CONGRATULATIONS ON YOUR ADMISSION!

Gunashekar C, University ID: 14600678

On behalf of the faculty and staff, I am excited to share that you have been provisionally admitted to Drexel University. You were selected from an accomplished and talented group of applicants.

The following information provides details regarding your admission to Drexel University. If you require a physical copy of your admission letter for a visa application or scholarship purposes, please print this page. This printout is considered an official copy.

PROGRAM INFORMATION

You have been admitted to the following program:

Major Admitted: Cybersecurity, MS

Degree: MS in Cybersecurity

College: College of Engineering

Status: Full-time

Starting Term: Fall

Student Type: 2024-2025 Graduate

Please note that your offer of admission is specific to the term and major above.

YOUR ADMISSION DECISION

Congratulations! Drexel University is pleased to provisionally offer you admission. An official admission letter has been sent to you by mail.

CONDITIONS OF YOUR ADMISSION

Provisional Admission

Your offer of admission is provisional based on the following: You must remain in good academic standing with a cumulative and graduate GPA of 3.0 or above to be admitted to the MS program in Year 5. In addition, you must submit an official, final transcript from your home institution including your graduation certificate(s) to Drexel once your Bachelor's degree has been conferred. If applicable, documentation that the provisions have been met must be received before you can begin the program.

Final Transcripts

If you are currently enrolled in a college or university, you must submit final transcripts. If final transcripts are not received prior to the start of coursework at Drexel, a registration hold may be placed on your account. If other materials were requested at the time of your acceptance, these must be submitted as well.

Disciplinary Actions

You are required to notify Drexel of any legal or disciplinary actions taken against you prior to enrollment. Drexel University reserves the right to withdraw your offer of admission in the event that 1) you show a significant drop in academic performance, 2) you fail to graduate, 3) you misrepresent yourself in the application process, or 4) the University learns that you have engaged in behavior prior to enrollment that indicated a serious lack of judgment or integrity.

NEXT STEPS

Now that you have been admitted, there are some additional items you must complete before officially becoming a student at Drexel University.

Confirm Your Enrollment at Drexel University

To reserve your seat in the entering class, please submit the non-refundable tuition deposit by **Monday, May 30**. This deposit will be applied to your tuition bill. Confirm your enrollment and submit your deposit now (<https://discover.drexel.edu/bannerSSO>).

Check out the Graduate Admissions Admitted Students page (<http://drexel.edu/grad/resources/admitted/>) for additional steps.

Submit Required I-20 Application Documents

Students without United States Citizenship or Permanent Residence (also called a Green Card) will require a visa that permits them to study in the United States. Some foreign students already have a visa that allows them to study at an American university. It is important to know whether that visa will also allow you to work, especially if you will pursue a program at Drexel with a co-op requirement (cooperative education).

Please note that only those students who have confirmed their acceptance to Drexel can start the visa application. Drexel can support you in pursuing one of two types of student visas: an F-1 visa or a J-1 visa. If you have any concerns or questions about what type of visa you need in order to pursue your studies at Drexel University, please visit the International Students and Scholars Services Office website (http://drexel.edu/studentlife/get_involved/international_students_scholars/new-international-students/) to learn more about different visa types.

Review Your Financial Aid Information

To review your financial aid information, please visit the Financial Aid tab (</apply/status?cmd=second>).

Again, congratulations on your admission! Please feel free to contact us at 215.895.2400 if there is anything we can help you with. We look forward to seeing you soon and working with you during your time as a student at Drexel.

Dear Sir,

It is our pleasure to confirm that you have been accepted to the Master of Science in Industrial Business Management study programme for the 2023/24 academic year.

The estimated price of the Master's Degree is 11.060,00 Euro (60 ECTS). This price includes the discount (2.500,00 Euro) for Master's students from Presidency University.

To reserve the pre-enrolment in the programme you must make a payment of 2.100,00 Euro within 15 days of receiving this letter.

You must make this payment by credit card through the pre-registration platform (<https://www.iqs.edu/en/on-line-preregistration-master>) or by bank transfer through the Flywire platform (www.flywire.com/pay/iqsland) if your bank account is not in Spain. Once you have reserved your pre-enrolment, we will send you the instructions on how and when to finalise the enrolment procedure.

The amount to reserve your pre-enrolment in the programme does not represent an additional cost as it is the first payment of your enrolment and it will be only returned if you do not meet the necessary academic requirements to access the studies at IQS, without prejudice to your right to withdraw as established in the legal terms and conditions.

Note: Your enrolment becomes definitive once you have submitted the required documents for accessing master's degree studies according to the rules set up in the RD 822/2021 (you can find more detailed information in the manual "Information on master's degree enrolment", which we will send to you after you have made the payment to reserve your pre-enrolment).

CONGRATULATIONS ON YOUR ADMISSION!

Chethan D, University ID: 14600699

On behalf of the faculty and staff, I am excited to share that you have been provisionally admitted to Drexel University. You were selected from an accomplished and talented group of applicants.

The following information provides details regarding your admission to Drexel University. If you require a physical copy of your admission letter for a visa application or scholarship purposes, please print this page. This printout is considered an official copy.

