## Report on Alumni Talk by Mr. Hemanth Kumar V

The Department of CIVIL ENGINEERING on 1st November 2020, organized a LIVE webinar through our departmental forum, FORCE on the topic "Vaastu in Building Planning and the Science Behind". The speaker for the session was Mr. Hemanth Kumar V, Civil Engineer, and Vaastu Expert Founder, Intellectual Paradise Services who also is a Proud alumni of Presidency University.

The online program was graced by the presence of the Honourable Pro-Vice-Chancellor, Dean-in-charge, SoE, and Controller of Examinations and Dr. Snehaprabha head of the department of student affairs, the program was coordinated by FORCE department Forum Coordinators Dr. S. B. Anadinni Associate Dean (SoE) and Head, Department of Civil Engineering and, Dr. Nakul Ramanna, Mr. Gopalakrishnan N.

The session started at 4 PM with a virtual lighting of the lamp followed by an insight into the importance of the topic by Dr. S. B. Anadinni the speaker was introduced by Ms. Swetha A Followed by this formal inauguration, the speaker took over the session.

The webinar saw the speaker cover a range of topics the session began with a brief introduction to Vaastu shastra in Building Planning, terminologies in Vaastu Shastra, Principals of Vaastu Shastra, Vaastu shastra in civil engineer's perspective, the Scientific essence of Vaastu shastra The webinar saw over 200 participants not only from presidency university but also from other colleges around Bangalore.

After the speech, the speaker encouraged students and staff to ask clarifications wherever required and students were equally enthusiastic in the questions raised and answers received. The program concluded with a vote of thanks proposed by Ms. Anju Mathew.

Some screenshots from the event are attached:

## Report on Alumni Talk by Mr. Syed Sufyan

### “Study Abroad in Canada and PR Opportunities”

**Date:** Friday, May 12

**Time:** 1:30 PM

**Venue:** F Block Seminar Hall

**Organizers:** FORCE - Forum of Civil Engineering and Department of Civil Engineering, School of Engineering, Presidency University, Bengaluru

#### Introduction:

On Friday, May 12, the Department of Civil Engineering, School of Engineering at Presidency University, Bengaluru, organized an alumni talk event featuring Mr. Syed Sufyan, a distinguished alumnus of the department. The talk, titled "Study Abroad in Canada and PR Opportunities," aimed to provide valuable insights and guidance to the students of the 4<sup>th</sup> and 6<sup>th</sup> semesters of Civil Engineering. Mr. Syed Sufyan, currently pursuing his Master's degree at Toronto Metropolitan University, formerly known as Ryerson University, in Canada, shared his experiences and knowledge about studying abroad and the potential opportunities for Permanent Residency (PR) in Canada.

#### Event Overview:

The event took place in the F Block Seminar Hall, starting at 1:30 PM. Mr. Syed Sufyan, was formally introduced to the audience by Mr. N. Gopalakrishnan. The organizers, FORCE - Forum of Civil Engineering, and the Department of Civil Engineering, facilitated an engaging environment for students to learn from the experiences of their accomplished alumnus. The session lasted for approximately one and half hours, including a presentation by Mr. Syed Sufyan followed by a question-and-answer session. About 60 students attended the session and took benefit. Faculty in attendance included Mr. N. Gopalakrishnan, Dr. Nakul Ramanna, Ms. Anju Mathew, Mr. Ajay M H and Mr. Dayalan J. Vote of thanks was given by Ms. Prerana R, final year student in the department.

#### Presentation Highlights:

Mr. Syed Sufyan's presentation covered various aspects of studying abroad in Canada and the opportunities for securing Permanent Residency. He shared his personal journey, from his undergraduate studies at Presidency University to his current pursuit of a Master's degree in Canada. Key highlights from the talk included:

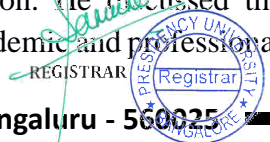

Introduction to Canada as a Study Destination: Mr. Sufyan provided an overview of the Canadian education system, highlighting its quality, diversity, and global recognition. He discussed the benefits of studying in Canada and the positive impact it can have on one's academic and professional

growth.

