A SCIENCE EXHIBITION

Date: 10-02-2018

A Science exhibition was conducted on 10th February 2018 from 9.30 am to 12.30 pm. 29 students participated in the exhibition in 10 teams. They displayed working models of a blue tooth car, piezoelectric effect, and steam turbine to name a few. Dr. Ramesh Rao, Professor, of the Department of Mechanical Engineering, and Mr. Abrar Ul-Huq, Assistant Professor, the Department of Electrical Engineering judged the event. The winners are,

1. Huzaifa, Abdul Farid, Anand H B, Divya C H – PET 3rd Year (First Prize)
2. Huzaif Khan, Md Danish Pasha, Ashray Manohar, Md Furqan, Maaz Suhail- First Year. (Second Prize)
3. Mohana Datta, Varshitha M, Chethana U, Aalderick Jude- First Year (Third Prize)

“CEREBRUM”- MANAGEMENT FEST

DATE: 07-12-2018 & 08-12-2018

“Cerebrum” the Inter- Collegiate Management Fest was conducted by the School of Management, Presidency University on 7th and 8th of December, 2018 and this year’s tagline was “**Battle of the Brains**”. Events cutting across all areas of General Management, Finance, Human Resource Management, Business analytics and Marketing were held. Events included Business Plan Contests, Business Quiz, Best Manager contests, Marketing Bazaar, Bull and Bears, Ad-World, Personnel Capital, Investment Goals, Fashion Show and others. 20 colleges from all over Bangalore with around 300 participants took part in the two days’ event.

The colleges that participated in the events were as follows:

SL.No	Name of the college
1	PES College
2	M.P Birla Institute of Management Studies
3	Global Academy of Technology
4	AIMS Institute
5	Acharyas Banglore B-School
6	PES University
7	East West Institue of Mangement

The event got sponsorships from Microtech Educational Services, Himalaya, World of Titan & Fast track.

The event was inaugurated by the Vice-chancellor of Presidency University, Dr.Radha Padmanabhan on 7th Dec 2018. Dr. Ishwara Bhat, Pro Vice-Chancellor, and Prof. Swapan Majumdar, Professor of Management, graced the event. Also on this occasion, the second edition of the management newsletter "Management Sapience" was released.

The Valedictory function was graced by Dr. Vijayan Immanuel, Pro-Chancellor, Dr. Ishwara Bhat, Pro Vice-Chancellor, and Prof. Krishnakumar, Head of the Department of Presidency University. The prizes were distributed to the winners for all categories and the Rolling Trophy instituted by MBA 2017-19 Batch was won by Christ University.

This year's Cerebrum was well received by the participants, judges, and sponsors alike. The participants appreciated the innovative and creative format of the Cerebrum 2018 events and invited the University for their Management Events. Students of Presidency University volunteered and worked tirelessly for the last few weeks in leading and managing the event. This definitely could contribute to developing their leadership skills, negotiation skills, and problem-solving abilities.

DESIGN THINKING AND TEAM BUILDING EXHIBITION

DATE: 17-12-2018 – 18-12-2018

The Annual Design Thinking and Team Building Exhibition was held on 17th and 18th December 2018 in the Presidency University premises. Around 50 teams representing all 28 sections of the Semester 3 of the School of Engineering participated in the exhibition. The two-day event was organized by the Learning and Development Department to encourage students to come up with innovative solutions and presentations showcasing their learning from the Design Thinking and Team Building Module. The module was designed in such a way that the **students would get ample opportunity and time to think out of the box and apply their learning to find solutions to everyday problems.** As engineers of tomorrow, this also would give the students a heads-up in preparing themselves for the challenges of the future. Dr. Vijayan Immanuel, the Pro-Chancellor, of Presidency University spent time interacting with the participants and gauging their ability to think creatively and innovatively. Dr. Radha Padmanabhan, Vice Chancellor, Presidency University, was highly appreciative of the excellent presentation skills of the students. Visiting the exhibition and interacting with the students, the Dean, of the School of Engineering, Dr. Prabhakar Reddy appreciated the organizing committee and the participants for their enthusiasm. Mr. Sujeet Jha, Head, Learning and Development mentioned that the exhibition is a part of an ongoing

NAMMA BAZAAR **An Experiential Learning Event**

DATE: 08-11-2019

The School of Management, Presidency University, conducted an Experiential Learning Event – ‘Namma Bazaar’ on 8th November 2019. It was an In-House, Real-Time ‘Live Marketing Event’ held on the sprawling lawns of the University Campus. Students of the School of Management (MBA Students) participated enthusiastically and put up 40 Stalls measuring 10’ x 10’, and sold products and services ranging from Food, Beverages, Clothing, Fashion, Services, Cosmetics, Accessories, and Handicrafts. The customers for the stalls were the students, faculty members, and staff of the University. The objective of the event was to learn Marketing Skills through experience. The Stall Owners (MBA Students) who took the stalls on rent, have promoted their Products and Services to their prospective customers of the University and executed their Marketing Strategy very meticulously, under the guidance of a Marketing Faculty Mentor. It was Presidency University’s first-ever shopping extravaganza with food, fun, and frolic, conducted - By the Students, For the Students, and of the Students.

The event was inaugurated by Sri. Salman Ahmed, Vice President, Presidency University. The Event was held from Morning 9:00 A.M to Evening 5:00 P.M, and the crowd in the stalls peaked between 12:00 – 2:00 P.M when the Event area was filled with huge crowds. The response to the event was overwhelming. The event went on to become a **resounding success with the Students collectively generating a sale of ₹4,56,000 on an Investment of. 3,23,500, thereby generating a Net Profit of**

₹1,32,500. Based on the performance of the stalls on various parameters, the judges selected the prize winners in three categories, '**Dhamaka Stall**' (Maximum Revenue generated), '**Shandaar Stall**' (Maximum Footfalls' generated), and '**Swachh Stall**' (for Creativity and Cleanliness). The Prizes were distributed to the deserving stall owners by the Honorable Vice Chancellor – Dr. Radha Padmanabhan & HOD – Dr. Krishna Kumar. The students thoroughly enjoyed the event and went home very happy with the enriching experience, and the learnings of the event, which they shared with each other, after the event.

Cerebrum 2022 fest was diligently organized. There was a soul to it. A soul that was vibrant, contagious, and exuberant. The organization of such inter-college fest helps the students to develop managerial skills, decision-making, and teamwork as the college needs to attract big crowds from other institutions.

