ABOUT THE EVENT: The School of Management, Presidency University, provided a platform for learning and development, a personality development workshop 2022 for our MBA semester I students on 10 th October, 2022. As we know that learning and development is a systematic process to enhance students’ skills, knowledge, and competency, resulting in better performance in a work setting. Specifically, learning is concerned with the acquisition of knowledge, skills, and attitudes. Development is the broadening and deepening of knowledge in line with one’s development goals. The goal of learning and development is to develop or change the behavior of students for the better, sharing knowledge and insights that enable them to do their work better, or cultivate attitudes that help them perform better in corporate life. The workshop also emphasised on dressing and grooming aspects of students for placement readiness.

PARTICIPANTS

The participants for the **Learning and Development “Personality Development** Activity included 196 students MBA 1st Year I Sem Students.

About the Event: Team building is the process of creating a team that cohesively works together towards a common goal. The importance and main purpose of team building is to create a strong team through forming bonds and connections. Creating these bonds through team building is very beneficial to businesses and organizations. The benefits of team building include increased communication, planning skills, employee motivation, and employee collaboration.

Fun activities that help people see each other in a different light allow them to connect in a different setting. People on your team are asked to think about the implications of these activities at their workplace.

One of the most powerful reasons for team building is to get results. Through a series of planned team building events that are fun and motivational, teams build skills like communication, planning, problem-solving, and conflict resolution. These team building activity ideas help to facilitate long-term team building through fostering genuine connections, deeper discussions, and processing.

Out come of the activity : . Increasing productivity

Team building can help a company increase its productivity by encouraging employees to work toward a common goal to reach objectives.

2. Encouraging creativity

Separating teams from their normal work setting can help them view common work situations differently and more creatively.

3. Enhancing communication

Team building can help groups understand each other better and create more open communication.

4. Improving morale

Since team building often involves games and fun activities, it can be an effective way to boost employee morale.

PARTICIPANTS

The participants for the Technology in Business innovation Activity included 120 students MBA 1st Year I Sem Students.