Admission Process and Scholarships: The presentation covered the application process for Canadian universities, including tips on preparing a strong application, securing scholarships, and meeting the necessary requirements. Mr. Sufyan shared his own experiences and provided guidance on how to navigate the admission process effectively.

Academic Life and Research Opportunities: Mr. Sufyan shed light on the academic environment in Canadian universities, emphasizing the importance of research and its role in enhancing career prospects. He discussed the various research opportunities available to students in the field of Civil Engineering in Canada.

Employment and PR Opportunities: The talk addressed the potential career prospects and job opportunities for international students in Canada. Mr. Sufyan shared insights into the Canadian job market, work permits, and the process of obtaining Permanent Residency. He discussed the pathways available for international students to transition from study permits to work permits and eventually securing PR status.

## Question-and-Answer Session:

Following the presentation, an interactive question-and-answer session was conducted. Students had the opportunity to seek clarifications and further insights from Mr. Sufyan regarding their concerns, including application processes, scholarships, work opportunities, and the overall student experience in Canada.

## **Summary:**

The alumni talk event conducted by Mr. Syed Sufyan on "Study Abroad in Canada and PR Opportunities" was a highly informative and beneficial session for the 4th and 6th semester Civil Engineering students at Presidency University. By sharing his personal experiences and knowledge, Mr. Sufyan inspired the students to consider international education opportunities in Canada and provided valuable guidance on navigating the admission process, academic life, research prospects, and potential pathways to Permanent Residency. The event was a great initiative by FORCE - Forum of Civil Engineering and the Department of Civil Engineering, fostering a strong alumni-student connection and promoting global educational aspirations among the students.

## School of Engineering

The department of Electronics and Communication Engineering organized an online Webinar on “**Guidance on Studies Abroad**” by Ms. **Sandhyashree A, PU Alumna (2017 batch)** for counselling students and make them motivated for doing abroad studies. The speaker Ms. Sandhyashree A is currently pursuing Masters in electrical and information technology (major-communication) from Darmstadt university of applied science, Germany. The webinar started with welcome speech by **Ms. Maitraiye Konar** addressing distinguished delegates and welcoming speaker with a hearty welcome to all ECE students of presidency university. Speaker had gracefully started the session with introduction on abroad qualification. She had explained and conveyed all the details regarding study process and shared her experiences.

The online webinar was coordinated by ECE department Alumni Coordinators **Ms. Maitraiye Konar, Ms Srilakshmi, Ms.Anusha R.**

After Query session over, the program concluded with a vote of thanks proposed by **Ms Anusha**, Assistant Professor ECE.

## Guest Lectures/Technical Talks/Training Programs under Forum Activity – “FLASHOVER” - ODD 2021-22

Guest lecture was delivered by **Mr. Suraj JR**, Alumnus, Presidency University, Bangalore on “Electronics in EV's- Research and Design Opportunities” for EEE students and staff under department forum activities/Alumni activities on **3<sup>rd</sup> March 2022** online via MS TEAMS.

Electric vehicles (EVs) offer an opportunity to replace fossil fuels in the transport sector. Electrification of the transport sector can also bring benefits in terms of increased energy efficiency and reduced local pollution. The speaker started the session with the benefits of getting into the EV Industry. He listed out the thrust areas in EV sector where engineers and researchers can work collaboratively to improve the performance and efficiency of the vehicles. He also listed out the modern software and hardware tools which are used nowadays for software and hardware design. Before ending the session, the speaker discussed about the job opportunities available in this sector and also encouraged the students to pursue some internships in this domain which will be beneficial for placements.

The session was highly interactive and useful for the student community, and all the student queries were well addressed by the speaker.

Few of the snapshots taken during the session are attached below for reference:

To.  
Mr. Suraj JR (Alumnus of EEE Dept. Presidency University)  
Hardware Design Engineer  
Simpleenergy Pvt Ltd

Dear Sir,

Greetings of the day from Presidency University, Bengaluru!

We are much honored to introduce ourselves to you as Department of Electrical and Electronics Engineering, School of Engineering, Presidency University, Bengaluru. We are one of the most renowned Institutes for higher Education in India. Presidency University is a constituent of the Presidency Group of Institutions (PGI), which has and continues to be active for more than a decade and half in higher education.

