**PRESIDENCY  
UNIVERSITY**

# A New Place, A New Beginning.

For young students leaving their comfortable homes and families behind, to pursue their education in a new city, we certainly understand that one requires a safe and secure accommodation where you can settle in and focus on your Academic and Professional dreams.

Presidency University leaves no stone unturned to ease your journey into student life and in this direction, we have established our own, fully furnished residential spaces for students with this very purpose - to create a "safe haven home away from home".

Distinctively separate accommodations are provided for boys and girls. The hostel administration is professionally managed by the Hostel Management Division, consisting of a Director - Students Housing and a team of Senior Wardens drawn from the faculty and industry who are appointed by the Vice Chancellor.

The buildings are clean and spacious, overlooking a verdant landscape. Amenities are guided strictly by a sense of safety and comfort, ensuring a life of high quality for our students.

**Some of the notable features of the hostel are:**