The event was inaugurated at 10 o'clock in the morning with the lamp lighting ceremony, a classical dance, and holy chants in the auditorium. Following this, the chief guest Col. Subhash Sinha addressed the audience. The major events started at 11:30 am in respective classroom venues. The fest was a huge success with in total of 17 institutional registrations from renowned colleges including but not limited to Christ University, Sheeshadripuram College, Reva University, MS Ramaiah, CMR University, etc. Apart from these more than 17 individual registrations were also there. In total 350 plus footfalls of students were accounted for in the fest. The event details can be found in the screenshot of the brochure provided below:

The Chief guests of the event were:

- Colonel Subhash Sinha, Commanding Officer for NCC 3rd Karnataka Army Battalion in Bengaluru.
- Prof. Dr. Muddu Vinay, Pro-Vice Chancellor, Presidency University

All the events were well structured and well-coordinated under the guidance of the respective faculty heads of every event. The whole team along with their faculty and student heads did a great and commendable job. The fest was a mixture of both fun and management events as the events like Grow with the Candles, AdSense, and Bag the Sharks focused on thinking, decision-making, and managing tasks, the events like sham mastani, grove with the Beats, and Covid- Zoom fashion show were filled with creativity, fun, and talents. The finance event was held online a day before, but the prizes were distributed on 30th April. From spontaneous tasks to pre-prepared ones there was everything under the roof of Presidency University. Since it was a full-day event the lunch was provided by the university for everyone who was part of CEREBRUM 2022. Special Thanks to Ms. Aparna S.N (Sr. HR Analyst at Cisco) who came to join the fest as a judge of the HR event People's Champ. Other than her Mr. Adarsh B (Compliance Operations Manager, Amazon.com) and Sai Kiran H (Director, Harini Hatcheries & Farms Pvt. Ltd.) also joined the event for BIZ-QUIZ. as quizmasters.

The winner of every major event got INR 5000/- while in Minor events the first prize amount was Rs.4000/-and the runner-up got 2000/- as their prizes. The overall trophy was one by Christ University. Lastly, our student convener Mr. Sashi Kant Ojha delivered a Vote of Thanks to the guests. The chief guests distributed the prizes and trophies to the winners.

Sponsorship in cash was received from Company Finance-peer and Neo-Alchemy Build India.

The Event was covered in the local newspaper of the Kannada Language as well:

Special Thanks to Dr. Gunjeet Kaur (Dean – SOM), Dr. Akhila Udupi (HOD SOM), and our Faculty Convener Dr. Nisha Saha and all the faculty members, the student Conveners and volunteers of the School of Management for making CEREBRUM a huge and successful Event.

INNOVATIVE PROJECT EXPO - 2022

DATE: 10-06-2022-11-06-2022

The School of Engineering organized a two days "Innovative Project Expo-2022" on 10th and 11th of June 2022.

Innovative Project is an excellent platform for the students to interact with students from other Dept. to enhance their research abilities and encourage interdisciplinary projects. The concept allowed the students of various branches to make their own choice of group members and a faculty mentor.

The Innovative Projects concept of our University provides an excellent opportunity for fresh undergraduate students to build their innovative ideas using Arduino and Raspberry-pi. Innovative projects are an excellent platform for students to interact with students from other Departments to enhance their research abilities and encourage interdisciplinary projects. This concept allows the students to make their own choice of group members and a faculty mentor. Thus Utilizing intensive laboratory facilities, curriculum training, and materials students can successfully complete their potential project work. This Strategic plan ensures that the students gain the ability to solve real-time technology-relevant problems and hence make each student Industry ready. As per the new curriculum plan a course named as "Innovative Projects-Arduino using Embedded 'C' is introduced during the fall semester and "Innovative Projects-Raspberry-pi using Python" during the winter semester. A 30hrs of Course content design which includes the programming part and hardware part of the embedded boards is designed for both subjects and students will carry out their project work once they obtain sufficient knowledge after attending training classes. University has

recently established an Innovation lab and students are allowed to access the resources like Arduino boards, Raspberry Pi boards, 3D printers, measuring units, soldering stations, sensors, actuators, and IT infrastructure to complete their project work. The course is evaluated for 100 marks, 25 marks for the C/Python programming lab test, 20 Marks for the Phase-1 project presentation, 25 marks for phase-2 (partial demo), and the final project expo for 30 marks. The project team comprises six students from interdisciplinary branches and a faculty mentor is assigned to guide them. Most importantly our University has provided Arduino boards to each and every team to complete their project work. We have nearly 500 project teams presently working on various projects like Robotics, Health care, Agriculture, smart City projects, Drone technology, etc.

To identify the top 10 projects among 499 teams. A two days' final project expo was organized on the 10th and 11th of June 2022. On the first day i.e. on 10th June, internal panel members evaluated the project demo to identify the top 100 projects. Next day i.e. on 11th June, external panelists from industries Mr. Rajeev Kumar, Technical team, Project Manager, TCS, Mr. John O J, Asst. General Manager, Ashok Leyland Ltd., Mr. Srikanth B Executive Director, Univision, Mr. Vellangiri M, General Manager, Embedded Systems, Chipware Technologies, Mr. Krishnan B, Technical Manager, Univision have evaluated the projects to select the top ten projects.

The Valedictory program was graced by the presence of Dr. U Chandrasekhar, Program Director at Wipro 3D, Dr. D Subhakar, Vice Chancellor, Dr. Surendra Kumar, Pro-Vice Chancellor, Dr. Abdul Sharief, Dean, Dr. M. S Divya Rani, Head-Innovative Projects, Head of Depts., Faculty members and students

The program began with a welcome speech by Dr. D Subhakar, Vice Chancellor, Presidency University, Bangalore, the report on the Implementation Process of Innovative Projects at our University was addressed by Dr. Divya Rani, Head Innovative Projects.

The Chief Guest Dr. U Chandrasekhar appreciated the efforts of students in developing most significant projects like Drone technology for military applications, Assistive devices for physically impaired people, technology solutions for smart irrigation, healthcare sectors, and many more potential projects and also appreciated this new initiation in bringing the technology development during first-year curriculum itself.

Top ten project awards, Best technology award, and Best societal relevant project were honored. Positive feedback was shared by our Industry Panelists and appreciated the effort in making the students understand the importance of technology for achieving Sustainable Development Goals.

A vote of thanks was proposed by Dr. Deep Jyoti, Asst. Professor –Selection grade-1, at the end of the event. The event was organized meticulously by the Innovative Project Team which comprises faculty members Dr. Divya Rani M. S, Head of Innovative Projects, Dr. Prakash Metre, Asst. Professor, CSE Dept., Mr. Bishakh Paul, Asst. Professor, EEE, Dr. Nibedan Panda, Asst. Professor, CSE, Mr. Ajay, Asst. Professor, Civil Dept., Dr. Puneeth S. B. Asst. Professor, ECE, and Dr. Deep Jyoti, Asst. Professor - Selection Grade-1, PET Dept.