We are grateful to you for accepting our invitation as a guest speaker for a session on -"Designing of automotive grade electronic circuits" on 4th May 2022 (Wednesday) at 03.00 pm. This event is organized to encourage and enlighten students about the AEQ Standards for automotive electronics, filter design, various DC-DC Converters and PCB Design. This programme has been planned to conduct offline and the coordinators will guide you in advance. As you are one amongst the well-known in the area of your specialization and expertise, we are very sure your deliberation and participation will surely benefit the participants. The target audience will be research scholars and students. We believe this interaction will continue for long fruitful educational and professional exchanges.

We believe this date will suit you and your acceptance at the earliest is highly appreciated.

We look forward to the limitless possibilities of this relationship. With great happiness we are looking forward for your session.

## Industrial Expert Interactive Session on “Designing of automotive grade Electronic circuits” under Forum Activity Even / Winter Semester 2021-22

04-May-2022

The session is being organised by the course in charges of Mr. Bishakh Paul and Mr. Sreekanth Reddy for the **courses of EEE 319 Electric Vehicles, EEE1005 Electric vehicles and Battery Technology and EEE3036 Battery management systems**, to create awareness on industrial operations, challenges and opportunities in EV sector.

The faculty coordinator **Ms. Ragasudha C P** addressed the importance of session to students and student coordinator **Ms. Babitha** introduced the speaker, **Mr. Suraj JR, Alumnus of Presidency University and working as Hardware design engineer in Simple energy Pvt.ltd.** **Mr. Suraj** started his presentation on “Designing of automotive grade electronic circuits” for EEE students under the department forum activities on 4<sup>th</sup> May 2022 at Presidency University in Room No. UF-01 between 3:05-4:40 PM.

The speaker presented the prospects for electrical engineering students in the era of electrified cars in an extremely interactive manner. The hardware and software tools were explained and enlightened the students with possible opportunities in electric vehicle modelling, design of power electronic converter circuits and the role of battery management system in EVs. This hasSome of the tools like Webench power designer online circuit designing tool was demonstrated along with the communication tools i.e., CAN, J1939 Stack and UDS used in EV’s. Research topics under this field have been explained. He also went through the many types of hardware design (such as motor control, ADAS, and BMS) and software design (such as ADC's, CAN, and Motor Control Algorithms). He also discussed GaN MOSFETs (Galium nitrate MOSFETs), which are currently

**City Office: University House, 8/1, King Street, Richmond Town, Bengaluru - 560025**

[www.presidencyuniversity.in](http://www.presidencyuniversity.in)

being researched. He also addressed the importance of power electronic converters (such as the BUCK Converter) that are utilized in electric vehicles. Along with them BMS (Battery Management System) is explained which is a crucial part in electrical vehicles with examples (eg:-recent ola incident was discussed). Also R&D (Research and development) sector opportunities have been enlightened (FAST CHARGING, WIRING HARNESS, DRIVER ASSIST SYSTEM etc., have pointed out. He had shown some of the circuit boards which were done by him to the students. He also suggested some of the reference books for the field requirement and study purpose.

The session was highly interactive and useful for the student community, and all the student queries were well addressed by the speaker.

Here are a few instances of the geo tag images captured during the session:

## LETTER OF APPRECIATION

On behalf of Department of Electrical & Electronics Engineering, Presidency University, Bangalore, I would like to express heartfelt appreciation to **Mr. Suraj JR , an alumnus of Presidency University Bangalore, working as Hardware design Engineer in Simple Energy Pvt Ltd, Bengaluru** for acting as a resource person for an Industry Expert Interactive Session on **“Designing of Automotive Grade Electronic Circuits”**, on **04-05-2022 at Presidency University, Bangalore.**

Thank you for volunteering your services, I would like to appreciate you for reaching us, in spite of your busy schedule. Overall, the participants were enriched with your session and gained adequate practical knowledge on the tools required for hardware and software design in the area of Battery technology and Electric Vehicles. Once again, thank you for making the event successful and I expect your continuous support in future too.

