The five days Batch 2 - Faculty Induction Program 2022-23 was organized during 5<sup>th</sup> – 9<sup>th</sup> September 2022 at Presidency University, Bangalore. Around 60 faculties from various departments / schools such as SOE-CSE, SOE-ECE, SOE-EEE, SOL, SOM, SOMS, SOC, SOD, Department of Physics, Chemistry, English, Maths participated actively.

The Day 1 session was started with introductory address by our Honorable Vice Chancellor and followed by Dr. Beeran Moideen BM, Registrar with the Introduction to Key Officials, Overview of Schools / Programs and methodology of admission & ID creation. The remaining session continued such as Academic Regulations, Ph.D. Regulations, Accreditation and Ranking Frameworks by the respective keynote speakers mentioned in the Program schedule.

The Day 2 session comprised with the broader topics such as Examination Regulations, Examination Operations, Placement Process, Internships and Career Counselling and Guidance Cell, Course Preparation & Delivery and Updation to LMS (for Course Handouts & Attendance & Coverage). The session were handled by eminent resource person from the Presidency University.

The departmental orientation session was executed on Day 3 program with the common agenda points such as School/ Department Structure, Hierarchy and Faculty Strength, Programs offered and Service Courses to and from the Department / School, Curriculum Structure, Functions of DAC and BoS, Course Catalogue, Handout and Delivery methodology, Research areas and Laboratory Facilities, Roles and Responsibilities of Class coordinators and Instructor In charge, E-content Preparation, Value added courses, Student Strength, Co-curricular and Extension Activities of the Department. The respective HoDs / Deans were arranged the internal session.

There were multiple session were conducted such as Demonstration of MS Teams, Professional development, Innovative projects, Mentor-Mentee Programme, Library & Learning resources & MOOC Courses, Life Skills Training, Digital Foot Prints at Presidency University and along with the admission process, Personal-emotional development, Counselling and Motivation. All the session were planned and successfully executed in Day 4 session program schedule.

The Day 5 session ended with key note topics such as International Relations, Research and Professional Development, IT Policy and Facilities @ Presidency University, Student Life @ Campus, Facilities @ Presidency University. The program successfully completed with faculty views and closing ceremony. The faculty participants were well satisfied with the program learning outcomes by showing their positive feedbacks in each session delivered.

## **A BRIEF REPORT ON TRAINING SESSION**

In order to enhance the quality of Academic activities across all the Schools of Presidency University and to focus on the Faculty Members development, Dean-Academics Dr. P.S.Venkataramu conducted second phase training session for Faculty Members of SOL [Commercial Law Group] on Course Hand out preparation complying to OBE". A brief report of this session is furnished below:

This training was focused on facilitating the faculty members in development of Course hand out for a common course collectively incorporating the OBE Concepts. 8 faculty members have participated in the training and the course selected was "Intellectual Property Rights" a core course for the B.A, LLB Program.

Following steps were followed in the session and the course hand out was prepared:

1. Familiarization to the job description of the employers.
2. Identification of the course in which most of them are familiar for the case study.
3. Identification of the job descriptions which can be addressed through the selected course.
4. Selection of such job descriptions currently not been able to address due to the limitations of the syllabus.
5. Selecting the appropriate level of Blooms' taxonomy to be adopted for the first unit of the course.
6. Developing the course outcomes based on the selected Bloom's level, content and the job description.
7. Mapping of these course outcomes to the program outcome.
8. Setting sample thought provoking questions based on the selected Bloom's level, course outcomes and the competency to be developed based on the job deception of the employer.
9. Preparation of the activity for problem based learning.
- 10 Preparation of schedule of instruction for Module -2 and the lesson plan for one lesson.

**REPORT**  
**On**  
**Course Handouts (CHOs) Preparation Session**  
(On 4<sup>th</sup>, 10<sup>th</sup>, 11<sup>th</sup>, 24<sup>th</sup>, 25<sup>th</sup> August 2022 & 8<sup>th</sup> Sep 2022)

An offline review session on **Course handouts (CHOs) preparation** was conducted by respected Dr. Shilpa Mehta, Dean Academics to all the Department / School in presence of all the Department / School faculty members for all the courses mentioned in the forthcoming Fall (Odd) Semester 2022-23. The meeting was commenced by Dean Academics with the following agenda points were discussed and listed below:

**Agenda No 1: Upgrading the Course Outcomes to higher cognitive levels as per Bloom's Taxonomy.**

Dean Academics randomly audited the course handouts of all semesters like I, III, V and VII Semesters, suggested all the faculty members to upgrade the bloom's level of the course outcomes of higher semester courses to higher cognitive/Blooms level, wherever feasible and recommended to raise the level of teaching to upgrade the student's cognitive level. She also mentioned the following points:

- To choose the verbs in blooms taxonomy depending on the course content and the course delivery.
- Course outcomes should be applicable to all the students irrespective of student's attainment level in the exams.