Some pictures were taken during this event and in media publications.

విద్యార్థులు نے آंतरिक सुरक्षा के लिए विकसित किया ड्रोन

పత్రికా న్యూ నెట్వర్క్
patrika.com

బెంగళూరు, ఫెలోడెంబ్లీ యూనివర్సిటీ బెంగళూరు में शनिवार को आयोजित मॉडल प्रदर्शनी में बच्चों ने एक ऐसा ड्रोन प्रस्तुत किया है जो सेना, शहरी खाताधार, पुलिस व अन्य मुहल्ले सेवाओं के लिए काम आ सकता है। इसे बनाने में विद्यार्थियों को काफी समय लगा। यह मॉडल शनिवार को विश्वविद्यालय परिसर में आयोजित प्रदर्शनी में प्रस्तुत किया गया।

कार्यक्रम में मुख्य अतिथि विशेष के कार्यक्रम निदेशक डॉ. यू चन्द्रशेखर ने इन मॉडल को देखा और विद्यार्थियों को भविष्य के वैज्ञानिक बताया। उन्होंने कहा कि ऐसे विद्यार्थियों को सही मोटिवेशन मिले तो वे देश के तकनीकी विकास में सहयोगी बन सकते हैं। प्रदर्शनी में स्वास्थ्य देखभाल, स्वच्छता, कृषि, सुरक्षा प्रौद्योगिकियों और कई

अन्य जैसे समाज के लिए प्रसंगिक नवीनतम प्रौद्योगिकी समाधानों पर इन 500 परियोजनाओं को प्रस्तुत करने के लिए 6 समूहों में कुल 2800 विद्यार्थियों ने भाग लिया।

विश्वविद्यालय के कुलाधिपति डॉ. निखल अहमद ने 2 दिवसीय एक्सावो की अध्यक्षता की। उप कुलाधिपति डॉ. डी. सुभाकर ने कहा कि छात्रों के लिए अन्य विभागों के छात्रों के साथ बातचीत करने और अंतःविषय परियोजनाओं

को प्रोत्साहित करने के लिए अभिन्न परियोजनाएं भी एक उत्कृष्ट मंच हैं।

प्रदर्शनी में विद्यार्थियों ने सैन्य अनुप्रयोगों के लिए ड्रोन प्रौद्योगिकी, परिवहन प्रणाली, महिला और बच्चों की सुरक्षा के उपकरण, स्मार्ट सिटी परियोजनाएं जैसे स्वचालित कार पार्किंग सिस्टम, स्वास्थ्य देखभाल, निगरानी, सड़क सुरक्षा आदि के मॉडल प्रस्तुत किए।

Presidency University's engg students present innovative projects using drone technology, other tech methodologies

NT Correspondent

Bengaluru: Engineering students at Presidency University presented over 500 innovative projects across various disciplines in a two-day 'Innovative Project' expo that concluded on June 11.

The most significant projects were on the usage of drone technology for military applications, intelligent transport systems, women and children's safety devices, smart irrigation systems, and smart city projects like automatic car parking systems, health care, surveil-

A total of 2800 students in groups of 6 each presented around 500 projects on the latest technology solutions in healthcare, automation, agriculture, safety technologies.

lance, road safety, etc.

A total of 2,800 students (in groups of six each) presented 500 projects on the latest technology solutions in healthcare, automation, agriculture, safety technologies, etc.

The Chancellor of Presidency University, Dr Nissar Ahmed, who presided over the two-day expo, congratulated all the students.

"The 'Innovative Projects' concept of our university provides an excellent opportunity for fresh undergraduate students to build their innovative ideas

using Arduino and Raspberry-pi," said Dr D. Subhakar, vice-chancellor of Presidency University.

The first three prizes were given to the students for the projects titled, Automated Hydroponics System, Solar Based Mobile Charger Using Coin Insertion and Live in an Automated House.

"It was interesting to see enthusiastic students work on such relevant projects which are the need of the hour to solve societal issues," said Dr U Chandrasekhar, program director at Wipro 3D, who was the chief guest on the occasion.

REGISTRAR

The School of Engineering and School of Computer Science Engineering & Information Science in collaboration with IIC organized a two days "2nd Innovative Project Expo-2022" on 28th and 29th Dec 2022.

Innovative Projects is an excellent platform for the students to interact with students from other Dept. to enhance their research abilities and encourage interdisciplinary projects. The concept allowed the students of various branches to make their own choice of group members and a faculty mentor.

The Innovative Projects concept of our University provides an excellent opportunity for fresh undergraduate students to build their innovative ideas using Arduino and Raspberry-pi. Innovative projects are an excellent platform for students to interact with students from other Departments to enhance their research abilities and encourage interdisciplinary projects. This concept allows the students to make their own choice of group members and a faculty mentor. Thus Utilizing intensive laboratory facilities, curriculum training, and materials, students can successfully complete their potential project work. This Strategic plan ensures that the students gain the ability to solve real-time technology-relevant problems and hence make each student Industry ready. As per the new curriculum plan a course named "Innovative Projects -Arduino using Embedded 'C' is introduced during the fall semester and "Innovative Projects-Raspberry-pi using Python" during the winter sem. A 30hrs of Course content is designed which includes the programming part and hardware part of the embedded boards is designed for both subjects and students will carry out their project work once they obtain sufficient knowledge after attending training classes. University has established two units of Innovation lab and students are allowed to access the resources like Arduino boards, Raspberry Pi boards, 3D printers, measuring units, soldering stations, sensors, actuators, and IT infrastructure to complete their project work. The course is evaluated for 100 marks, 25 marks for the C/Python programming lab test, 20 marks for the Phase-1 project presentation, 25 marks for phase-2 (partial demo), and the final project expo for 30 marks.

The project team comprises six students from interdisciplinary branches and a faculty mentor is assigned to guide them. Most importantly our University has provided Arduino boards and Raspberry-pi boards to each team to complete their project work. We are successful in completing 499 projects on Arduino during the fall semester and 450 projects on RASPBERRY PI IN PRESENT SEMESTER on various promising technology like Assistive technologies, medical and military drones, agritech, AI bots, and many more project teams presently working on various projects like Robotics, Health care, Agriculture, smart City projects, Drone technology, etc.

