

**Vision Statement:**

To Promote Research leading to Innovation.

**Mission Statements:**

- To Promote Collaborative Research in enhancing critical thinking among both Faculty and Students.
- To translate the skills and expertise in research in a chosen domain in solving the societal problem.

**Scope**

The credibility of research publications is extremely important because it represents the academic image of not just an individual, but of the institution and the nation as well. The number of research articles published in reputed journals, is one of the globally accepted indicators considered for various academic purposes including institutional ranking, appointments and promotions of faculty members, and award of research degrees. Publications in dubious / sub-standard journals reflect adversely leading to long-term academic damage and a tarnished image. The problem of predatory / dubious / sub-standard journals has become a cause of serious concern all over the world. The percentage of research articles published in poor quality journals is reported to be high in India. Considering these factors, Presidency University Bangalore emphasizes the need and promotes high quality original research contributions from both faculty and students with the following objectives:

- To promote credible and quality research by the faculty members
- To promote academic and research integrity as well as publication ethics.
- To promote high quality publications in reputed journals that would help in achieving higher global rankings and overall improvement of the quality of research and education.
- To develop an approach and methodology for identification of good quality journals.
- To prevent publications in dubious / sub-standard journals.
- To promote Faculty and Students to work on Innovations leading to patents and startups.
- To encourage Faculty members to take up Major and Minor Research Projects funded by Presidency University and External Funding Agencies.

**Research Core Values:**

Objectivity, Ethical Value, Spiritual, Respect of Human values, Competency, Integrity, Justice, Reliability, Commitment, Openness, Accountability and Stewardship.

**Code of Ethics:**

- Presidency University Bangalore ensure that research is conducted in a suitable working environment with appropriate equipment and facilities. The researchers at the University adhere to the highest standards of performance, code of ethics and to all applicable Statutes and governing principles of Research Policy in carrying out their research.
- Everyone involved in research in the University is accountable to the society, the University, to their profession, to the academic bodies, to all participants in the research and to its funding agencies.

  
REGISTRAR