Sincerely

### Current Industry Demands and How We Can Adapt to It

07/07/2023

#### Brief about the program:

The program started at 10.00 PM using MS Teams as online mode. Dr. Satish Babu, Head of Mechanical Engineering Department has welcomed and thanked the speaker for accepting our invitation for delivering a technical talk. HoD also welcomed Dean sir to the programme. Mr. Basavaraj Devakki anchored the session & introduced the speaker to the audience. Mr. Ankit Kumar Singh, Quality analyst, Wyzmindz Solutions, Bengaluru has begun with introducing the current industry development and insights into industry 4.0

He delivered some interesting concepts related to skills development to meet today's industry needs, how mechanical engineer can improve the coding skills etc.

At the end of the session the speaker has outlined that if students can do projects at his organization. Mr. Basavaraj Devakki gave the valedictory of the session.

## Alumni Meeting Report - 2022

The Alumni Association of Presidency University, Bengaluru, Mechanical Engineering department has organized the "VIRTUAL ALUMNI MEET 2022"- a programme to facilitate, consolidate and coordinate Alumni activities at Presidency University on 23 April 2022. The alumni meet is to reconnect with the Alumni and celebrate their success and various achievements. The Virtual Alumni meet started at 10.00 AM through online platform. The Alumni Meet started with a welcome address by the Alumni coordinator Mr. Aravinda T Asst. Professor. The meeting was graced by the Head of Department Dr. Satish Babu B. HOD thanked all the Alumnis for responding to the invitation from department and being present for the virtual alumni meet in spite of their busy schedule. He then proceeded with presenting the department report highlighting the various milestones reached in the past year. Some notable points were:

- He told about all the achievements of PG programme & Research courses in the university. He mentioned that more than 16 research scholars have been awarded doctoral degree till now and approx. 429 are actively pursuing a doctoral degree.
- He briefed about PLM lab which was set up recently in collaboration with M/s. Capgemini.
- He also briefed about the innovative project work which was carried out by 1<sup>st</sup> year students using Audino board kit.
- He congratulated the alumni students who achieved great success in their career

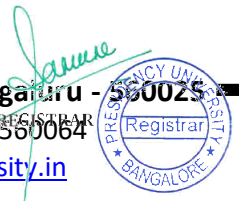

Alumni also interacted with the students and gave motivational talk regarding preparing for higher studies and placements. Students asked many questions regarding placements and the alumni shared their views.

### Steps to Prepare Yourself

### Tips and Takeaways

1. Choose your program wisely by making decisions based on your niche or interests.
2. Study the place, its market, jobs in demand and immigration requirements in case you plan on working there in the future.
3. Find the right University and appropriate scholarships associated with your program or origin.

Title: **LOGICVERSE Club activity, Inaugural Session with Alumni as Guests Speakers**

Date: 25<sup>th</sup> May, 2023

Venue: MF12 SOM

## Introduction:

On May 25<sup>th</sup>, 2023, the Business Analytics Club of Presidency University, known as LOGICVERSE, organized a highly anticipated inaugural session. This event not only made a benchmark by giving our club a logo, but also centred around the “Interview questions and the experiences” of our two seniors, namely Mr. Prajwal and Mr. Subhash Gowda. The event aimed to provide an ice-breaking introduction to the club members along with the valuable insights from our speakers. They talked and discussed about the days when they were job seekers and gave us the confidence for job hunting.

## Event Highlights:

Prior to the Inaugural session, we announced our first Activity, “Logo Quest” where we were seeking for the best suited logo for our club. We received a number of entries, making it tough for us to choose one. Ultimately, on the day of our Activity we announced Mr. Vikash Sahu, our fellow classmate as the winner and chose his designed logo as the face of our club.

LOGICVERSE also invited two of our accomplished **ALUMNI Subhash Gowda and Prajwal P K** who have been placed via university placements. They graciously shared their personal experiences and insights regarding the interview process they have faced. Their presence at the event generated significant interest among the members and in the coordinators.

The event commenced with an opening, addresses by the Club Secretary, followed by a brief introduction by our faculty in charge, Dr. Krishna Durbha about our guest speakers. Mr. Prajwal and Mr. Subhash Gowda then took the stage, individually presenting their interview journeys, challenges faced and strategies employed to overcome obstacles. Following that, a lively interactive session took place, allowing the members to ask questions and seek advice from our

speakers. This interactive atmosphere fostered networking opportunities and encouraged attendees to connect with one another.

