COMPETITOR ANALYSIS

No direct competitors for our service, at least not in India. The closest competitor are toy rental services.

The most common alternative to our service are **C2C buying and selling platforms** such as OLX, Quikr, etc.

The other options that remains with the users are selling the toys to **Big Bazaar** or **scrap dealers** who will not evaluate the toys' value correctly and treat them as scrap.

What is the incentive for using our service?

The incentive for the user to use our service over these portals is that they will **avoid all the steps** the user would be taking by using these services and **save valuable time** and **get an excellent price** for their toys.

We also provide the users with **assistance** in promoting their items to the target buyers. We help them with **cleaning, evaluating, product research, and determining the price** for their toys and marketing, compared to the raw C2C interaction in OLX, Quikr, etc.

2nd Project-NSS Cell, Presidency University in association with campus to community team participated at school bell project of Nehru Yuvak sangha, Bangalore. The Govt school located in Turbanhalli yelhanka Bangalore was the location where a newly registered batch of NSS students joined hands to decorate the walls of school to bring joy on face of student studying in that school. The colorful wall has definitely changed the environment of the school and surely motivat the student to come to school regularly. Around 56 students involved in campaign and worked and painted around 15 walls with a beautiful drawing and sketches every one enjoyed the day and felt content by seeing their hard work in the form of these paintings.

5.Haritvam- Presidency University National Service Scheme had participated in the Green Campus Project, Haritvam in coordination Yuvak sangha with EY Global Ltd. Company and Sparsha Trust for the Environment Literacy Campaign held on 15th December 2022 at Viveka Auditorium, Jayanagar. We were allocated 6 schools and a mentor assigned by the Yuvaka Sangha to each group consisting of 5 volunteers from our college. The Schools were GHPS Vaderahalli, GHPS Manjunath Nagar, GHPS Abbigere, GHPS Bagalgunte, GHPS Agrahara and GHPS Hesarghatta. We started the project with our first visit on 21st January 2023, where each group went to their respective schools and introduced the students about our campaign and the theme that we had to teach them; Water Conservation and Waste Management. The theme was taught to all the students from 6th to 9th standards, about how do we conserve more water, how to manage waste, how to take care of our environment and why is it necessary for everyone. We had told them to make projects related to our campaign and the students came up with very creative projects that were terrarium, piggy bank made from a plastic bottle etc. The campaign was finished within a duration of 2 months with our last visit on 4th March 2023, where we went to the schools and took the feedback of the respective head masters as well as the teachers. We had also conducted competitions for the students such as essay writing, pick and speak, drawing competition and slogan writing. Concludingly, the campaign was finished successfully by the coordination and help of each volunteer as well as our mentor.