**Agenda No 2: Raise the level of teaching to analysis level wherever feasible**

Dean Academics suggested all the faculty members to raise the level of teaching to analysis level especially in higher semesters so as to improve the employability ratio of the students.

**Agenda No 3: Proper assignment of Course codes**

Dean Academics conveyed that for the same type of course, the course code can be different as the course code represents a unique number. For eg. Digital electronics course can be taught to branches like Computer science Engineering, Electronics and communication Engineering and Electrical & Electronics Engineering with different course content but different course codes.

**Agenda No 4: Verifying the PRC Reference number, Semester, Year**

Dean Academics instructed all the faculty members to verify the PRC Reference number, Semester, Year properly in all the course handouts and update if any changes are required. She mentioned a uniform numbering scheme for PRC documents

**Other discussion points:**

1. The Library link in the CHO and Catalogues should be given from Nimbus Link.
2. The concept of writing Thought provoking questions and more number of questions should be added in the question papers.
3. Writing of Course outcomes, mapping it with Programme outcomes was discussed with relevant examples.

## **A Brief Report on Training Session**

In order to enhance the quality of Academics across all the Schools of Presidency University, Dean-Academics Dr. P.S.Venkataramu conducted Introductory training for new Faculty Members on “Outcome Based Education”. A brief report of this session is furnished below:

1. In order to focus on Outcome Based Education [OBE] preliminary session was conducted to the new Faculty Members who were present in the session and the session was targeted in educating all the Faculty Members about the need for OBE, Process of implementing OBE and Drafting of Programme Educational Objectives [PEOs] and Programme Outcomes (POs).
2. All the Faculty Members were trained in this session on Development of Course Planning Materials with a focus on OBE and incorporating Bloom’s Taxonomy.
3. Outcomes of this Session:
  - I. All the training Faculty Members are convinced about the need for shifting from content based education to OBE.
  - II. The Faculty Members were taught to select the appropriate POs relevant to their respective courses.
  - III. All the Faculty Members have realized the need to incorporate the Bloom’s Taxonomy for developing the course planning, materials.
  - IV. Demonstrated to map the course outcomes with the relevant POs.
  - V. Realised the significance of all the details to be provided in the course handouts.

## **FEEDBACK FORM**

### **INTRODUCTORY TRAINING FOR NEW FACULTY MEMBERS ON “OUTCOME BASED EDUCATION”**

Session conducted by: Prof. P.S.Venkataramu, Dean-Academics

Session attended by: New Faculty Members

Date and time of the session: 24/07/2021; 9.30 AM to 4.30 PM

<b>Sl. No</b>	<b>Name of Faculty Members</b>	<b>Designation</b>	<b>Feedback</b>
1	Ms. Sunitha B J	Assistant Professor	Session was very informative and hands-on helped us a lot to know from the base level like how to write the course outcome for particular courses. Overall session was good.
2	Ms. Sofia Khatun	Assistant Professor	It was an enriching session. Looking forward to be part of such more trainings in near future.
3	Ms. Kopal Pandey	Lecturer	It was a great learning experience. Not only did it widen my perspective, but it also gave me practical knowledge about how to go about my teaching profession in a more effective and systematic way.
4	Dr. Tufail Ahmad Khan	Professor	Excellent session. Please try to arrange more session. Highly professional and considerate. Sir is fine tutor for Faculties.
5	Dr. Bhagyashree Nadig Y S	Assistant Professor	The Session was very Informative about the University and its work ethics. We also did learn about the OBE and how it exactly works Thank you for Teaching the same.
6	Mrs. Garima Agarwal	Assistant Professor	Thank you sir for this informative and explanatory session. Definitely I will use this information and techniques in my teaching. Apparently, This will improve my teaching ability and skill and enhance my academic future.
7	Dr. N Nethravathi	Assistant Professor	Thank you for organizing workshop on OBE...Wonderfully designed and executed Sessions, Dr.Venkataramu sir's signature style of teaching was a highlight and workshop boosted my confidence in designing Course Handouts and Course catalogue helped me understanding the

			preliminary requirements of every course. Workshop focused on preparing me to be a better teacher.
8	Dr. Vijayakumar N C	Assistant Professor	Excellent and Wonderful session with comprehensive coverage on concepts and application of OBE.
9	Dr. Veerasha A Sajjanara	Assistant Professor	Excellent workshop
10	Dr. Arun Khatri	Associate Professor	The entire day long OBE workshop was very helpful, and in itself was outcome based. I really appreciate the knowledge and energy levels of Prof. Venkataramu. It could have been done earlier before we were supposed to develop course handouts. Thanks a lot.
11	Dr. Savitha J	Assistant Professor	In deed it was a very useful session to all the new joinees as OBE is a new and emerging concept. Through this session I have understood the expectation of the university and further, I can give my best towards the same.
12	Dr. Yagnamurthy Narasimha Raja	Assistant Professor	Excellent. Learned modernized teaching techniques. It is really applicable in our personal & personal life. The teaching methods he implemented in the class are really excellent.
13	Dr. Bhagyamma G	Assistant Professor	Useful Information & Excellent workshop