In conclusion, the activity organized by LOGICVERSE' Office Bearers, was a resounding success. The event drew a large and engaging audience. The insights gained from our seniors, combined with the interactive session and networking opportunities, proved to be immensely beneficial for all of us.

The School of Management, Presidency University, provided a platform for interaction and knowledge sharing by seasoned industry veterans, for our MBA students, in the form of 'Digital Marketing Conclave – 2021', on 23<sup>rd</sup> October, 2021. The aim of the conclave was to brainstorm the latest happenings in the ever changing dynamic world of Digital Marketing and to leverage the power of digital marketing channels for the Industry 4.0. The conclave aimed to provide a platform for the student and teaching communities to have a peek view into the industry perspective and hear to the stories of successful digital marketing campaigns in Indian context.

### FEATURES OF THE CONCLAVE

- Plenary Sessions by Industry Experts
- Experience sharing by our practicing alumni
- Panel Discussions
- Q & A

### THEMES

- ❖ Latest Trends in Digital Marketing

- ❖ Decoding the Digital Customer
- ❖ Digital Marketing Tools & Strategies
- ❖ Digital Marketing in B2B Space
- ❖ Scope of Analytics in Digital Marketing

### PANEL OF EXPERTS – Plenary Sessions & Panel Discussion

- ❖ **M S Kumar**, Digital Marketing Trainer & Consultant, Visiting Faculty IIM – Kozhikode, IIM – Indore, Founder – National Institute of Digital Marketing (NIDM)
- ❖ **Vaijayanth M K**, B.Tech (NIT-A), MBA (IIM-A), Senior Director, Product Management, Salesforce
- ❖ **Mohan Mullagiri**, Senior Manager, Integrated Analytics & Insights, Hewlett Packard Enterprise
- ❖ **Amaladhas Arul**, Digital Ad Sales Manager, Zee media Corporation Ltd.

### Joined by Presidency SOM Alumni

- ❖ **Hana Khan**, Social Media Specialist, Vous Digital Marketing Agency, Dubai, UAE
- ❖ **Bharat**, Client Service Analyst, Theorem India, Mysore.

### PARTICIPANTS

The participants for the conclave included students (MBA Dual Program, MBA – Digital Marketing Program), PhD Scholars & Faculty members across all domains.

## Snapshots from the Event:

The screenshot displays a Zoom meeting window. The main content is a presentation slide from Presidency University, School of Management. The slide title is "SCHOOL OF MANAGEMENT PRESENTS Know how Digital Marketing is Leveraged in Industry 4.0: An Interaction with Industry Veterans!". It features a panel discussion titled "Panel Discussion 2 – Digital Marketing Tools & Strategies" on October 23rd. The speakers listed are Mohan Mullagiri (Sr. Manager, Integrated Analytics & Insights, Hewlett Packard Enterprise) and Amaladhas Arul (Digital Ad Sales Manager, Zee Media Corporation Ltd.). The slide also lists advisors: Dr. Gunjeet Kaur (Dean – SOM) and Dr. Krishna Kumar (Associate Dean – SOM). Conveners listed are Dr. Chithambar Gupta V, Dr. Akhila Udupa, and Dr. Nisha Saha. The Zoom interface shows three participants in a video call: Dr. Chithambar Gupta, Mohan Mullagiri, and a woman. The Zoom control bar at the bottom includes options for Mute, Stop Video, Participants (46), Chat, Share Screen, Record, Reactions, Apps, and Leave.

# Age of Insights

Hyper Speed Hyper Scale Hyper Connected

## Data without Insights is Like Fuel without Fire !!

**Antonio Neri**  
CEO, HPE

We are now in the Age of Insight, and data is your most precious asset. Your ability to innovate faster requires you to be in total control of all your data.

### Data Explosion Reality

"The amount of digital data created over the next five years (2021-25) will be **greater than twice** the amount of data created since the advent of digital storage" (IDC)

Global data creation and replication will experience CAGR of 23% during 2021-25, leaping to **181 zettabytes in 2025** from 6.5 zettabytes in 2012

"The amount of data analyzed is growing steadily each year, yet there is **opportunity to leverage and extract even more insights and value** by expanded use of data analytics than what organizations are doing today."