Every semester the project work will be concluded with an Innovative project expo to identify the Best 10 projects, the Best technology project, and the best societal relevant project the team of industry panelists. The award winners will be recognized for their efforts in developing potential projects. To identify the top 10 projects among 450 teams, a two days final project expo was organized on 28th and 29th Dec 2022. On the first day i.e. on 28th June, internal panel members evaluated the project demo to identify the top 100 projects. Next day i.e. on the 29th our external panelist from industries Mr. Vellangiri M, Founder/CTO, Felskinn Engineering Solutions Pvt.Ltd, Mr.Krishnan B, Technical Manager, Univision, Bangalore, Mr. Suni O Phalanghat, Senior Manager, Visionet Systems Inc. Bangalore, Dr. Souvick Chatterjee, Senior Team Lead, Academic Program Engineering, Math works, B'lore, Mr. Dipendra S Rajpal, Senior Data Engineer, Royal Dutch Shell, B'lore, Dr. Vivekananada, Jt. Director, Ministry of Education EMRC, New Delhi, Ad.Professor, IIT, Bombay, Flt. Lt. Dr. A T Kishore, CEO, Vidhyasangha Technologies, Pvt. Ltd, B'lore, Mr. R Sudarshan, Head of Procurement, Carl Zeiss India Pvt. Ltd B'lore. was successfully identified top 10 project teams and also the Best Technology and Best Societal relevant projects The Valedictory program was graced by the presence of Sri. Rajesh Mohandas, Vice President-Automation & AI at Thomson Reuters. Dr. D Subhakar, Vice Chancellor, Dr. Surendra Kumar, Pro-Vice Chancellor & COE, Dr. N T Rao, Pro-Vice Chancellor-SOE & SOD, SOCSE & IS, Dr. Sameer Mehta, Dean Academics, Dr. Abdul Sharief, Dean, SOE, Dr. Sameeruddin Khan, Dean- SOCSE & IS, Dr. M.S Divya Rani, Head-

Innovative Projects, Head of Depts., Faculty members and students.

The program began with a welcome speech by Dr. D Subhakar, Vice Chancellor, Presidency University, Bangalore, the report on the Implementation Process of Innovative Projects at our University was addressed by Dr. Divya Rani, Head of Innovative Projects.

The Chief Guest Sri. Rajesh Mohandas appreciated the efforts of students in developing most significant projects like Drone technology for military applications, Assistive devices for physically impaired people, technology solutions for smart irrigation, healthcare sectors, and many more potential projects and also appreciated this new initiation in bringing the technology development during first-year curriculum itself.

Top ten project awards, Best technology award, and Best societal relevant project were honored. Positive feedback was shared by our Industry Panelists who appreciated the effort in making the students understand the importance of technology for achieving Sustainable Development Goals.

A vote of thanks was proposed by Dr. Deep Jyoti, Asst. Professor –Selection grade-1, at the end of the event. The event was organized meticulously by the Innovative Project Team which comprises faculty members Dr. Divya Rani M.S, Head Innovative Projects, Mr. Prakash B Metre, SOCSE & IS, Mr. Bishakh Paul, EEE Dept, Mr. Ajay, Civil Dept, Dr. Deep Jyoti, PET, Dept, Dr. Manikandhan, ECE, Ms. Manaswini, ECE.

Best-10 Project awarded to the following teams

TOP1- IPR-114 -ASTRA - Advanced Systems for Target Rummage and Annihilation:

Research Sponsor support by Dr. Gurdeep Narang, Dean DSA for further development of this Project work.

Team leader: Khaleel Telsung(20211EEE0037)

Guide: Dr. Divya Rani, Head of Innovative Projects

TOP2- IPR-86-Robotic arm with brain-controlled mind wave mobile Team Leader: V

Deekshita(20211CAI0201)

Guide: Mr.Shankar J,Asst. Prof, SOCSE & IS.

TOP3- IPR-245-Coin Operated Water ATM with Bottle Dispenser Team Leader: SURESH KUMAR D(20211CSD0012)
Guide: Mr. Ravi V Angadi, Asst. Prof, EEE Dept.

TOP-4-IPR-70-ROS Based Table Top Robot Team Leader: Sukarna Jana(2021CBC0045) Guide: Dr. Divya Rani, Head Innovative Projects

TOP-5-IPR-425-The DeepSea - A Portable Firewall using Raspberry Pi, team leader: Mr. MANISH BHAT(20211CAI0141)
Guide: Dr. Divya Rani, Head of Innovative Projects

TOP-6-IPR-256-Autonomous lane detection car using Raspberry Pi Ms. Pallavi(20211CSG0068)
Guide: Dr. Sampath A.K, SOCSE & IS

TOP-7-IPR-172-Object Detection on Drone Imagery Using Raspberry Pi Smart Switches
Team Leader: Beverali Thamby(20211cai0126) Guide: Ms. Akkamah Devi, SOCSE & IS

TOP-8-IPR-84-Smart and collaborative Education platform.
Team Leader: Sai Lavanya Patnaik(20211CEI0018) Guide: Mr. Shine V.J, SOCSE & IS

TOP-9-IPR-163-ViT (Visual Translation Assistance) - Assistive Technology for Speech and Vision
Team Leader: Prince Gupta(20211CCS0096)
Guide: Mr. R. Mathiyalagan, SOCSE & IS

TOP-10 -IPR-69-Solar based Smart Lawn Mower Prithu Banik(20211cai001)

TECHNOVA

DATE: 28-02-2023

On the occasion of Science Day, the Rotaract Club in association with the Build Club of DSA - Presidency University organized a TECHNOVA on the 28th of February 2023. Science and Technology expo by students of Government High School, Kokalu.

Sanne
REGISTRAR
PRESIDENCY UNIVERSITY
BANGALORE

Students of Government High School, Kokalu were taught how to use an Arduino board and create some innovative projects. With the assistance of the 10 mentors from the Build Club and Rotaract Club of Presidency University, trained 32 students of Government High School. Students made excellent results and completed all of their projects successfully and learned a great deal throughout the 4-day program. They also developed a basic understanding of how to operate an Arduino board and a few simple sensors. On the final day, students presented and displayed their projects to the faculties and students of the presidency university. Students were awarded certificates and trophies for their project display.

TECHATHON

DATE: 29-04-2023-11-05-2023

The TECHATHON event was organized on National Technology Day on 11th May, 2023 under the event INNOVATEX by the departments of Electrical and Electronics Engineering, Electronics and Communication Engineering and Civil Engineering. The event aimed to encourage students to create prototypes or models based on the themes of

1. Assistive Technologies in the Healthcare Sector and
2. Smart Technologies in the Agricultural Field.

Total of 15 teams registered for the event.

