9, Examination Automation

The purpose of examination automation is to streamline and improve the entire examination process by leveraging technology to handle various tasks and activities traditionally performed manually.

Presidency University, Bangalore conducts examination based on the approved regulations. The regulations provide complete details about course credits, conduct of internal assessment and end semester examination pattern, question paper pattern, passing minimum, grade computation and Award of letter grades and classification of the degree awarded.

Presidency University, Bangalore Automation Suite is a quality product integrated from three top notch companies, viz., CAMU, INPODs and BeeS Software Solutions, which focused mainly University Automation. The University Automation System comprises of modules covering the activities of the academic, examination and finance, out of which the Examination Automation System is the most important model. Primarily, the system has three portals i.e. Faculty, Exam cell and Students. Under every portal we have prescribed modules which are integrated with the Examination Cell. It has multiuser environment, making it easier to access from any location and it is also accessible from mobile as well as laptop.