## **A BRIEF REPORT ON WORK SHOP ON C.O. & P.O. ATTAINMENT COMPUTATIONS**

A detailed presentation on C.O. and P.O attainment commutations was presented by the Dean-Academics & Prof. Sudheendra to all the HODs and a few professors of the SOE along with the Dean-SOE and COE. The list of members present in the work shop is attached with the report.

### **Points Explained:**

01. All the faculty members have to enter the Course Outcomes in the Edhitch Platform for their respective courses.
02. P.O.s for all the departments will be entered by Prof. Sudheendra. [this arrangement is only for this semester, next semester onwards the respective HODs have to enter this.]
03. The faculty members have to go to “Course Outcome” menu and click “Calculate C.O.” then click “Add new”
- 04 In the open window, please enter the following in the respective box:
  - a. Type of Input: “External Exams marks already imported” [ this means the test external to edhitch, i.e. it is conducted off line.]
  - b. Select Input: Type TEST 1
  - c. Select Course Code: Click the concerned C.Os used for the test along with the weightage of marks for each C.O. in percentage. [ Example: C.O 01, C.O. 02 with a weightage of 70% for C.O.01& 30% weightage for C.O.02 I.E. out of total of 40 marks 28 marks questions for C.O. 01 and 12 marks for C.O.02 in the question paper]
  - d. Bloom’s Level: Neglect this [No entry]

  
REGISTRAR  

e. Delivery Method: Lecture method

f. Select P.O.s: From the mapping table of your course hand out type all the P.O.s mapped for the above

selected C.O.s [Ex. P.O 01, P.O 03, P.O. 05 & so on]

g. Total marks: enter test 1 marks [EX. 40]

h. Weightage: Enter 20 % [refer the concerned P.R.C.]

i. Set Rules:

Attainment Level 01: Percentage of students: 80% Grade in the Scale of: 16

Attainment Level 02: Percentage of students: 55% Grade in the Scale of: 20

Attainment Level 03: Percentage of students: 20% Grade in the Scale of: 28

05 After all the entry from a to i Click the POST button at the left corner bottom of the page.

06 Go to main Menu and click on “Assignment”.

07 Select and click on “Off line Exam”

08 Go to the “Add off line Exam” at the right side corner on top of the sheet.

09 Enter the following data in that page:

a. Type of input: Select “Internal Exam”

b. Exam Topic: Type “TEST 1”

c. Total Marks: Enter “40” Weight: 20%

d. Enter all the students’ marks or import the file.

e. Click “SUBMIT” button at the left bottom corner of the page.

10. Go to “course outcome “Menu and click on “calculate you get CO attainment table save/take print out of the same.

11. Again go to “course outcome “Menu and click on “CO-PO Mapping”you get PO attainment table save /

take print out of the same.

## 12. The Computation Methodology is as follows:

C.O ATTAINMENT: The software computes the attainment level based on the marks entry of students and the rule setting. It checks for the attainment of any level out of 3 levels defined and select such level in which your actual attainment is more than the set attainment. [EX. Rule set is Attainment level 01 is 80 % of students scoring G.T. 16 /40 marks, Attainment level 02 is 55% of the students scoring G.T.20/40 Marks and Attainment Level 03 is 20 % of the students scoring G.T. 28/40 marks. And the achievement based on the students' marks entry is: % age students scoring level 01 is 82%, % age students scoring level 2 is 62% and the %ge students scoring level 3 is 12%, THEN THE CO ATTAINMENT ACHIEVED IS **LEVEL 02**.

Like this the software computes the attainment level for all the outcomes and computes the “Average C.O. attainment level”

### **P.O ATTAINMENT:**

Based on the mapping and the level of mapping [i.e. H, M,L the software prepares the table by giving a number of 01, 02, 03 & 0.0 based on L.M.H NOT MAPPED for each of the P.O. and the attainment value of C.O. for that P.O. [ sum of all the numbers from 1 to 3 divided by the number of C.O. s mapped for that P.O.]

The P.O. Attainment =

Average C.O. attainment for that P.O [as computed in the above table] \*Average C.O. Attainment [computed in the previous computation] / Total Number of Levels [in this case it is fixed as 3]

The above methodology was explained to all the members and all their doubts were cleared with examples in the session. Some of the HODs expressed that this session needs to be given to all the faculty members and the Dean-Academics has suggested HODs to fix up the schedule department wise and the sessions will be conducted.