The poster features the Presidency University logo at the top, followed by the IEEE logo. The main text reads 'PRESIDENCY UNIVERSITY SCHOOL OF ENGINEERING SCHOOL OF COMPUTER SCIENCE & ENGINEERING AND INFORMATION SCIENCE'. Below this is the 'INNOVATEX BUILD CLUB' logo. The event is held 'On The Occasion of "National Technology Day" Department of EEE, CIVIL & ECE Presents'. A photo shows a student working on a project. The event dates are '29th April - Workshop' and '11th May - Competition'. A QR code is provided for registration. The cash prize is 'UPTO 1.5 LAKHS'. Student coordinators are listed with their contact numbers. A note states that attending the workshop is mandatory and a mentor is required for each team.

Student Coordinators:
Khalid H Talsug - 7899809817
Vishitha Gowda M - 8660038834
Pavan V - 9241251551

Workshop 1 for this event was held on April 29th 2023, Mr. Sunil Kumar a Dr. Nakul Ramanna, Dr. Divya Rani M S and Ms. Divya Nair conducted the workshop. They provided an overview of the event, discussed the facilities available at the college, and encouraged the participants for an active participation.

Workshop 2, another workshop was held on May 1st, 2023 for students who missed the first workshop, covering similar topics.

MAIN EVENT

Date: May 11th, 2023

The Inaugural Session of the event scheduled on May 11th 2023 at F block seminar hall, 9:00 AM

Ms. Divya Nair welcomed all the dignitaries, faculties and all the jury members and participants. Dr. Divya Rani M S reiterated the event details, shared the regulations, and Dr. Shrishail Anadinni, Associate Dean appreciated and encouraged all the teams who came forward to contribute for the better society. After the inauguration Participants were directed to the INNOVATIVE LAB where they were given 6 hours of time to create and present their prototypes.

JURY MEMBERS FOR THE EVENT:

1. Dr. Kaushika G S (External)
2. Mr Vinay Annappa (External)
3. Dr. Jagadish Godihal (Internal)
4. Dr. Snehaprabha T V (Internal)
5. Dr. Sreenivasappa B V (Internal)

Each team was evaluated in two rounds by all jury members.

Evaluation criteria:

Idea implementation, design, and commercial potential.

Team presentations started at 3:00 PM. Marks were awarded based on the evaluation criteria. The winner is yet to be announced, and the announcement will be made on the valedictory day, May 27th, 2023.

The TECHATHON event witnessed enthusiastic participation from students across the departments of EEE, ECE, and CIVIL. The prototypes developed by the nine teams showcased innovative solutions in the fields of assistive technologies in healthcare and smart technologies in agriculture. The anticipation for the winner's announcement on the valedictory day adds to the excitement and enthusiasm surrounding the event. Finally, the event was concluded at 4:00 PM.

The competition was organized to overview and analyze by creating apps using Power Apps. The competition aimed to encourage participants to develop innovative and functional applications using Microsoft Power Apps, a low-code development platform. Participants were required to design and build applications that addressed real-world problems and showcased the capabilities of Power Apps. The competition ran from [17-052023] to [17-05-2023] and attracted participants from various backgrounds and skill levels.

Winners of the competition:

AISHWARYA	20211CCS0106 - Winner

PRESIDENCY UNIVERSITY, BENGALURU TO SET THE RECORD IN WORLD BOOK OF RECORD

“World’s Largest Innovation Expo by 2600 Freshman” and 3rd Innovative Project Expo on 26th and 27th May 2023

The concept of Innovative Projects –Arduino & Raspberry Pi, a 2 credit course was introduced in the new syllabi during 2021-22 to observe high standards in the education policy.

This initiative provided an excellent opportunity for the 1st year students to build their innovative ideas using Arduino and Raspberry-pi. Every semester the project work will be concluded with an Innovative project expo to identify the Best 10 projects, the Best technology project, and the best societal relevant project the team of industry panelists. Presently students in the second semester have successfully demonstrated 450+ projects on Arduino-embedded devices on the latest technological challenges.

With the rich Innovation practices, on 26th May the students of Presidency University successfully set the record as World's Largest Innovation expo with 2600 freshmen from the School of Engineering and School of Computer Science Engineering and Information Science showcasing innovative projects in a single platform. Presidency University Bangalore has been adjudicated by the World Book of Records for setting the record of the World's Largest Innovation Expo by 2600 freshmen.

World Book of Records Limited is an organization that catalogs and verifies extraordinary records across the world with authentic certification. It is a paramount international organization inspiring people to showcase their talents. It encourages people to break and set new records at national and international levels. Besides, it invites individuals, significant institutions and representatives of places of unique interests across the world to be recorded. It also honors and lists the unique achievements of individuals, places, and organizations. It has become a prominent organization in the global scenario that publishes records on all continents.

The provisional Certificate of Record was presented to Dr. Subhakar, Vice Chancellor by the key officials of World Book of Record Dr. Vasantha Kavitha K.C Reddy President, WBR, Karnataka, Dr. Shika Sharma, Vice President WBR, Karnataka and Dr. Tithi Bhala, Vice President, WBR in the presence of Sri. Ramachandran Subramani, Advisor, PGI group, Dr. Surendra Kumar Vice Chancellor, Ms. Sameena Noor Ahmad Panali, Registrar and Dr. Divya Rani, Head Innovative Projects.

Out of 450 project teams, the top 70 project teams were selected on the 26th as a part of the event 3rd Innovative Project Expo by internal review procedure. These top 70 project teams were examined by industry panelists on 27th, May to identify the TOP-10 as well as the Best Societal Relevant and Best Technology Relevant Projects. The students were honored for their efforts in addressing our nation's pressing issues.

Mr. Vellangiri M, Founder/CTO, Felskinn Engineering Solutions Pvt. Ltd, Mr. Krishnan. B Technical Manager, Univision, Bangalore, Mr. Rajesh Kulkarni, Senior Executive, Visionet Systems Inc. Bangalore, Mr. Prince Antony, Principal Architect Visisonet Systems. Dr. Souvick Chatterjee, Senior Team Lead, Academic Program Engineering, Mr. K M Vinayaka Swamy, Senior MLOps Engineer, Cricsson, India, Dr. Hari Kishan Kondaveeti, Director Engg clinica, SOCSE, VIT University, Amaravati, Dr. Sunil Kumar Chinnamgari, Engineering Director-Innovation, Data Science and Automation, Maersk Technology Center, Bengaluru were the external members present to identify top 10 project teams and also Best Technology and Best Societal relevant projects.

The Valedictory program was graced by the presence of Chief Guest Mr. Murali Krishna, Vice President, Capgemini. Dr. D Subhakar, Vice Chancellor, Dr. Surendra Kumar, Pro-Vice Chancellor & COE, Dr. Abdul Sharief, Dean, SOE, Dr. Md. Sameeruddin Khan, Dean- SOCSE & IS, Dr. M.S Divya Rani, Head-Innovative Projects, Head of Depts., Faculty members and students.