PROGRAM INFORMATION

You have been admitted to the following program:

Major Admitted: Cybersecurity, MS

Degree: MS in Cybersecurity

College: College of Engineering

Status: Full-time

Starting Term: Fall

Student Type: 2024-2025 Graduate

Please note that your offer of admission is specific to the term and major above.

YOUR ADMISSION DECISION

Congratulations! Drexel University is pleased to provisionally offer you admission. An official admission letter has been sent to you by mail.

CONDITIONS OF YOUR ADMISSION

Provisional Admission

Your offer of admission is provisional based on the following: You must remain in good academic standing with a cumulative and graduate GPA of 3.0 or above to be admitted to the MS program in Year 5. In addition, you must submit an official, final transcript from your home institution including your graduation certificate(s) to Drexel once your Bachelor's degree has been conferred. If applicable, documentation that the provisions have been met must be received before you can begin the program.

Final Transcripts

If you are currently enrolled in a college or university, you must submit final transcripts. If final transcripts are not received prior to the start of coursework at Drexel, a registration hold may be placed on your account. If other materials were requested at the time of your acceptance, these must be submitted as well.

Disciplinary Actions

You are required to notify Drexel of any legal or disciplinary actions taken against you prior to enrollment. Drexel University reserves the right to withdraw your offer of admission in the event that 1) you show a significant drop in academic performance, 2) you fail to graduate, 3) you misrepresent yourself in the application process, or 4) the University learns that you have engaged in behavior prior to enrollment that indicated a serious lack of judgment or integrity.

NEXT STEPS

Now that you have been admitted, there are some additional items you must complete before officially becoming a student at Drexel University.

Confirm Your Enrollment at Drexel University

To reserve your seat in the entering class, please submit the non-refundable tuition deposit by **Monday, May 30**. This deposit will be applied to your tuition bill. Confirm your enrollment and submit your deposit now (<https://discover.drexel.edu/bannerSSO>).

Check out the Graduate Admissions Admitted Students page (<http://drexel.edu/grad/resources/admitted/>) for additional steps.

Submit Required I-20 Application Documents

Students without United States Citizenship or Permanent Residence (also called a Green Card) will require a visa that permits them to study in the United States. Some foreign students already have a visa that allows them to study at an American university. It is important to know whether that visa will also allow you to work, especially if you will pursue a program at Drexel with a co-op requirement (cooperative education).

Please note that only those students who have confirmed their acceptance to Drexel can start the visa application. Drexel can support you in pursuing one of two types of student visas: an F-1 visa or a J-1 visa. If you have any concerns or questions about what type of visa you need in order to pursue your studies at Drexel University, please visit the International Students and Scholars Services Office website (http://drexel.edu/studentlife/get_involved/international_students_scholars/new-international-students/) to learn more about different visa types.

Review Your Financial Aid Information

To review your financial aid information, please visit the Financial Aid tab (</apply/status?cmd=second>).

Again, congratulations on your admission! Please feel free to contact us at 215.895.2400 if there is anything we can help you with. We look forward to seeing you soon and working with you during your time as a student at Drexel.

Sincerely,

Evelyn K. Thimba
Senior Vice President for Enrollment Management

Students without United States Citizenship or Permanent Residence (also called a Green Card) will require a visa that permits them to study in the United States. Some foreign students already have a visa that allows them to study at an American university. It is important to know whether that visa will also allow you to work, especially if you will pursue a program at Drexel with a co-op requirement (cooperative education).

Please note that only those students who have confirmed their acceptance to Drexel can start the visa application. Drexel can support you in pursuing one of two types of student visas: an F-1 visa or a J-1 visa. If you have any concerns or questions about what type of visa you need in order to pursue your studies at Drexel University, please visit the International Students and Scholars Services Office website (http://drexel.edu/studentlife/get_involved/international_students_scholars/new-international-students/) to learn more about different visa types.

Master of Science in Industrial Business Management

Dear Sir,

It is our pleasure to confirm that you have been accepted to the Master of Science in Industrial Business Management study programme for the 2023/24 academic year.

The estimated price of the Master's Degree is 11.060,00 Euro (60 ECTS). This price includes the discount (2.500,00 Euro) for Master's students from Presidency University.

To reserve the pre-enrolment in the programme you must make a payment of 2.100,00 Euro within 15 days of receiving this letter.

You must make this payment by credit card through the pre-registration platform (<https://www.iqs.edu/en/on-line-preregistration-master>) or by bank transfer through the Flywire platform (www.flywire.com/pay/iqsland) if your bank account is not in Spain. Once you have reserved your pre-enrolment, we will send you the instructions on how and when to finalise the enrolment procedure.

The amount to reserve your pre-enrolment in the programme does not represent an additional cost as it is the first payment of your enrolment and it will be only returned if you do not meet the necessary academic requirements to access the studies at IQS, without prejudice to your right to withdraw as established in the legal terms and conditions.

Note: Your enrolment becomes definitive once you have submitted the required documents for accessing master's degree studies according to the rules set up in the RD 822/2021 (you can find more detailed information in the manual "Information on master's degree enrolment", which we will send to you after you have made the payment to reserve your pre-enrolment).

Please feel free to contact us for any clarification you may need.
