such as the story they want to tell, the emotions they want to convey, and the audience they are targeting. This can help them improve their problem-solving skills and learn how to approach complex tasks systematically. Students learn how to use visual elements effectively to convey meaning and emotions. This can be particularly helpful for students who struggle with verbal communication.

Such content can help them build confidence and develop a positive attitude toward learning and creating. The competition was held from March 22nd to 29th.

The aim of the competition was to enhance students' happiness and to showcase something that interests their character or something that makes them happy. This was an opportunity for them to show what can define happiness.