PROJECT EXPO 2023

DATE: 05-06-2023

On the Occasion of World Environmental Day, the School of Engineering in association with the Institution's Innovation Council (IIC) of Presidency University organized Project Expo 2023 on the 5th of June 2023. Project Expo was organized to showcase the projects carried out by final-year students from core branches of engineering.

School of Engineering

in association with
Institution's Innovation Council (IIC) of Presidency University

PROJECT EXPO 2023

on 05th June 2023

GUESTS OF HONOUR & INDUSTRY EXPERT EVALUATORS

Mr. Lakshmikantha B A
Head - Structural Designs,
Sundaram Architects Pvt. Ltd.

Dr. V Suresh Babu
Assistant Director,
NPTI - PSTI, Ministry of Power

Dr. Jagannadham Dulipala
Senior Solutions Architect,
Hewlett Packard Enterprise and
Chair, IEEE ITS Society, Bangalore

Mr. Hanume Gowda B H
Manager (Design),
Rotary Wing Design & Research Centre
Hindustan Aeronautics Limited (HAL)

Mr. Rituraj Singh
Cost Estimating Engineer,
Shell Project and Technology Center,
Bangalore

REGISTRAR

Project Expo was conducted to bring valuable insights and knowledge about the projects, as part of the academic requirement, and to be useful in helping society. Integration of project outcomes into three dimensions of sustainability was the key to the talk. The Expo emphasized to bring detrimental effects of plastic pollution with the theme #BeatPlasticPollution. It helped to minimize the use of plastic mainly on a personal level, then generally at the community level, and moving forward to society as a whole. The Project Expo further helped us practice and worked together to bring the best management approaches to preserve our planet!

The team of NSS and DSA made Environmental Day memorable by organizing a plantation drive. Esteemed industrial experts evaluated the projects and provided their valuable input. Appreciating all the students and faculty members, staff, and everyone who have taken part in this Project Expo 2023. Grateful to the management authorities, all the organizers, key officials, and HODs for making this event successful.

Mr. Abhishek, Mr. Nikhil, Mr. Uday, and Mr. Navneet carried out the project under the guidance of Dr. Jagadish Godihal, Professor and Deputy Dean (Academic Research) for securing the Best Project Award in this Project Expo 2023 for "Sustainable Eco-Friendly Mud Blocks Using Agricultural, Industrial, Construction and Demolition Waste" project, which is perfectly in sync with the occasion.

PROJECT EXPO 2023

HIGHLIGHTS OF THE EVENT:

PRESIDENCY UNIVERSITY **SCHOOL OF ENGINEERING**
DEPARTMENT OF CIVIL ENGINEERING

PROJECT EXPO 2023
"Sustainable Eco-Friendly Mud Blocks Using Agricultural, Industrial, Construction and Demolition Waste"

Introduction

- Conventional building materials and practices in the construction industry contribute to environmental degradation.
- There is a growing interest in using sustainable and eco-friendly materials in construction. Mud blocks can be manufactured using a geopolymerization process.
- Raw materials include mud, sugarcane bagasse ash, coconut fiber, rice husk, industrial waste sludge from the paper and pulp industry, and manufactured sand from construction and demolition waste.
- Sugarcane bagasse ash, coconut fiber, and rice husk enhance the properties of mud blocks (strength, durability, insulation).
- Utilizing these waste materials provides a sustainable solution to waste management and reduces the carbon footprint of the construction industry.
- Industrial waste sludge from the paper and pulp industry contains calcium oxide, which can be used as an additive in geopolymerization.

Objectives

- To develop an environmentally sustainable construction material in the form of mud blocks using Agricultural, Industrial waste and C&D waste.
- To study the characteristic strengths of the seven categories of bricks made with industrial waste (Paper mill sludge) and agricultural waste (Sugarcane bagasse/ash, Coconut fiber, Rice husk/ash), C&D (M. Sand).

Methodology

Results

Bulk Density

Sl. No.	Flow chart	Prepared By	Assessed By	MS mark
1	1	Arjun	Dr. J. S. Srinivas	80/100 (A)

Specific Gravity

Sl. No.	Flow chart	Prepared By	Assessed By	MS mark
1	1	A. J.	A. J.	2.00

Fineness Modulus

Sl. No.	Flow chart	Prepared By	Assessed By	MS mark
1	1	A. J.	A. J.	9.7

Compression Strength of Bricks

Sl. No.	Brick No.	Weight (kg)	Ultimate Load (kN)	Compressive strength (N/mm ²)
1	BRICK 1 (Sugarcane bag ash, coconut fiber, rice husk)	3.800	201	5.34
2	BRICK 2 (Paper mill sludge, coconut fiber, rice husk)	3.750	183	4.9
3	BRICK 3 (Paper mill sludge, sugarcane bag ash, coconut fiber, rice husk)	3.320	412	14.23
4	BRICK 4 (Paper mill sludge, sugarcane bag ash, coconut fiber)	3.32	261	8.94

Water Absorption Test of Bricks

Sl. No.	Brick No.	Weight before (kg)	Weight after (kg)
1	BRICK 1 (Sugarcane bag ash, coconut fiber, rice husk)	4.8	5.5
2	BRICK 2 (Paper mill sludge, coconut fiber, rice husk)	3.7	3.85
3	BRICK 3 (Paper mill sludge, sugarcane bag ash, coconut fiber, rice husk)	3.320	3.75
4	BRICK 4 (Paper mill sludge, sugarcane bag ash, coconut fiber)	3.320	3.65
5	BRICK 5 (Paper mill sludge, sugarcane bag ash)	3.850	3.85
6	BRICK 6 (Paper mill sludge, coconut fiber)	3.850	3.85
7	BRICK 7 (Paper mill sludge, coconut fiber, rice husk)	3.850	3.85

Conclusions

The study demonstrates the potential of using agricultural waste and industrial waste as sun-dried red and bricks, offering a promising avenue for sustainable construction practices. The conclusive drawn are as follows:

- The bricks (Brick 1, Brick 3) exhibited satisfactory compression strength and excellent resistance to water penetration, making them suitable for structural applications and construction purposes.
- However, other bricks (Brick 2, Brick 4, Brick 5, Brick 6, Brick 7) failed the water absorption test, indicating their inability to resist water effectively raising concerns about their durability and suitability for construction.
- The incorporation of agricultural waste and industrial byproducts positively impacted the thermal insulation properties of the bricks (Brick 1, Brick 3), potentially leading to energy savings and improved comfort in extreme climates.
- Further research is needed to enhance water resistance while maintaining positive thermal performance. Overall, this study contributes to sustainable construction practices and encourages reducing environmental impact in the brick manufacturing industry.

Acknowledgements

- We express our heartfelt gratitude to the Chairman, Vice-Chancellor, Pro-Vice-Chancellor, Registrar, Dean - SOE, Associate Dean (Core Branch) for their support and encouragement throughout the project.
- Special thanks to our guide, Professor Jagdish H. Godhal, for his valuable guidance, motivation and moral support, we are thankful to Dr. Hanu Ramana, Head of the Department of Civil Engineering, for his mentorship and encouragement.
- We extend our thanks to Dr. Mahesh T, Mr. Dayan J, and the staff of the Department of Civil Engineering for their assistance and contribution.

PRESIDENCY GOT TALENT

DATE: 05-04-2023 - 06-04-2023

The Rotaract Club, DSA of Presidency University organized "Presidency Got Talent" on the 5th and 6th of April, 2023 at the Presidency Auditorium. The main aim of organizing an event is to identify the skills and talents of students in various extra-curricular activities.

ANVESHAN **SOUTH ZONE RESEARCH CONVENTION**

DATE: 09-02-2023 & 10-02-2023

The Association of Indian Universities in collaboration with Presidency University, Bengaluru hosted a two-day South Zone Student Research Convention on February 9th & 10th, 2023 in which students from 17 universities participated from the south zone region. A total of 69 innovative projects were showcased by students and their mentors. Projects showcased in the event were indeed exemplary and are expected to have a significant impact on society.

The inaugural session commenced on 9th February 2023 and the ceremonial dais was honored by the presence of Chief guest, Dr. Pankaj Mittal - Secretary General, AIU, New Delhi, Guest of Honor - Dr. Amarendra Pani, Joint Director & Head, Research Division, AIU, New Delhi, Presidency University

Chancellor – Dr. Nissar Ahmed, Vice Chancellor – Dr. D Subhakar, Pro Vice-Chancellor – Dr. Muddu Vinay, Dr. Surendra Kumar - Pro Vice-Chancellor and COE, Ms. Sameena Noor Ahmed Panali – Registrar, Mr. Mrinmoy Biswas – Registrar Accreditations and Corporate Relations, Dr. Vinay Joshi – South Zone Anveshan coordinator and Associate Dean – SOC, Presidency University, Faculty members of Presidency University and the August occasion was also graced by the presence of Jury members of prestigious institutes.

Dr. D Subhakar – Vice Chancellor, of Presidency University welcomed the dignitaries on the dais, he appreciated the participants for their interest in research and for taking initiative to present their project in ANVESHAN. Dr. Shubhakar expressed his gratitude to the Association of Indian Universities for an enterprising initiative like ANVESHAN and for considering Presidency University for hosting the ANVESHAN program at the South Zone level. Dr. Shubhakar acknowledged the presence of eminent Jury members from others institutes and corporate organizations, he also expressed his gratitude to the project mentors.

Dr. Vinay Joshi South Zone Anveshan coordinator and Associate Dean – SOC, Presidency University, interacted with the participants and shared success stories. He also mentioned that this research convention is one of the biggest conventions of the south zone, where 159 students presented their 69 projects in five different categories. Dr. Joshi while sharing the ethos of Presidency University, Bengaluru highlighted that strengthening research acumen among students and faculty members has been on their priority list. He warmly welcomed all dignitaries with a deep sense of respect.

Dr. Amrendra Pani (Joint Director & Head Research Division, Association of Indian Universities as a guest of honor, in his interaction, he shared his thoughts and future in research. Dr. Pani gave a brief background of AIU explaining how it was established. Furthermore, he shared that the Research division of AIU as part of capacity-building activities regularly organizes various seminars and conferences for strengthening Indian higher education. Last but not least he motivated the participants to take part in such kinds of events organized by other universities.

Chief Guest Dr. Pankaj Mittal - Secretary General, AIU, New Delhi appreciated Presidency University for hosting the ANVESHAN program, she adopted a storytelling approach to elucidate the changing trends in various industries and the importance of upskilling the students to be abreast with the recent trends. Dr. Pankaj Mittal spoke about every student is unique and the importance of adapting an experiential learning pedagogy to meet the thrust for knowledge and learning approaches among students of different caliber.

In the second phase, Exhibition was inaugurated by Dr. Pankaj Mittal - Secretary General, AIU, New Delhi, guest of honor - Dr. Amarendra Pani, Joint Director & Head, Research Division, AIU, New Delhi, Presidency University Chancellor – Dr. Nissar Ahmed, Vice Chancellor – Dr. D Subhakar, Pro Vice-Chancellor – Dr. Muddu Vinay, Dr. Surendra Kumar - Pro Vice-Chancellor and COE, Ms. Sameena Noor Ahmed Panali – Registrar, Mr. Mrinmoy Biswas – Registrar Accreditations and Corporate Relations.

In the second phase, students from various south zone universities displayed their project charts and equipment's working model which were assessed by the jury members of respective areas such as Agriculture, social science, Engineering and Technology, Basic Science, and Health Science. In the second round, the participants presented their projects to the jury members followed by a question and answer session. The projects were assessed on the parameters such as scientific principles, creativity, relevance, thoroughness, cost-effectiveness, teamwork, and skill. Keeping in mind the excellence and usefulness of the various research projects presented in the convention during the two days, jury members scrutinized and declared first, second and third prizes in different subject areas. Prof. Monica Satish and Dr. Chaitra VH handled the proceedings of the inaugural session and coordinated with the Area chairs for the smooth conduct of the technical session.

Day II

The Valedictorian session of the ANVESHAN program was anchored by Prof. Monica, it began with a welcome speech by Dr. Balu Assistant Dean, SOC, Presidency University. Day II of ANVESHAN was graced by the presence of Amarendra Pani, Joint Director & Head, Research Division, AIU, New Delhi, Vice Chancellor – Dr. D Subhakar, Pro Vice-Chancellor, and COE – Dr. Surendra Kumar, Pro Vice-Chancellor – Dr. Muddu Vinay, Dr. Usha Negi, Assistant Director (Research), AIU, Ms. Sameena Noor Ahmed Panali – Registrar, Dr. Vinay Joshi – South Zone Anveshan coordinator and Associate

Dean – SOC, Presidency University. Dr. Hemanth Kumar – Professor, SOC Presidency University presented a report on two days’ event of the ANVESHAN program.

Dr. Muddu Vinay – Pro Vice Chancellor, of Presidency University, and Dr. Surendra Kumar – Pro Vice-Chancellor, Presidency University congratulated the students for their presentation during the technical session, they addressed the participants about the importance of learning in the competition, learning to be an ongoing phenomenon and advised them to have an open-ended approach for new experiences in life.

Dr. Amarendra Pani acknowledged the presence of dignitaries on day II of ANVESHAN, he appreciated the students for their efforts toward the projects presented. Dr. Pani applauded Presidency University and Team ANVESHAN for a well-organized event.

Dr. Usha Negi – Assistant Director (Research), AIU, New Delhi appreciated the students for their project presentations, she addressed the students about guidelines for participation in National Level competition

Dr. Annette – Assistant Professor, SOC gave the vote of thanks, and she expressed her gratitude to the officials from the Association of Indian Universities. Dr. Annette acknowledged the participants, faculty mentors, and Jury members for being a part of the ANVESHAN program.

SOUTH ZONE AVNESHAN WINNING TEAM

Group	Project Title	Position	Name of Participant	Name of University
Basic Science	Performances and perspectives of edible packaging	I	Devatha SM, Uthra B, Kamini K	Avinashilingam Institute for Home Science and Higher Education for Women University, Coimbatore
	Pico Satellite	II	Sukarna Jana, Shovin Wilson A.W, Umraz Khan	Presidency University – Bengaluru
	Heavy metal ion sensor	III	Manjunatah Kumar, Shiva Kumar, Krupa Krishna Murthy	REVA University – Bengaluru
Agriculture	Planning and analysis of cultivated crop protection against bird and animals using sensor based acoustic	I	MUSHALOVINI M, ARJUN PRASAD D	S R M Institute of Science & Technology (Deemed to be University),SRM Nagar,Kattankulathur
	Depletion of quality of ground water and its assessment due to Municipal solid waste disposal.	II	Mr. A.V.SARVESHWARN, Mr. NITESH KUMAR, Mr. GAUTAM KUMAR	Vinayak Missions’s Research foundation (DU) Salem
	FIDEM (farm invasion detection system axle machines	III	Tarun C Reddy	Presidency University

Engineering & Technology	Design And Development OF Early Warning System For Landslides and Strengthening of Slopes using Bio-Reinforcement Techniques	I	DIVYALAKSHMI J, AISHVARYA R, ASHOKPRABU D	S R M Institute of Science & Technology (Deemed to be University),SRM Nagar,Kattankulathur
	Digital AIR Writing PAD	II	Chinmay Raut, Sourav Patil and Anubhav	VIT AP
	Indigenous Design And Development Of Low Cost Energy Efficient Additive Manufacturing Technology Using Cold Metal Transfer ARC Welding Process	III	Bellamkonda Prasanna Nagasai, B. Prabhakaran	Annamalai University,Annamalainagar ,Chidambaram Tk,Dist. Cuddalore
Health Science & Allied Sciences	Development of Millet mouth freshener	I	N. Komathy and D. Tinu	Avinashilingam Institute for Home Science and Higher Education for Women University, Coimbatore
	New path to old destination: reversing multidrug resistance in Ancinetobacter Baumanni with a novel efflux pump inhibitor	II	Brindanganam P	Pondicherry University
	Bio based ointment	III	Deepika E, Amrisa Pavithra and Aparna G Kumar,	Avinashilingam Institute for Home Science and Higher Education for Women University, Coimbatore
Social Science, Humanities, Commerce & Law	VERDE (Hydroponics)	I	Darshini. M, Manoj C. Charya, Shruthi R Mohan	Presidency University
	IOT based smart biogas monitoring	II	Devanathan A, Deepan Vishwa S R, Kiruthiga D	S R M Institute of Science & Technology (Deemed to be University),SRM Nagar,Kattankulathur
	Center of Excellence for language learning with AI	III	Ashok Shetty	REVA University – Bengaluru

INNOVATEX 2023

DATE: 24-03-2023-11-05-2023

The Presidency University Build Club along with the School of Engineering and School of Computer Science and Engineering and Information Science organized the Innovatex 2023 from 24th March 2023 to 11 May 2023. The event was inaugurated by Dr. Surendra Kumar M -Pro-Vice Chancellor, of Presidency University. The Inaugural function was graced by the presence of S. Sivaperumal- Dean – Sponsored Research and Director - International Relations, Dr. Abdul Sharief - Prof. & Dean SOE, Dr. Shilpa Mehta -Dean Academics, Dr Shrishail B Anadinni, Associate Dean, SOE, and Dr. Rajiv Ranjan Singh, HOD, ECE Department, teaching and non-teaching staff and students of B. Tech, ECE, CSE, Civil, Mechanical, EEE and Petroleum department, of Presidency University, Bangalore.

There are a total of 6 different events in Innovatex 2023. The first event is Line follower which was held on 24th March 2023. The workshop of this event held one week prior to the date of event on 17th March 2023. The second event is Capture the Flag which happened on 24th March 2023 and its workshop was held on 17th March 2023. The third event is Maze Runner which happened on 31st March 2023, with its workshop for students on 21st March 2023. The fourth event is Circuit Builder which was organized in collaboration with the Department of Electronics and Communication Engineering for all students on 6th April 2023. One week before the event Circuit Builder, the students have been given the training through the workshop, held on 28th March 2023, which was handled by Dr. Ashutosh Anand along with some of the student volunteers. In this workshop, the students learn to handle the MULTISM tools and basic hardware.

The fifth event is full throttle which was organized on 28th April 2023. The workshop has been conducted to train the students on 21st April 2023. The last and the sixth event happened on 6th May 2023 and the workshop was on 29th April 2023.

After completing all rounds for each competition, the winner was identified by calculating the consolidated marks. The first three best performers teams for each were awarded prizes during the valedictory function held on 27th May 2023 in the presence of Dr. D Subhakar -Vice Chancellor, Dr. Surendra Kumar A M -Pro-Vice Chancellor, Sameena Noor Ahmed Panali – Registrar, S. Sivaperumal- Dean – Sponsored Research and Director - International Relations, Dr. Abdul Sharief - Prof. & Dean SOE, Dr. Md Sameeruddin Khan-Dean-CSE-SOE, Dr. Shilpa Mehta -Dean Academics, Dr Shrishail B Anadinni, Associate Dean, SOE, Dr. BV Prabhu- Associate Director placements, along with the HOD of engineering department of Presidency University. The various industry panel members were also present to grace the valedictory function.

All the participants are also present in the valedictory function. The 1st position winner receives Rs. 5000 and a winner certificate, the 2nd position winner receives Rs. 4000 and a winner certificate, and the third position team receives Rs. 3000 and a certificate. All the other participants received the participation certificate.
